The above is a portrait of David McCreary of Fapier township, who, on the 31st day of Aug., 1858, made sfildavit before Justice Gorely that he was treated for the cure of Cancer by three physicians of Bedford county, and by Dr. Newton of the Electric College in Cincinnatti, for a period the Electric College in Christiani, for a period of nearly eight menths, notwithstanding which, his lip, noise and a portion of his left check were entirely eaten away! He had given up all hope, when he heard of the "Blood Searcher," and was induced to try it. Four bottles cured him, and although sadly disfigured, there is no question but what this invaluable medicine saved his life. In all Nervous, Rheumatic, and raigic Affections, it has in numerous instances proved ty beneficial, and in others effected a decided cure. Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure. This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Berthave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and bandeed down the tradition of its value. It is now offered to the American public, knowing that its truly wonderful scaticinal writes must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

READ CAREFULLY! The Genuine highly concentrated Berhave's Holland Bitters is put up in half-plut bottles only, and retailed at ONE DOLLAR per bottle, or six bottles for FIVE DOLLARS. The great demand for this truly celebrated Medicine has induced many imitations, which the public should guard against purchasing.

An apperient and Stomachic preparation of IRON purified of Oxygon and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and perscribed in their practice.

The experience of thousands daily proves that no preparatien of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexion indicate its necessity in almost every conceivable case.

In cases of General Debility, whether the result of gented disease, or of the continued diminu-

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating;

Apr. 19, '60,-1y. A WORD TO THE PUBLIC. Whereas the Spring Creek Woolen Manufactory, during the present season, has been patronized to the full extent of its producing abilities, and in anticipation of a still greater patronage the coming season, the proprietors have been induced to add more new machinery of the very latest improvements. This machinery will facilitate our operations very much and at the same time will improve the real value of out cloths at least ten per cept, while our prices shall remain as heretofore; it being our ambition to build up a reputation for this establishmen', that will add all things thereto. From the facts here nest forth we confidently believe that wool growers and all other good people can now deal with us very much to their own advantage.—While there are many things alike in business of this kind there is the season. Whereas the Spring deal with us very much to their own advantage.

While there are many things alike in business of
this kind, there is also much that is different. A
word to the wise is sufficient. Give us a call and
satisfy yourselves that this is the place the people get the worth of their money.
