

EINSTEIN THEORY TESTS UNFINISHED

Months of Calculation Necessary Before Conclusion Can Be Reached

ECLIPSE PHOTOS REACH U. S.

San Francisco, Nov. 22.—The results of tests of the Einstein theory that the sun attracts or bends the light of nearby planets, through observations of the sun eclipse of September 21, made by a scientific expedition in Northern Australia, will come only after several months of measurement and calculation.

This announcement was made today by Dr. W. W. Campbell, director of the expedition, upon his arrival here on the steamship Matsonia.

Four cameras, using plates seventeen inches square and weighing seven pounds each, were utilized both for the tests of the eclipse and for the photographing of the same sky areas on certain nights in May and June from the island of Tahiti.

"A comparison of the two series of photographs of the same star groups, one without the sun and the other with the sun in the center of the group, should show whether the sun's influence displaced the star images of September 21 in the manner and to the extent specified by Einstein," Dr. Campbell said.

Eclipse day was the finest and clear-est in a series of twenty-seven clear days, Dr. Campbell said. The Green-land expedition on Christmas Island, on the other hand, experienced a cloudy day and got no photographs, after preparing for the phenomenon since April.

FIVE-FOOT INFANT DEAD

New York, Nov. 22.—(By A. P.)—Periscope, the son of Romeo and Juliet, and said to be the first giraffe ever born in the Bronx Zoo, is dead. He was born Monday, and from the first declined to take nourishment, disregarding his mother, Juliet, entirely. He was 4 feet 10 inches tall and weighed eight-seventy pounds.

Andrew Zingraber, of Bridgeport, Conn., an animal expert summoned by Zoo officials, found Periscope's neck sagging a bit. He fed the baby giraffe from a bottle, but Periscope died, just the same.

FIFTY-DAY FAST KILLS HER

Women Had Attorney Swear Out Warrant Charging Insanity

Rome, Nov. 22.—(By A. P.)—Mrs. Pearl A. Cochran, thirty-five, is dead here today from a self-imposed fast. Her physician said she had not taken food for fifty days.

A year ago Mrs. Cochran had her attorney swear out a warrant charging her with insanity, but at the time she was regarded as sane. She told her attorney and her physician food did not agree with her and eventually would kill her.

Thieves Steal Jewelry and Cash

Burglars jimmied the rear door of the residence of John Brown, 6083 Hunter street, late last night, and stole jewelry valued at \$200 and cash from a bureau drawer totaling \$58.

GIFTS that should be on every list

Pick out the most finicky person on your gift list—and give him or her an **EVERSHARP** or a **WAHL PEN**, or both in the same design in an attractive velvet-lined GIFT BOX. Of course, the average appreciative person would be delighted with them, for they are perfect writers and match perfectly in design.

Every one who has an **EVERSHARP** wants its writing mate—the new **WAHL PEN** with its indestructible all-metal barrel of gold or silver. The all-metal barrel cannot crack or break; it holds more ink than the old-fashioned thick and brittle hard-rubber barrel.

Look over your gift list, and give to all who received **EVERSHARP** last year, a **WAHL PEN** in the same design. Ninety styles of **WAHL PENS** make choice easy. Sold separately, or with **EVERSHARP** to match, in attractive gift boxes. Be sure to see them at your dealer's.

DODGE BROTHERS SEDAN

Many who could well afford more expensive cars are showing a marked preference for Dodge Brothers Sedan.

They find it easy to drive, economical to run, and comparable in beauty and elegance with cars much higher in price.

In the vast amplitude of Dodge Brothers closed body plant, this sedan is constructed with all the studious precision that marks the work of the finest custom builders.

Eighteen days are devoted alone to the 18 rubbing and varnishing operations which are responsible for the unusual brilliancy of its lustre.

Months of seasoning precede the use of the fine, critically selected ash which gives the body its rugged firmness.

The interior fittings, too, are chosen with thoughtfulness and rare good taste. The upholstery is covered with genuine mohair velvet of a singularly rich and beautiful pattern. The seats are roomy and luxurious.

Steel disc wheels (with cord tires) harmonize in a most effective way with the new grace and smartness which Dodge Brothers have recently brought to the lines of the body.
