30 PER CENT OF CAR OWNERS UNINSURED
 Business Men Prepare Legislation for Compulsory Liability Indemnity

LOWER RATES ARE SOUGHT
 Recommendations for legislation for compulsory automobile liability insurance in Pennsylvania are to be formulated by a committee appointed yesterday at a meeting of the Traffic Committee of the Chamber of Commerce, which was attended by forty representatives of the principal insurance companies here.

At the meeting the statement was made that eighty per cent of the automobiles in the State do not carry insurance. That statement prompted an argument on the possibility of grading insurance rates upon the basis of accident records. The creation of the special committee followed.

The committee will meet next Tuesday and will report next Thursday to a meeting of all automobile, civic and traffic organizations at the Chamber of Commerce building.
