THE WORLD is an imperial quarto journal, published in the city of New York, aiming to be, in respect to all objects which truly belong to the province of a secular journal, the First Newspaper in America.

Not assuming or seeking to be a preacher of religious doctrine, but recognizing in all its judgments on the practical affairs of life, the authority and efficacy of Christian Principle and Christian

All the news will be found in its columns, in every department of human activity, Political, Agricultural, Scientific, Commercial as well as in Literature, Science, and Art.

Religious and Educational Topics and News, therefore, will receive special attention, and also all New Publications, Inventions, Discoveries, and Works of Art. In every state it has a regular paid correspondent, always a resident of character and position. In Great Britain, France, Germany, Italy, Turkey, Syria, Chine, Japan, South Amerca, and Africa, we have paid resident correspondents.

In politics THE WORLD will be independent but never neutral; never lending itself to party service, but helping the good and exposing the bad in all parties. National, on the side of the Union, the Constitution, and the Laws, and up-holding also the "Doctrine of the Fathers." To the Capitalist, the Merchant, the Mechanic, the Farmer, no paper offers such inducements and in-terest. For each department it has a special ed-itor—Agricultural, Horticultural, Scientific, Lit-eary, Political, etc., etc., etc.,—and so reflects in its columns the last and best results of the lif-and work of the worlp. To the Farmer, its Proc vision and Market Reports alone are worth the price of the paper.

ANCIENT JERUSALEM.
A LANGE AND BEAUTIFUL
ISOMETRICAL PICTURE OF JERUSALEM AND THE SACRED PLACES AS THEY APPEARED IN ANCIENT TIMES.

THE above work is commended to the favore-ble notice of clergymen, and those having charge of Sunday-schools, Bible-classes, and pub-lic institutions.

It is about nine feet long and six feet wide, col-ored and varnished, and mounted on canvass with rollers.

ollers.

It has been constructed from the mest reliable It has been constructed from the raest reliable and authentic sources, and will be found an invaluable aid to those engaged in lecturing on the Holy land, or imparting instruction to school classes on the subject to which it refers, It aims to give an exact idea of the city as it appeared in ancient times. It is taken as a 'birdseye' or 'balloon' view, the beholder being, in imagination, placed at a considerable elevation, so as to take a comprehensive view of the city and of the whole country for some distance around. The view is accompanied with an Outline Key, in which the different localities are numbered and a descriptive manual containing all the in formation necessary to enable one to use the vieto anvantage in teaching or lecturing.

THE SUNDAY SCHOOL TIMES.

HIS is a Weekly Religious Paper, publi
at the very low price of

ONE DOLLAR A YEAR. It is designed for Parents, Teachers, and all who are engaged or interested in the religious traning of the young. It is also an excellent Fam-

ily Paper.

A portion of the Sunday-School Times is occupied with NARRATIVES and other matter par ticularly interesting to young persons. Teachers will find in it much that they will like to read to their classes—interesting matter prepared to their hands, and such as they cannot find elsewhere. For the same reasons, members of Bible-classes, and older scholars generally, will be great-ly benefitted by the perusal of this paper, The Sunday School Times has every week a re-port of the choisest matter, selected from the NOON PRAYER-MEETINGS, which are so in-

port of the choisest matter, selected from the NOON PRAYER-MEETINGS, which are so insteresting to all classes of Christians.

Besides a large amount of general religious intelligence, the Sunday-School Times containes all the most recent Sunday-school news. It reports all important CONVENTIONS of Sunday-school teachers. It discusses the questions which most interest and perplex teachers and parents, respecting the various methods of religious training for the young, the means of guining the attention and the affections of children, and especially of securing their converson and bringing them to Christ. The subject of MISSION-SCHOOLS for cities, and of Sunday-school missionary work for the interior, is thoroughly canvassed. Indeed, there is hardly a topic of practical importance to any who are interested in the subject of religious education, which is not here brought under consideration from week to week.

The conductors of this paper endeaver to remember that the great end of all Christian effort is to bring men to Christ. They aim, accordingly, to pet into every number of the paper something which shall have for its direct object the conversion of souls.

SPECIAL OFFER.

The Proprietors of the Sunday-School Times having acquired the exclusive right of sale of the splendid work mentioned above, the MAP OF ANCIENT JERUSALEM, offer it as a special premium to those superintendents, teachers, or others, who will assist in getting subscribers to the paper.
We offer this superb premium to any one who will send us the names of 12 new subscribers and \$12 in cash.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which a description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborh ods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical chanmarasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the

It is this latter property, among others which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

AYER'S PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system de-ranged, and your feelings uncomfortable? These symptoms are often the prelude to serious lilness. Some fit of mors—purify the blood, and let the fluids move on unob-structed in health again. They stimulate the functions

They stimulate the intentions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856. From a Forwarding Internation of St. India, No. 1, 1981. AVER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon hor hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pinples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic. From Dr. E. W. Curturight, New Orleans.

Your Pills are the prince of purgos. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of diseass.

From Dr. Edward Boyd, Ballimore.

Dear Bro. Aver. I cannot answer you what complaints
I have cured with your Pills better than to say all that we
cure treat with a puryative medicine. I place great depenwee on an effectual cathartic in my daily contest with
lase, and believing as I do that your Pills afford us the
we have, I of course value them highly.

Privature, Pa., May 1, 1855.

Dr. J. C. Aver. Sir: I have been repeatedly cured of
the worst headache any body can have by a dose or two
of your Pills. It seems to arise from a foul stomach,
which they cleanse at once.

Billous Disorders - Liver Complaints

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their pur pees as an aperient, but I find their benoficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bitiens complaints than any one remedy I can mention. I sincerally rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Sir: I have used your fills in my general and hospital practice ever since you made then, and cannot institute to say they are the best cuthartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, thave soldom found a case of billous disease so obstinate that it did not readily yield to them. Fraternally yours, AlloNOO FALLA, M. D., Physician of the Marine Hospital. Dysentery, Diarrhea, Relax, Werms.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients 1 have ever found. Their aiterative effect apon the liver makes them an excellent remedy, when given in small doses for bilious dysentry and diarrhezs. Their Sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Pits, etc.

From Dr. J. P. Yaughn, Montred, Cunuda.

Too much cannot be said of your Pills for the cure of costiveness. If others of our fraternity have found them as efficacions as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe continues to originate in the liver, but your Pills affect that organ and cure the disease.

However Sus; I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neutralic purise, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease greaw worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.
