Death of an Old Soldier.

Yesterday morning the military and citizens of our town, did the last honors to the remains of Dr. A. W. BAYARD, who was a soldier in the war of 1812, and who has, for many years, been a citizen of Bellefonte. He died at his residence on Monday morning. At the time appointed for the funeral, the Band, the Fenibles and the Troop marched to house of the dead. When the coffin was brought from the house the ensigns of the different companies wrapped their colors around it and it was placed upon the shoulders of four members of the troop. The band then struck up a solemn funeral march and the procession moved toward the cemetery. As it passed down the street, the procession consisted of a scene at once solemn and imposing. First came the band discoursing its most solemn notes, next the Fenibles and Troop with reversed arms, then the coffin, which was followed by the relatives and friends of the deceased. The continued rolling of muffled drums, the tolling of the bell, the slow steady step, all combined to add solemnity to the occasion. When the procession reached the grave religious services were conducted by the Rev. Sherlock, after which the military fired three rounds over the grave. The procession then returned leaving the old warrior to rest in peace in the quiet city of the Dead.

John H. Stover of the Press, and the Senior of this paper intend preparing a biographical sketch of the deceased, which will be published next week.

Origin of Thanksgiving.

The good old Yankee custom of devoting one day in the year to the Almighty in thanks for the many benefits which, as a people and individuals, we enjoy at His hands, is one that we hope will never become obsolete. Probably some of our readers do not know how the custom originated. It was in one of the early colonies of New England. One year they had not raised enough to live upon, and unless help should come from the mother country, England, they must perish. It was a sorrowful time, and they appointed a day of fasting and prayer, that God might send them relief. The day before that so appointed, a ship laden with provisions arrived, and the fast day was changed to a thanksgiving day, and it was thereafter commemorated yearly. Would you not have been truly thankful at such a time? But is there not reason to be more thankful to the kind Providence that has given the sunshine and rain, the favoring seed time and the bountiful harvest, and thus prevented our being reduced to danger of starving? When the day comes sit down in the morning and endeavor to write out how many kindnesses you have received during the previous year, and you will soon find that there is cause enough to be grateful to the Giver of all good.

Protracted Meeting.

The Methodists here have been holding a meeting during the past week at Boiling Springs, near this place. We attended on Tuesday evening and listened to a fine sermon preached by the Rev. Mr. Anderson. Our Pastor, Mr. Sherlock, was in attendance, and made some excellent remarks. We understand the meeting will be kept up during the week, and our citizens who desire exercise cannot do better than to walk out to the Springs three fine moonlight nights. The meeting is largely attended every night, and we are told much good is done. When shall we have a revival in Bellefonte?

Strangers in Town.

For several weeks past a great many fine looking strangers have been seen strolling about our streets. No one can tell what their business here is, but from the fact that they generally pull up in front of Col. Curtin's office, we are led to suppose they must have some connection with that gentleman. Some come and go away again in a few hours, others linger around two or three days before taking their final departure. These last named individuals must belong to a class of people denominated "bores."

The Letter Business.

We happened to be in the Post Office the other evening at the opening of the Mail, and about one-third of the entire number of letters in the bag were for Col. Curtin. We think there must have been fully thirty—pretty good for one mail. Go into the Col's office almost when you will, and you will find him, coat off, busy answering letters. We are informed he will have about five hundred applicants for every office in his gift. We are under the impression somebody will get disappointed.

Fire at Milesburg.

At an early hour on Tuesday morning, a house in Milesburg, occupied by a young man named Murray, was discovered to be on fire, and before the flames could be extinguished the entire upper story of the house was burned off. We are told that the citizens worked nobly, and by their efforts the contents of the building were all taken out, and the adjoining buildings saved. The fire originated from a store pipe.

Attempted Robbery.

On last Monday evening an attempt was made to rob the house of Mr. James Hamilton, who resides near Pleasant Gap. About midnight, Mr. Hamilton heard a noise and got up to see what it was, when he discovered that some one was trying to force open the door. When the robbers heard the family stir in the house, they fled. There were three of them, but Mr. H. could not tell who they were.

Bellefonte Fenibles.

The Bellefonte Fenibles, we understand, have made definite arrangements to attend the Inauguration of Col. Curtin. They will number at least thirty-two muskets, and the whole company, Band and all, will count fifty men.

LINDSEY'S IMPROVED

Blood Searcher!

A STANDARD MEDICINE

For the speedy, radical, and effectual cure of ALL DISEASES arising from IMPURITY OF THE BLOOD. This medicine has wrought the most marvellous cures in the most inveterate cases of Scrofula, Cancerous Formation, Erysipelas, Boils, Sore Eyes, Scald Head, Tetter Affections, Dyspepsia, Jaundice, Mercular Diseases, Liver Complaint, Low Spirits, Female Complaints, and all Diseases having their origin in an impure state of Blood.

The above is a portrait of David McCreey of Napier township, who, on the 31st day of Aug. 1858, made affidavit before Justice Govey that he was treated for the cure of Cancer by three physicians of Bellefonte county, and by Dr. Newton of the Eclectic College in Cincinnati, for a period of nearly eight months, notwithstanding which, his lip, nose and a portion of his left cheek were entirely eaten away. He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Four bottles cured him, and although still disfigured, there is no question but that this invaluable medicine saved his life. The particulars of this case may be seen in a circular which can be had of any of the Agents. We also refer to the case of Nancy Bleakney, of Ellertown, Armstrong county, Pa., cured of scrofula after being unable to get out of bed for three years.

To the case of a lady in Anasoville, Clearfield county, who was also afflicted with Scrofula in its worst form. To the case of George Meisel, residing in Carlstown, Cambria county, Pa., who was so badly afflicted with Cancer that it eat his entire nose off, and his case was worse, if possible, than McCreey's.

The particulars of these cases—over 700 of which were cured by the use of the Blood Searcher—may be found in a circular to be had of any of the Agents. R. M.
