WORD TO THE PUBLIC.

Whereas the Spring Ureek Woolen Manufactory, during the present senson, has been patronized to the full extent of its producing abilities, and in anticipation of a still greater patronage, the coming season, the proprietors have been induced to add more new machinery of the very latest improvements. This machinery will facilitate our operations very much and at the same time will improve the real value of out cloths at least ten per cent, while our prices shall remain as heretofore; it being our anotition to build up a reputation for this establishmen', that will add all things thereto. From the facts here n set forth we confidently believe that wool growers and all other good people can now deal with us very much to their own advantage.—While there are many things alike in business of this kind, there is also much that is different. A word to the wise is sufficient Give us a call and satisfy yourselves that this is the place the people get the worth of their money.

The Professor furthermore informs the citizens of Bellefonte and, strangers who may tarry here u til their beards grow long, that he is unsurpassed in his line of business, as is admitted by all upon whom he has operated, both here and elsewhere.

His razors are both keen and sharp.
He'll shave your face without a smart;
His sponges are soft and his towels are clean,
And at his chair he's always seen;
Not only so—if that won't do.

Not only so—if that won't do,
He'll brush your hat and coat, both old and
He'll do the thing all up to smash,
And when he is done he looks for eash.
A friend to him would not ask for trust— A friend to him would not ask for trust—
In with your hand and down with the dust.
The times are hard and he is poor,
He sake his nds not to pass his door,
For if their hair should need a trimming,

Never rough but always rendy
