

## 'TIGER'S' TRIP AIDS FUND OF STUDENTS

Clemenceau's Lecture Profit to Help Youths of U. S. and France

### PRESENTMENT OF DEATH

*By Associated Press*

Washington, Dec. 21.—Former Premier Clemenceau's American visit added \$20,000 to the American Field Service Fund Fellowships, Stephen Bonsal, who managed the tour, announced today. The amount is the surplus of money received from lectures and newspaper articles by the "Tiger" after defraying the expenses of his trip.

The wartime Premier, it was explained, was unwilling to accept financial assistance for his mission and his own means were inadequate, so he accepted lecture and writing contracts to pay his way. He expressed the desire that any surplus be devoted, in memory of his student years in the United States, to the fellowships which are intended, among other things, to stimulate friendship between France and America through the education in each country of young men from the other.

The American Field Service was organized and directed by Representative A. Platt Andrew, of Massachusetts, to enable young Americans to do ambulance work in France before the United States had entered the war. It was in recognition of this that M. Clemenceau selected no less than 127 members of the tour the American Field Service Fund Fellowships, which were to be given. The Field Service had been disbanded with the end of the war, to perpetuate the names of 127 members by creating a like number of scholarships to send young men of each country to universities of the other. Only thirty have been established, however, because the greater part of the fund's total, set at \$2,500,000, remains to be raised through contributions. The "Tiger's" speech, it was announced, would make American scholarships available to deserving students.

The "Tiger's" arrival in France yesterday was preceded by a presentment he had voiced that he would die in this country. Bonsal, observing his happiness upon the completion of his second official engagement, in his usual manner questioned him as to his emotion, and Clemenceau, telling of his presentment in France that death would overtake him in the United States, explained:

"I was afraid if that were so, that I should not be able to finish my task here but I could end my life and I don't care two pence."

Clemenceau's American tour was replete with incidents which touched his sense of humor. According to Bonsal he was not offended by congressional, political or newspaper attacks, but enjoyed them, and often used them as giving him an opportunity to make replies. The only incident he regretted, his manager said, was what he characterized as the desecration of the tomb of Lincoln during his pilgrimage of reverence there when photographers created considerable disturbance with shouts and the night explosions. The "Tiger" shook his head and was forced to hasten to the open air.

### ROB POSTOFFICE AGAIN

Thieves Who Visit Greenville Periodically Are Poorly Rewarded

Wilmington, Del., Dec. 21.—The postoffice at Greenville, Del., on the Reading Railway, four miles west of Wilmington, was robbed last night.

Many parcels were rifled and some of their contents carried off. As the postmaster had taken all of Uncle Sam's valuables home with him, the thieves

were poorly rewarded.

### MILLER HEEDS ALIENS' PLEA

Favors Return of Small Properties Seized During War

Washington, Dec. 21.—(By A. P.)—Imperialists return to the skinner of the war small properties seized during the war, urged today by Allen Property Custodian Miller before the House Com-

mittee, which is considering a bill under which 30 per cent of all trusts in the hands of the Government, most of them valued at less than \$10,000, would be released.

"I wish you could see," said Mr. Miller, "the hundreds of petitions coming into my office asking why we do not release these accounts, where the owner has been over for years. You can pass this bill and do it just, righteous and proper net and still have enough property retained to guarantee adjudication of American claims."

The safe was broken into with the aid of a plank. As this postoffice is robbed periodically, the safe has been done away with.
