Can't Live on It.

"We like Democracy well enough, but we can't live on it.-Huntingdon Democratic

No. you cannot live on it. And that is just what thousands of our Pennsylvania working men have discovered during the last four years. They can't live on it ; they cannot live without bread, and without work they cannot get bread, and by the reckless extravagance and misrule of Democratic Administrations thousands of them have been thrown out of employment, and sent begging we all be there to see. through the land. In order that they may have bread and work they want protection-a tariff ; this, has been denied them by the Democracy. They want a homestead Bill ; this Democracy has refused them .--They cannot live on Democracy. They are tired of it. And on the 2d Tuesday of October they rose in the majesty of their power and sent up one loud universal shout in opposition to it and in favor of bread and protection. And that shout was heard in Ohio and her freemen took it up-and then Indiana took it up and it was heard from Atlantic's coast to Pacific's rock-bound shore. Freemen of the North heard it, and to them it was glorious music. Jimmy and his boards at Washington heard it and to them in tones of thunder it said " be ye also ready for in such an hour as ye think not, you will be called upon to give up your fat offices and come home And the "Southern brethren" heard it and to them it said "just so far and no further shall you bring your blighting curse." At the November election they will speak again, all over the North, in favor of Republicanism, and the result will be, better times, an abundance of work and plent est.

Danger Apprehended.

In the last number the Watchman we find the following : "DANGER FROM LINCOLN'S ELECTION. -A parties agree that if Lincoln 1s elected th Union will be in danger. But the Blac Republicans themselves do not even praten that the Union will be jeoparded by the success of either of the other candidates.-No patriot will cest a vote that can by pos sibility imperil the stability of the govern ment--none will do so but the encinies sheir country.

All parties do not agree to any such thing. We have never heard any body save a few dough-faced Democrats assert anything of the kind. It is true, bot-headed Southern disunionists, have threatened to dissolve the Union, if Lincoln be elected. That is if the Freemen of the Union do not vote to suit Tallow 106/12 ets; Lard 106/12 ets; Eggs 7 doz. the kind. It is true, bot-headed Southern these Southern Nabobs, they will dissolve the Union. If we must vote just in opposition our own interests and to please a hand-fal or aristocrats, we think it high time that the Union be dissolved. The Freemen of the North will vote as they see proper, and if a majority vote for Lincoln, he will be elected and inaugurated, just like other Presidents, and these tiery gentlemen of the South must behave themselves prcrefly, or they will be punished. The editor says that Mono patriot will cast a vote that can by pos-sibility imperil the stability of the govern-ment." Of course, then, as the editor thinks tion our own interests and to please a hand-

County Institute. Our efficient County Superintendent has already made the necessary arrangements for the holding of the next County Institute at Boalsburg. The exercise will commence on Tuesday, Christmas day, and continue during the week. Mr. Hollihan has secured the services of Mr.

Baird, of Delaware county, Mr. Taylor, of Chester county, and the late State Superintendent, who will be present and address the Institute. Col. W. W. Brown, John H. Stover and Jas. S. Briebin have also been iovited and will be present to address the Insti tute. Let Centre county look to her laurels. Messrs. Baird, Taylor and Ilickock are able and eloquent men, and it is no child's play to be pitted against them. The Institute promises to be unusually interesting. May

Drinks and Books.

There are men in towns and cities, called sober men, who spend a dime each day in the week for spirits or beer making the snug sum of thirty dollars a year. Now, if they would save that money and apply it to books for their families, in ten years they would have each a Family Library worth three hundred dollars, paid for by money which they are now throwing away for that which is an injury to them .--Quit taking drinks and buy books.

HON. S. T. SHUGERT .- This Gentleman is again on a visit to his family and will re-main with us until after the Presidential election .- Watchman.

We think it quite likely that Mr. Shugert will, after the fourth of March, have the extreme pleasure of remaining at home with his family, for at least four years, and probably he will never again be called upon to give up the peace and quiet of his home, for the bustle and excitement of Washington city.

Inva-lids so long bed-ridden as to have become forgot-ten in their gwn neighborh ods, have suddenly ro-appeared in the barsy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent u arasmus, sanguineous exhaustion, critical char-ges, and that complication of nervous and dys-peptic aversion to fir and exercise for which the physician has no name. In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical me, the operation of this preparation of iron must necessarily be salu-tary, for, utilke the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperiont, ever in the most obstinate cases of costivohess without over being a gasteic purgative, or inflicting a disagreeable sonation. A Week of Special Prayer. It has been proposed

to observe the week commencing with the first Tuesday in January next, as a season of special prayer for the conversion of the world. A similar sesson was quite extersively observed last January, at the instance of the American missionaries in Lediana, India. At the request of the same brethren, the evangelical alliance has undertaken to bring the subject, as far as possible, before the minds of Christians throughout the world, the minds of Christians throughout the world, and invite them to unite in this universal concert of prayer to Almighty God for these great blessings which the world so much needs. The committee and officers of the British alliance have issued a circular on CAMP CHAIR. What Ails the Spn ?

The Scientific American has the following sensation item :-"There are now more spots on the sun than have been seen before for many years ; some of these are visible through a smoked glass to the naked eye. Several stars- some of them of great brilliancy, which their ascer tained distance, must have been as large as our sun-have totally disappeared from the sky; and the question has been raised among astronomers, whether the light and the hest of the sun are not gradually fading away .---As this would be accompanied by the destruction of the plants and animals on the earth, it is rather an interesting question .-The sun's light and heat are diminished by the dark spots at the present time about one per cent."
