LOCAL INTELLIGENCE.

A Man Shot.

On last Friday evening at 8 o'clock a boy about 16 years old, named Swab, shot an unknown man, near Black Moshannon. The circumstances are as follows: Mr. Swab, father of the boy, was watching a deer lick in the vicinity and had placed the boy at a crossing which is frequented by deer. In a short time after, the old man heard the report of his son's gun and naturally supposing that he had shot a deer, started down. Upon arriving his son told him that he had shot a man-that he had mistaken the approaching object for a deer, took deliberate aim and fired, when a man ran toward him a short distance and fell dead. Neighbors were called and the body was removed to an empty house and the boy came to this place and informed the proper officer that he had killed a man and had came to place himself in custody. He was committed to jail to await a hearing .-On Saturday, the coroner, Mr. Eccard went to the place where the accident happened held an inquest and had the body buried. -On his return he furnished us with all the important information. At the time the boy fired the man was eighty yards distant, the shot took offect in the lower part of the neck severing the main artery. He ran forty six sters, toward the boy and fell dead .-He was very dirty and nothing was found about his person save a short pipe and a S. S. Corbin, 218, Arch street, Philadelphia. See piece of tobacco. No person was able to tell anything concerning his name or history .-A man answering the description given of the deceased, passed through this place on Friday. Poor wanderer, he died a horrible death, in a strange land.

Public School Pic Nic.

On last Friday the Public Schools of this town had a Union Pic Nic, in the beautiful woods on the farm of Mr. Armor about one mile from town .-The children under their respective teachers, Mr. Rankin, Mr. Crosthwaite, Mrs. Ward try the Pure Crystalized Chlorids of Propylania and Miss McB.ide, went to the grove in the as a morning, where everything was arranged for the pleasure of the little folks. During the forenoon the Brass Band went to the grove from physicians of the highest standing and from and played "Dixie" and other tunes to patients, the the great delight of the children. The din- Most flattering Testimonials of its real ner was then prepared and discussed. Every value in the treatment of this painful and obstithing looked clean and tasted good. The nate disease, we are induced to present it to the thing looked clean and tasted good. The children behaved in a manner that spoke USE, which we hope will commend itself to those well of their teachers ability. They sang several patriotic songs, with a will that proved that their teachers are bringing them up in the right way ; their little hearts appear ed to bound and their bright eyes fairly danced as they sang the Star Spangled Banner. We could not help but see among them a Washington, a Marion, and a Scott. Let traitors tremble, for the very babes of the from the published accounts in the medical jour-North shout Freedom,

The greater portion of day was spent in the woods, after which they returned to town after singing to the tune of Dixie, "We're a band of Yankees," were dismissed,

Frightful Ride.

On last Thursday, Dr. Hale of Mifflin county, was setting in a two-horse buggy, in front of the residence of Mrs. Val- THE VOLUNTEER'S MANUAL, entine, corner of Spring and High streets, in this place, the horses took tright and ran away. The lines fell down and became entangled among the horses feet, leaving the Doctor with no means of checking their speed and the horses proceeded at the top of their speed, without interruption, until they reached the "burnt Mill" when they horses besame detached from the vehicle, leaving the Doctor uninjured-saved by his presence of mind and coolness in the time of danger .-He sat quietly in his seat during the entire ride, a distance of half a mile, over a rough and dangerous road; instead of foolishly jumping out to break his limos or perhaps

Capt. J. Irvin Gregg.

tleman arrived at Camp Curtin, with his company, the Centre Guards, he was designated by the Captains of ten companies about to be formed into a regiment, as their Colonel. A short time after, however, he received an appointment as a Captain in the regular serwice, which made it necessary for him to re' eign his Colonelcy. The Captain is a great favorite among military men wherever he goes, and we expect to hear a good report of him should he get into a brush with the rebels. The Harrisburg Telegraph speaks in glowing terms of the Captain as a soldier and a gentleman.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.
Dr. J. C. Ayen: Sir, I have been afflicted with a painful chronic Pheumatism for a long fine, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilia. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. Firkam.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing falled to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pustor, the Rey, Mr. Egpy, advised me to try your Sursaparilla, because he said he knew you, and any thing you made was worth trying. By the bbegging of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones. the Bones.

A great variety of cases have been reported to us where
cures of these formidable complaints have resulted from
the use of this remedy, but our space here will not admit
them. Some of them may be found in our American
Almanac, which the agents below mand are pleased to
furnish gratis to all who call for them.

Dyspensia, Heart Disease, Fits, Epilep-sy, Melanchely, Neuralgia Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.
