WHY PAY AS MUCH AS \$400 for any Player-Piano, if you can buy a new, high-grade and guaranteed instrument for less, on easy weekly or monthly payments, with several dozen music rolls, a bench and cabinet thrown in? A well-made Player-Piano, if carefully handled, will last from 25 to 35 years and be a constant source of pleasure and entertainment to its owners. The Cunningham Player-Piano is manufactured with the celebrated REO-STYLE patents, owned and controlled exclusively by us, in our modern, well-equipped factory. So perfect in construction is this instrument that a child can play with all the expression of the master composer himself. Every Player-Piano we manufacture has a double valve action and metal tubing. Do not let anybody talk you into buying an instrument with a single valve action, as it has not the power or endurance—if it had, why should we spend twice as much money in developing a double valve action? The very fact that for over a quarter of a century we have been offering \$10,000.00 for a better piano than the MATCHLESS CUNNINGHAM should be sufficient proof of its quality! All our instruments are priced from 20 to 30 per cent. lower than any dealer anywhere (whether large or small) can afford to sell. Terms arranged to suit the purchaser.
