GIMBEL BROTHERS

MARKET CHESTNUT 11 EIGHTH 11 NINTH

The Christmas shopping is on—each day more room than tomorrow. Fullest assortments, too. Bill rendered January 1st.

For Tuesday

The Gimbel System of Retailing Means This to You—

- 1st—Larger selection of goods than anywhere else. Not museum pieces, but articles you will be glad to own. But largest stock in money value.
- 2d—Lower prices on these dependable sorts of goods.
- 3d—We are not undersold—or often met in prices—in the general marking of goods. The sensational cutting of prices to "meet" or to "beat" Gimbels is best testimonial to our values.

"Conreid" Reproducing Pianos \$585

Player Pianos Glorified

The reproducing piano is a player-piano with the same power to reproduce the artist's phrasing and crescendos and pianissimo effects that the standard player has to reproduce the notes.

For instance, Gabrilowitsch puts a soul into his renditions. You couldn't reproduce his technique—but the Conreid Reproducing Piano can. And that, too, when the instrument is—

Played Electrically

Marvelous! Even that word is not illustrative. Hear it! Watch it!

There are several makes of reproducing pianos—each with its points of superiority—all of them marvelous!—giving a new power to you, to the mechanical player.

"Conreid" has its distinctive charm—and being built for us by a splendidly equipped factory, and sold on the money-saving Gimbel Club Plan, we save you at least \$150 as gauged by the price of any instrument approaching it.

Two carloads have just come in—we have no hope of being able to supply the possible demand.

Conreid Reproducing Piano, \$585

Mahogany-cased; guaranteed for five years—should last indefinitely.

On Gimbel Club Plan, \$585

No interest. Delivered on trifling first payment, you agreeing to pay the balance at rate of **\$3.75 Weekly—Quite 3 Years to Pay** Six rolls of Artist-played Music; a Bench; and delivery to your home FREE. Tuning for one year free.
