

NIGHT SESSION MAY SPEED HERRIN JURY

Judge Impatient at Delay in Selection of Panel for Massacre Trial

EXAMINATION STILL DRAGS

By a Staff Correspondent of the Evening Public Ledger

Marion, Ill., Nov. 22.—Night sessions may be held by Judge Hartwell in order to speed up the selection of a jury to try the first five defendants in the Herrin massacre case. No further addition to those who last week have been named.

It is being believed that the judge's examination of witnesses is proceeding so slowly that it will probably be necessary to hold night sessions. It is possible to carry on the work with a little more dispatch.

Could Hasten Examination

Judge Hartwell, in a preliminary hearing, has indicated that he would like to see the trial start as early as possible. The delay in the selection of a jury is the main cause of the delay in the trial.

The examination of witnesses is proceeding so slowly that it will probably be necessary to hold night sessions. It is possible to carry on the work with a little more dispatch.

PLAYS AND PLAYERS' NIGHT

"Secret of Suzanne" Admirably Sung at the Little Theatre

Plays and Players held its sixtieth club night at the Little Theatre last evening and heard an admirable performance of Wolf-Ferrari's joyous little one-act opera, "The Secret of Suzanne." The roles were taken by Mrs. William Whelan as Suzanne, Lewis James Howell as Count Gili and Joseph Craig Fox as Sante, the servant. The orchestra, which played two numbers before the opera was given, was led by Nina Freytagman Howell.

Mr. Howell's operatic experience stood him in good stead as the tragic Count Gili, and he gave a fine interpretation of the part, both vocally and dramatically. Mrs. Whelan made an admirable Suzanne and Mr. Fox did especially well as the true servant, the dignity of that role being increased by the fact that all has to be done in pantomime. The members of the club participating in the drama and also evening one of the most successful that the organization has ever given.

CITIZENSHIP EXAMINATION. The examination of witnesses is proceeding so slowly that it will probably be necessary to hold night sessions. It is possible to carry on the work with a little more dispatch.

WHY PAY AS MUCH AS \$400
for any Player-Piano, if you can buy a new, high-grade and guaranteed instrument for less, on easy weekly or monthly payments, with several dozen music rolls, a bench and cabinet thrown in?
A well-made Player-Piano, if carefully handled, will last from 25 to 35 years and be a constant source of pleasure and entertainment to its owners.
The Cunningham Player-Piano is manufactured with the celebrated REO-STYLE patents, owned and controlled exclusively by us, in our modern, well-equipped factory. So perfect in construction is this instrument that a child can play with all the expression of the master composer himself.
Every Player-Piano we manufacture has a double valve action and metal tubing. Do not let anybody talk you into buying an instrument with a single valve action, as it has not the power or endurance—if it had, why should we spend twice as much money in developing a double valve action?
The very fact that for over a quarter of a century we have been offering \$10,000.00 for a better piano than the MATCHLESS CUNNINGHAM should be sufficient proof of its quality!
All our instruments are priced from 20 to 30 per cent. lower than any dealer anywhere (whether large or small) can afford to sell. Terms arranged to suit the purchaser.
