RIGHTS OF THE ACCUSED

THERE can be no satisfactory and complete reform until a House of Detention for persons held without bail is built. Persons accused of crime and committed witnesses are now herded in the county prison along with convicts...

THE SPEAKERSHIP

JAY GOODNOUGH, whose election as the speakership of the House of Representatives Mr. Pinchot says would be satisfactory to him, is not tied up to any particular faction or factional leader. He can be supported by all factions without fear...

OTHER MAD PEOPLES

MORRID courtroom emotion is not always less distinctively a feature of American civilization than it is elsewhere. The same may be said with respect to exaggerated emotionalism concerning more or less frail women on trial for murder...

THE SENSITIVE SOUTH

LATIN-AMERICAN sensitiveness may at times be overdone, but the senseless United States recognizes its existence the brighter for the chances of a whole-hearted accord on Western World policies. The American Naval Mission to Brazil is a case in point...

neighbor nation that are aroused. The feeling doubtless exists, for it would be typical of sensitiveness in Buenos Aires that one Latin-American republic is being favored by our Government at the expense of another...

POLITICAL CHAOS NOW

REIGNS IN WASHINGTON

When Two New Senators Can Upset the Administration's Program It Is Evident That Responsible Party Government Has Broken Down

THE significance of the successful blocking of the Administration legislative program in the tax new Senators from Iowa and Michigan will not be lost upon thoughtful observers of the signs of the times. Mr. Brookhart and Mr. Cullen, both Republicans, had hardly settled themselves in their seats before they began to take things in their own hands...

JAPAN KEEPS FAITH

THE United States is rightfully proud of its record for honorable evacuation of alien territory. This Government has kept the faith in Cuba, in Hawaii, and in the Philippines...

AN ARMY-NAVY MERGER?

AT THIS time the Army and Navy are attempting to do things which have been done long ago in England. Less than a year ago a Senate committee set up with an air of solemn mystery to report on the state of the two services...

AS TO GREAT PAINTINGS

They Must Have a Perfect Pedigree Before They Can Be Accepted. Lost Frescoes That Were Found. Factories for Bogus Pictures

By GEORGE NOX MCGAIN
THE supposed discovery in this city of a genuine work by Paul Veronese is likely to attract general attention among painters and art connoisseurs. Dr. Ernest Lapierre, the elderly French surgeon, bought the painting, which is called 'The Marriage of Isaac,' in New Orleans. Like all such productions, it has a romantic history...

leaders themselves have set the example of independent action, for they voted as they saw fit on the Tariff Bill, which had been reported and approved by the Finance Committee...

COAL

WITHIN easy reach of Philadelphia there is more anthracite than the producing organizations could mine in hundreds of years...

Mr. Brookhart and Mr. Cullen, both Republicans, had hardly settled themselves in their seats before they began to take things in their own hands. They thought it would be a good thing to have the Senate try to undo the President's ship-subsidy measure...

POSTMASTER GEORGE E. KEMP

On the Public and the Christmas Mail

MOST persons are shocked when they find that the Christmas mail is not received by the end of December, whether that mail be that which is sent to them or that which they send to others...

How an Hour Stretches

A single hour of your own life, when you are waiting for a package in Philadelphia stretches into a day of agony. The mail for Chicago, for example, is not delivered until one hour after the hour...

Annual Christmas Increase

THE Christmas mail is not only a source of joy to the recipient, but also a source of joy to the sender. The public has learned to expect a certain amount of delay in the delivery of the mail...

The Parcels Post

The parcels post is the great problem on account of its size and bulk. Our supervisors exercise the greatest care in handling the parcels post, but on account of the great quantity and the fact that the parcels post is not carried on the regular mail...

And Think of Older

New York scientists have produced two new types of bacteria. One is a new type of the typhoid bacillus, the other is a new type of the cholera bacillus...

Answers to Yesterday's Quiz

The first name of general Ludendorff is Erich. The name of the southern part of South America is Patagonia. The name of the southern part of South America is Patagonia...

SHORT CUTS

'Subsidies for Shipbuilding,' the Senate said. Consular agents will, of course, refer to it as the Jolly Rogers bill. Some life forms may get known down the country's wall of life...
