The Democratic Watchman, now that our three months soldiers are about to return, is beginning to tremble in its boots .-The Editors cannot conceive how to look those honest potriotic men in the face after abusing the cause for which they were fighting for the last three months. " A Black Republican war," "Old Abe Lincoln's war" &c.. &c., are some of the expressions used by this paper in regard to the war. Now as we before said fearing the indignation of the returning soldiers, they seek by hypocracy, and lying, to shift the resposibility upon the Centre Democrat and Central Press. You cannot do it Gentlemen. You cannot now cover up your half-heartedness in support of the best Government the world ever saw .-You have written a record against yourselves that nothing but the end of time can obliterate. The people will hold you in a strict account. Even the honest Democrats of the County refuse to endorse your lying and treasonable paper.

#### An Interrogation.

Will the Editors of the Watchman please tell the honest people of Centre County what favors they are expecting from the hands of Mr. Vallandigham the traitor Congressmen from Ohio? Mr. V--refures to vote men and money to aid Mr. Lincoln, the constitutional head of the Government. The Watchman endorses his course, calls him a bold and fearless champion, no demagogue. an honest man &c., while all parties in the loyal states, -except perhaps the New York Day Book-unite in writing him down not only an ass, but a perjured TRAITOR of the deppest dye. Do the Editors of the Watchman wish to be classed in the some category with Mr. Vallandingham? Or do they think the people are fools that they cannot understand his and their course? Do think that they can abuse the war and the constitutional Government and then ask the people to consider them patriots? We leave you gentlemen in the hands of an intelligent and patriotic people.

God help you, when their time comes, to visit you with their honest indignation.

## An Imposition.

On Tuesday last the news of a Great Battle was telegraphed to this place and as a matter of course every body was wonderfully excited and eager to hear the news. It was a long dispatch and necessarilly took some time to telegraph it. During this time the people waited patiently for the news. But when finished, the crowd was told the dispatch would not be read to them, neither would it be placed upon the bulletin board, but that Mr. Kurtz of the Press would print it as soon as possible, when they could get it by paying him for it. Then it was that the ire of the populace was aroused. They must wait an hour or two longer to hear the details of the fight, said to have been so disastrous to our forces. A previous dispatch said that the fourth Pennsylvania Regiment to which Capt. Snyder's company, of this place, was attached, was in the fight. Perhaps this dispatch for which we were waiting had news of the death of some of our neighbors; Mr. Kurtz knew but he would'nt tell. We must wait a hour or two more to see if it were so -to see if any of our husbands, our brothers, or our children were in the fight, and if any of them had fallen .-And why? To give Mr. Kurtz a chance to make a little loose change. He said it was to pay Mr. Green for his time and trouble in telegraphing the news. This was not necessary as the crowd was willing to pay Mr. Green, amply for his trouble, if he asked it, but he did not ask it. or, as we heard a dozen men say, the amount would have been raised immediately. Everybody condemned the act and but very few purchesed the extra, as the first one that came out was read aloud to the crowd.

A most severe battle was fought to-day at Bull's Run bridge. The conflict was desperate, lasting over nine hours. The programme as stated in the first dispatch, was carried out until the troops met with a succession of masked batteries which were attacked with vigor and succes after severe loss of life .-Our troops advanced as follows:

Col. Richardson, who distinguished himself in the previous engagement, proceeded on the left, with the four regiments of the Fourth brigade, to hold the battery hill on the Warranton read in the visinity of the place where the last battle was fought. The flank movements were described in the first dispatch. 'Schneck's and Sherman's brigades, of Tyler's division, advanced by the Warranton road while Heintzleman's and Hunter's divisions, took the fork of Warrenon road to move between Bull Run and Manassas Junction. Key's brigade remained at Centreville.

Information was received by Tyler's command of the existence of the enemy's battery ommanding the road. Our troops were then formed in battle array, the Second New York and Second Ohio on the left, the Second Ohio, and Second Wisconsin and Seventy-ninth, Thirteenth and Sixty-ninth New York on the right. Col. Miles' division followed in the rear.

