and most people even hate to heer them wen they are going.

But the most important thing about a clock is weather its rite or not, because if a clock is slow or fast it ony tells you what time it would be if it was earlier or later, wich its not, and if a clock aint going it ony tells you want time it would be if it was earlier or later, wich its not, and if a clock aint going it ony tells you want time it was wen it stopped.

Watches are a great invention because they never the new flare skirt. Cut squares of chiffon long enough to almost trail on the ground when one corner is attached to the girdle of your frock. If ave the edges picoted. Join one of these squares to each side of the front of the squares to each side of the front and back of your frock. Use a wide band of the chiffon for a girdle. Stitch it on very loosely. Join a long tassel of chenille to a string of large jet beads and fasten it to the front of the girdle.

Little Benny's Note Book By Lee Pape

There is 24 hours in every day, ever the days that seem like less and inclooding the ones that seem like more, tice telling it and satisfy their curiosity. Some clocks are more bewtifill than others, depending on now much there is to them besides their face. Some big clocks have little bits of faces and

it don't do eny harm to look at tuem even if they are stopped, because at leest you are sure to see the decorations while some little clocks have nothing at all to go with their face, sutch as alarm clocks. Nobody wants to look at a slarm clock when its not going and most people even hate to heer them wen they are going.

#### Sale of Colored Linen Handkerchiefs From France, 25c and 35c

Ordinarily they would be a third to half more, but a special purchase brings them at a lower price than any we have seen of this quality.

Colorings are quite unusual shades of rose, green, tan, lavender, blue, yellow and brown—just different enough to give them the stamp of individuality. Besides that, those at 25c have interesting wide borders of printed stripes, blocks or scrolls, while those at 35c have borders of contrasting colors and corner designs charm-

ingly hand embroidered.
