The undersigned proposes to publish by order a large and accurate Popographical Ma; of Centre county, from thorough and careful surveys, by H. F. Walling, Civil Engineer.

Every road has been carefully surveyed by course and distance, and the location noted of all the public roads, Dwellings, Chur hes, Post Offices, Hotels, Stores, School Houses, Factories, Mills Shops, Mountains, Ponds Streams, &c.—
The names of Property Holders generally—carefully including those who order the work—will be ongraved upon the Map, showing the exact location of each.

Extra Maps of the Principal Villages will be

Extra Maps of the Principal Villages will be engraved upon the margin of the Map; also a Table of Distances, showing the number of miles from ach Post office to every other throughout the county, together with the latest statistical information. An ornamental border will surround the Mar.

The map will contain all the information usually found in Town maps, for each of the towns in the county, and it is obvious that the most liberal patronage is needed to sustain us in producing a work of so great magnitude and expense. As it is evidently of such practical utility and interest to business men and citizens generally, presenting so minute and distinct a representation of the county, that even the child may readily acquire a correct idea of each town, village, &c., and their true directions, distances from each other, we confidently solicit and expect the hearty co-operation of the intelligent and enterprising citizens of Ceutre county. tre county. These maps are said exclusively by the Publisher, and no variation in price. No more maps are printed than what are actually ordered. We the undersigned, having examined the recent surveys and drafts of Centre county, also Topographical Maps of other counties, pulished by Mr. S. D. We hope the citizens of this county will interest themselves sufficiently in this enterprise, so that the Publisher may engrave upon the margin of the map, extra plans of the villages in the county up n an enlarged scale.

Considering the expense of such a survey of the whole county, and being entirely a local work we think it is offered to the citizens on very reason-
