The map will contain all the information usually found in Town maps, for each of the towns in the county, and it is obvious that the most liberal patronage is needed to sustain us in producing a work of so great magnitude and expense. As it is evidently of such practical utility and interest to business men and citizens generally, presenting so minute and distinct a representation of the county, that even the child may readily acquire a correct idea of each town, village, &c., and their true directions, distances from each other, we confidently solicit and expect the hearty co-operation of the intelligent and enterprising citizens of Courte county.

We the undersigned, having examined the recent surveys and drafts of Centre county, also Topographical Maps of other counties, pulished by Mr. S. D. We feel confident they will furnish an accurate, reliable and useful Maps and Directory well worty of liberal patronage.

We hope the citizens of this county will interest themselves sufficiently in this enterprise, so that the Publisher may engrave upon the margin of the map, extra plans of the villages in the county upon an enlarged scale.

Considering the expense of such a survey of the whole county, and being entirely a local work we think it is offered to the citizens on very reasonable terms.

DR MOTT'S CHALY BEATE RATIVE PILLS IRON.

An apperient and Stomachic preparation of IRON purified of Oxygon and Carbon by corpustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and perscribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexion indicate its necessity in almost every conveivable case.

Innoxious in all meladies in which it has been

case.

Innoxious in all myladies in which it has been tried, if has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emanciation, Dyspepsia, Constipation, Diarrhaca, Dysente.y. Incipient consumption, Scrofulous Tuberculosis, Salt Kheun, Mismeustruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fearer, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervons and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which a description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborh ods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent unarasmus, sanguineous exhaustion, efficial changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costivehess without ever being a gastrie purgative, or inflicting a disagreeable sensation.

sensation.

It is this latter property, among others which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspersia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendent Costiveness.

attendent Costineness.

In unchecked Diarrhead, even when advanced to Dyskyrky, confirmed, emaciating, and apparently malignan; the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.
