SCHOOL PROGRAM ADOPTED BY BOARD

Extension Plans to Cost \$112 .-620 Come Up for Final Action Next Tuesday

TEACHERS' SALARY RISES

The educational advancement pro-ram of extension activities for the ablic schools, which will cost \$112.public schools, which will cost \$112.620 in 1923, was adopted yesterday at
meeting of the special committee of
the Board of Education. It will come
before the board for final action at its
regular meeting on Tuesday.
The program adopted includes:
Higher salaries for night school
teachers: additional summer schools;
public Americanization exercises; payment of expenses of delegates sent to
convention from any department;

a convention from any department special salary adjustments; additiona purses and attendance employes, and schers for children with speech de-

will do special work in the divisions of will do special work in the divisions of industrial arts. home economics and just for a days and then the weeks special education. special education. Under the even the evening school salary in- I had to wait and wait,

Under the evening school salary increases the teachers will be placed on a progressive basis of pay a night, starting at \$3 for the first year, \$3.50 a night the second and \$4 for the third year and thereafter. They now receive \$3 flat a night.

The evening high school teachers, in the manner advance from \$4 a night.

55.50 a night.

The special committee, which is composed of the chairmen of all standing no fear of the outcome in Mrs. committees of the board, has been at Brunen's mind.
work for several months in conjunction There were n

Stresses Building Need

In discussing the program, which includes many of the items Dr. Broome flection, her every word, her every inflection, her every gesture. recommended in his annual report and many which were advocated in the school survey conducted by the State Department of Education, Joseph W. Catharine, vice president of the board. told the committee that, although eduentional advancement was desirable, the reat building program should be the consideration in the apportionmen

"We want to de everything in our for educational advancement as made by Dr. Broome.' said Mr. Catharine, "but with a large number of children on part time, it is more important that we build new school houses.

chair, embroidering, sorting the colored silks and changing the embroidery hoops program when first suggested called for a total expenditure of \$257. silks and changing the embroidery hoops as she began a new leaf on the centerpresent tax rate is an absolute impossibility. It was then carefully cut until at the time of the passing of the 1923 budget by the rast meeting of the board it called for \$199. Other interesting of the board it called for \$199. The committee then eliminated at letter the program subject to the approval of the special committee and future board action.

silks and changing the embroidery hoops as she began a new leaf on the centerpression, when the centerpression in the cases he has tried, looks more like as successful business man than one who would plan to murder a man for his money and interest in a circus.

Six feet tall and weighing more than the ver since I learned how, when I was a little girl. Do you like this? She seemed almost childishly pleased just as she must have been when she short little fingers struggled with the short little fingers struggled with the short little fingers struggled with the needle and her small head bent over her work of praise when her short little fingers struggled with the needle and her small head bent over her work when she was first learning to make patterns out of the thread.

Points to Her "Sulte" called for a total expenditure of \$257.

Recommendations Approved

All the items that were approved resterday did not meet with the approval of the entire committee, but a majority of those present recommended for adoption the following:

for adoption the following:
Two supervisors for clinical work
with mentally defective children... \$4.100
Three additional employment supervisors for the Division of Attendance and clerical aid. 5.160
Additional school doctors on part
time and school nurses on full time.
and clerical assistance. 5.700
One new evening school. 3.840 One new evening schrol. 3.840
Salary increases for evening elementary school teachers 14.000
Eyening high teachers, salary in-13,800 Three additional elementary summer one additional summer high school. 10,410
Janitor and supplies for the summer schools

These items are all provided for in the budget which has already been adopted. The items approved in addiion for which money must be found

Auxiliary teachers in elementary schools for divisions of industrial arts, home economics and special salary adjustment in continuation 3.000 reachers for correcting defective morease in supervisors' salaries.
