It is designed for Parents, Teachers, and all who are engaged or interested in the religious training of the young. It is also an excellent Family Paper. i'y Paper.
A portion of the Sunday School Times is occupied with NARRATIVES and other matter par-

For the same reasons, members of Biblewhere. For the same reasons, memors of non-classes, and older scholars generally, will be great-ly benefitted by the perusal of this paper. It reports all important CONVENTIONS of Sunday-school teachers. It discusses the questions which most interest and perplex teachers and parents, respecting the various methods of religious training for the young, the means of gaining the attention and the affections of children, and especially of securing their conversen and bringing them to Christ. The subject of MISSION-SCHOOLS for cities, and of Sunday-school missionary work for the interior, is thoroughly canvassed. D. MOTT'S CHALYBEATE RATIVE PILLS & IRON

An apperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sauctioned by the highest Medical Authorities, both in Europe and the United States, and perseribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexion indicate its necessity in almost every conscivable case.

gy, pale and otherwise sterly complexion indicate its necessity in almost every conceivable case.

Inoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emanciation, Dyspepsia, Constipation, Diarrhæa, Dysente, y Incipient consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fewers, Pimples on the Face, &c.

In cases of General Desilitry, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which a description nor written attestation would render ciedible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marsmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to sir and exercise for which the physician has no name.

In Newous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costivehess without ever being a gastric purgative, or inflicting a disagrecable sensation.

sensation.

It is this latter property, among others which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspersia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendent Costineness.

In unchecked Diarrhea, even when advanced to Dysenterry, confirmed, emaciating, and appa-

In unchecked Diarrhoa, even when advanced to Dysenterny, confirmed, emeciating, and apparently malignan? the effects have been equally decisive and astronishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

cians, in several very grachying and interesting instances.

In Scroftlous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative the cases peculiarly affecting them.

In Rheumatism, both chronic and inflamatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness the joints and muscles.

In Internittent Fevens it must certainly be great remedy and energetic restorative, and progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow my friends.

AYER'S CATHARTIC PILLS.

the obstructions which make disease. A cold settles somewhere in the body, and obstructs the structs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general sgravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the matural action of the system, and with it the buoyant feeling of heath again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the tituss of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

Prima Percenting Merchant of St. Dougle, Feb. 4, 1902.

Dr. Ayer, Your Pills are the paragno of all that is great in medicine. They have cured my little daughter of electrons sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pinples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic. From Dr. E. W. Carlwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the borels, which makes them invaluable to us in the daily continued of discovery.

Headache, Sick Headache, Foul Stomach Prom Dr. Edward Boyd, Baltimore.

Dran Bio. Aven: I cannot answer you what complaints I have cured with your Pills better than to say all that we neer treat with a paradice medicine. I place great dependence on an effectual cathertie in my daily contest with use, and believing as I do that your Pills afford us the we have, I of course value them highly.

Pirranger Ru. May 1, 1865.

Dr. J. C. Attr. Sir: I have seen repeatedly cured of the worst headershe any holdy can have by a done or two for your Pills. It seems to arise from a foul atomach which they cleans at once.

Yours with great respect, FD. W. PREBLE, Clerk of Sleamer Clarion. Billious Disorders - Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved mere effectual for the cure of bilient complaints than any one remedy I can mention. I cheerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people. Department of the profession and the people.

Washington, D. C., 7th Feb., 1859.

Six: I have used your Fifth in my general and hospital
practice ever since you made them, and cannot hesitate to
say they are the best eatherst we employ. Their regilating action on the liver is quick and decided, consequently they are an admirable remedy for deraugements
of that organ. Indeed, I have seldom found a case of
billious disease so obstitute that it did not readily yield so
them. Fratarnally yours, ALONZO BALI, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhen, Relax, Worms. From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in cate-on as one of the best aperfects I have ever found. Their atterative effect upon the fiver natice them an excellent remedy, when given in small doses for billous dysaticty and distribute. Their sugar-conting makes them very acceptable and convenient for the use of women and children.

From Rev. J. V. Himez, Pastor of Advent Charch, Boston.
Dn. Ayer: I have used your Fills with extraordinary success in my family and arong those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remody I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. 111MES.

Too much cannot be said of your Filis for the cure of confronces. If others of our fasternity have found them as efficacions as I have, they should john me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worge. I believe our freeness to originate in the liver, but your Filis affect that organ and cure the disease.

From Mrs. E. Sunst. Denisher and M.

I find one or two large doses of your Pills, taken at the proper time, are excellent or motives of the mineral scarce from when wholly or partially suppressed, and also very effectual to chease the slamach and espel menus. They are so much the best physic we have that I recommend no other to my patients.

WORD TO THE PUBLIC. Whoreas the Spring Worden To THE PUBLIC.

Whereas the Spring
Creek Woolen Manufactory, during the present
season, has been patronized to the full extent of
its producing abilities, and in anticipation of a
still greater patronage the coming season, the
proprietors have been induced to add more new
machinery of the very latest improvements. This
machinery will facilitate our eperations very much
and at the same time will improve the real value
of out cloths at least ten per cent, while our prices shall remain as heretofore; it being our ambition to build up a reputation for this establishmen', that will add all things thereto. From the
facts here n set forth we confidently believe that
wool growers and all other good people can now
deal with us very much to their own advantage.—
While there are many things alike in business of will chere are many things alike in business of this kind, there is also much that is different. A word to the wise is sufficient. Give us a call and satisfy yourselves that this is the place the people get the worth of their money.

This is a purely vegetable compound, prepared on strictly securitie principles, after the manner of the celebrated Helland Professor. Beerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Patherland scattered over the face of this nighty country, many of whom brought with thom and handed down the tradition of its value. It is now effered to the American public, knowing that its truly wonderful medicard virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of arders spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the droeping spirit, and, in fact, intusing new health and vigor in the system.
