# EVENING PUBLIC LEDGER-PHYLADELPHIA, SATURDAT, NOVEMBER 25. 1922

Navy Secretary, Here for Game. Says Otherwise Merchant Marine Will Vanish

# POINTS TO NEED IN WAR

Secretary of the Navy Denby, here for the Army and Navy game, declared today that financial aid must be forthcoming from Congress to provide the country with a Government-operated rchant marine.

merchant marine. Mr. Denby asserted emphatically that he wanted America to have a big merchant marine, and that it was un-believable that some arrangements could not be made, since the country has the ships to put them to such

The Secretary and Mrs. Denby, to-gener with their little son. Edwin, Jr., opent a holiday at the Navy Yard as the guest of Colonel and Mrs. David Porter. Mr. Denby said there was nothing official attached to his visit and that he was taking a holiday. He sttended a luncheon at the Hollevue-tentford given by Commandant Nul-Stratford given by Commandant Nul-ton, of the Navy Yard.

"You cannot quote me too strongly." said Secretary Denby. "as being in favor of some form of Congressional support to maintain the Governmentoperated merchant marine. All my life I have been an advocate of a big merchant marine under the American fing.

### Points to \$50,000,000 Loss

"Now this we have a fleet of ves-sels after investing some \$3,000,000,000 it seems almost unbelievable that no arrangement could be made so as to arrangement could be made so as to Leep this fleet intact and operate a big part of it, if not all."

part of it. if not and. Becretary Denby pointed out that the portion of the fleet now being operated as a merchant marine is piling up an annual loss of \$50,000,000. "If the Government does not get

congressional aid so as to overcome this condition, it will be absolutely imposthe to continue the operation of thes American-flag passenger and freight American-may passenger and Treight steamers. The present operation pro-gram of the Shipping Board takes the steamers into ports of the world where the American flag on trade ships was hardly ever seen before. "Not only is there vital commercial world on a pational morehant marine"

need for a national merchant marine." he asserted, "but it should also be redependent on the existence of a mer hant marine from which, in time o need, to draw the necessary number of

Mr. Denby referred to the World War as an object lesson for the United States, showing the need of sufficient ressels of all kinds to be used for war

#### mrnoses. Warns of Needed Action

"Something should be done without fail," said Secretary Denby, "or there will be no merchant marine," Wednesday Commenting on the new work of the New Department in the construction of the airplane-carrying ships, Mr. Denby aid that progress was being made. He

added that a fair percentage of the congressional appropriation to the Navy has been applied to the construction of Saratoga, in the New York Shipbuilding Company yards, Camden, and the Lexington, at Fall River, both of which are to become carriers of air
