Successful Season on Diamond Is Predicted for Penn Baseball Team by Coach Walter Caris

PENN NINE TO HAVE GREAT YEAR—CARISS

Combination of Veterans and Freshmen Gives Base ball High Hopes

BIG SCHEDULE AHEAD

By JOSEPH T. LABRUM

WITH Jack Frost nipping at the extremities and a white Christmas promised by the forecaster one would think that baseball, particularly among the colleges, would be tabled. Hot-stove leagues for college baseball are not the same as the big leagues—matter of fact,

there aren't any.

However, Dr. Walter Cariss, coach
of the University of Pennsylvania, is ready to talk diamond sport whenever he can get a listener. The veteran coach of the Red and Blue is enthusiastic about this year's team, and while the wind was whistling and old man Frost was doing his worst, the doctor talked morning of his hopes for this

"If old Santa Claus can drop me a left-handed pitcher, a shortstop and a catcher down the chimney when he comes around next Monday he will help things a lot in a baseball way at Penn," was the opening shot.

"Prospects for a winning combina-tion are brighter than they have been in many years," continued the gray-thatched coach. "If old Nick does his part we are going to show a classy combination. From last year's team I son, our southpaw mainstay on the mound for two seasons; Billy Maher. mound for two seasons; Billy Maher, first-string catcher for the same length of time and captain in 1922; Lieber gott, the shortstop, whose death from pneumonia was a great shock; Mike Whitehill, veteran first baseman, and Al Mouradian, the slugging outfielder.

All the old favorites on the schedules of previous years are back again excepting Harvard, with whom a date could not be agreed on. Yale, Princeton, Navy, Cornell, Columbia, Lehigh, Lafavette and the others will be met in

"TO LOSE five such men would appear to about wreck the team, but I have a good pitching staff, two capable infielders and two veteran outergardeners. In addition, I expect to get some of Bob Yates' first-year team to aid me, and the combination of veterans and youngsters should just about make us strong.

OF THE pitching staff of last spring. Walter Huntzinger, who did not lose a contest all season is available. I think that Huntz is going to so better this year than he did last for he is stronger, huskier and in Setter health. He didn't really find himself last year until the closing weeks of the season. He isn't playing basket. ball this year, which means that he will be available for the first day of practice. "Bill Yadusky, the big right hunder, who had a lot of hard luck last year. should assist Huntzinger in bearing the broad and high jumping for women pitching burden this year. Roth, a big has failed to receive the sanction of the right hander; Rohrwer, a southpay. Board of Governors of the Metropoli-

Coach Caries began to warm up on the subject and launched into the inner and outer works. "In the infield Label Goldblatt, the hard-hitting second sacker and George Sullivan, the captain and third baseman remain. I think that Goldblatt will have to be switched behind the bat to replace Bill Maher. Goldblatt can play any position on the team which just about makes him the most valuable asset we have.

the keystone sack in his absence and Allen, the freshman shortstop, will cover the same position.

Allen is a son of the owner of the Little Rock Club, of the Southern League and has real baseball brains.

COPHAT leaves the problem of secur-Ing a first baseman, and I expect Schauff, the first-sacker of the freshmen, to make a strong bid for that poet. In the outfield we lost Mouradian and have Mahaffey, McGraw and McMullen. The football star, McGraw, alternated with Mahaffey last year, and should be a regular this year. All three will meet stiff onnostition from West. will meet stiff opposition from West-gate, the football end and freshman outergardener. Flues, another fresh-man, did some hard hitting for Yates team last year, and should make the others hustle to hold their posts. All Must Work

"The team isn't selected by any means, and I expect to have more than hundred candidates working out. isn't unusual to find in a squad that size a player who can outplay a vet-eran, which means that the old-timer-will have a fight on their hands right up to the last. The nucleus for a tean is excellent."

Dr. Cariss is a great believer of Southern trip for a college basebal team, and expects to see the Athleti Council ratify the tentative schedul that calls for five games in and around Atlanta, Ga., druing the Easter holi days. The weather conditions during March are anything but ideal in this wichilty, and Franklin Field usually presents the unpleasant picture of a quagmire. A week in the Southland playing first-class teams should just about out the team on edge for the about put the team on edge for the bard schedule which has been arranged this year, according to the doctor.

ONE week in the South will work wonders for our feam. It will give me an opportunity to indulye in real intensive process. in real intensive practice, something that I have been unable to do on Franklin Field because of the irregularity of the men reporting, due to late classes," said Dactor Cariss.

TIKE Heisman with the football team, so is Cariss with his base-ballers as far as studies are concerned. A careful check is made every two weeks on each varsity player, with

Duluth to Make Bid For National Regatta

Duluth, Minn., Dec. 20. — The Duluth Boat Club will make a bid for the 1923 regatta of the National Association of Amuteur Carsman, it has been announced here, following

meeting of caramen.

It is planned to hold the Gold hallenge Cup race in connection the regatta, but if the regatta secured for Duluth, the cup will be rewed here anyway.

Hoover, world's amaging the regatta secured for Duluth, the cup will be rewed here anyway.

November 10—Lafayette College.
November 17—University of Pittsburg.
November 29— (Thanksgiving Day) Cornell.

The Lafayette-Penn series is one of the longest in the history of football at the University, but it was broken off after the 1921 season. Recently the Easton officials passed a one-year rule and this again placed them in line for the renewal of football relations with this again placed them in line for the renewal of football relations with the Red and Blue.

Pittsburgh threatened to drop Lafayette in 1923 if the Marcon did not pass a one-year rule, but the Eastonnians remained on the Panther slate by the adoption of the resident law. As the date of this contest is November 3, it is probable that Lafayette will play ty-eight games, exclusive of the southing them, in the southland, making thirty-played in the southland, making thirty-posed of nine games, starting with season, as usually, will be compactly built, and with extraor-dinarily unoverful wrists. Her style

The season, as usually, will be composed of nine games, starting with September 29, when, it is said, the University of Maryland will be played.
Navy Missing
The Red and Blue officials were unable to get another game with the Navy, as the Middles are limited to the number of games they can play away from Annapolis, and were signed up for games at Beaver Falls with up for games at Beaver Falls with mashie pitches are unbeatable, and she can putt as weil as any woman in the whole of golfdom.

In short, her game is perfectly well rounded, and as a bigger ingredient in her success—bigger even than her per-fect masters of the clubs—is her steady

temperament.
This brown-eyed girl, with the firm, well-modeled chin has the solid Scotch habit of tenncity. It was this tenncity and scores of bitterly contested cham-pionship tilts. She has a charming personality; is pleasant and unspoiled by success, but it is more than a man-sized job to turn her from the course-she has chosen to pursue.

Stitutions first opposed each other in football in 1885, and there were only two breaks in the series up to 1921. The largette, away: 16. Cornell, away: 20. Darimouth, home.