The first range gan was fired by Sherman's battery at ten minutes of seven. The rebels did not return his shot until an hour and a half afterwards. When Hunter's division came up another battle became general .-Col. Hunter's movement to gain the rear of enemy was almost a success, The enemy's position opened on by several of Carlisle's howitzers, followed by slight sklrmishing .-The rebels rapidly received reinforcements from Manasses Junction after the attack was

The battle consisted in a succession of fires from masked batteries, which opened in every direction. When one was silenced its official quarters during the progress of the place was supplied by two, and in the daring charges of our infantry in unmasking them. The Second Obio and Second New York mislitia were marched by flank through the woods by a new made road within a few miles of the main road when they came on a battery of eight guns with four regiments flanked in the rear.

After the latest information was received from Centreville, at half past seven o'clock last uight, a series of events took place in the intensest degree disastrous. Many confused statements are prevalent, but enough is known to warrant the statement that we have suffered in a degree which has cast a gloom over the remnant of the army, and excited the deepest melancholy throughout Washington. The carnage has been tremendously heavy on both sides, and on ours is represented as frightful.

We were advancing and taking the mask ed batteries gradually but shurely, and driving us back, when a panic among our troops suddenly occurred and a regular stampede took place.

It is thought that General McDowell undertook to make a stand at or about Centreville, but the panic was so fearful that the whole army became demoralized, and it was impossible to check them either at Centreville or Fairfax Court House.

Gen. MoDowell intended to make another being in full retreat he could not accomplish the object. Beyond Fairfax Court house the retreat was kept up until the men reached their regular encampments, a portion of whom returned to them but a still larger portion coming inside of the line of entrench-

A large number of the troops in their retreat fell on the wayside from exhaustion and scattered along the entire route all the way from Fairfax Court House. The road from Bull's Ruu to Centreville was stewed with knapsacks, arms, &c. Some of the troops deliberately threw away their guns and opportenances the better to facilitate their travel:

Gen. McDowell was in the rear at the rewith only partial effect. The latter part of the army, it is said, made their retreat in good order. He was completely exhausted, having slept but little for three nights. His orders on the field did not at all times reach those for whom they were intended.

It is supposed that the force sent against our troops consisted, according to a prisoners statement, of about, 30,000 men including a large number of cavalry, He futher says that owing to the reinforcements from Richmond, Strawsburg and other points. The enemy's effective force was 90,000 men.

According to the statement of the Fire Zouaves they have only about two hundred men left from the slaughter, while the Sixtyninth New York regiment has suffered frightfully in killed and wounded.

Sherman's Carlisle's and the West Point batteries were taken by the enemy, and the eight seige thirty-two pound rifle cannon .-The latter being too cumbrous to remove they were left two miles the other side of Centreville. The We invite special attention to the advertisement of Prof. Wood's Restorative Cordial and tisement of Prof. Wood's Restorative Cordial and Blood Renovator, in another column. For weak-ness and generally debility there is nothing like it; it will strengthen, exhilerate, create an appetite at once, regulate the billous system, aid digestion, and in short, restore the weakened organs to all their original vigor and strength. So valuable a Tonic Cordial should be in the hands of every invalid and in every family. Reader, try it. We congratulate our readers open the

discovery of a sure cure for Rheumatism, Gout and Neuralgia, and all Mercurial Diseases, which is effected without the use of internal medicines which destroy the constitution and give tempora-ry relief only. In fact it is the only known remedy effecting a perfect cure, and we feel warranted, from its recommendations, in calling the attention of the afflicted and those having friends suffering from Rheumatism, Gout, Neuralgia or the pernicious effects of Metanry, to the advertisement in another column of our paper, of Dr. Leland's Anti Rheumatic Band.

Reader, have you seen Prof. Wood's ad-ertisement in our paper. Read it; It will inter-
