FOR PURIFYING THE BLOOD. Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Pimples, Fustules, Motches, Holls, Blains, and all Skin Discases.

Oakland, Ind., 6th June, 1859.

J. C. Aven & Co. Gents: I feel it my duty to ne knowledge what your Sarsaparilia has done for me, llaving inherited a Scrothlous infection. I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my lands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was publiful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease line goof from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the ayostics of the age, and remain ever gratefully.

Leucorrheen or Whites, Overlan Tumor, Uterine Uteration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I roost cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent ulterative in the numerous complaints for which we employ such a remedy, but especially in Female Disease of the Scrofulous disthesis. I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dan gerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, hat at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of you. Sarsaparilla as the last resort before cutting, and it proved effectual. After faking your remedy eight weeks no symptom of the disease remains."

New Obleans, 26th August, 1859.

Dr. J. C. Ater: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Marcurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his penale and the top of his mouth. Your Sarasparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his mose, and the alteration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarasparilla: the ulcers healed, and he is well again, not of course without some dissignation to his face. A woman who had been treated for the same disorder by mercarry was suffering from this poison in her homes. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and hones. She, too, was cared entirely by your Sarasparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

for some years from no other cause than derungement of
the Liver. My beloved pastor, the Rev. Mr. Espy, advised
me to try your Sarsaparilla, because he said he knew you,
and any thing you made was worth trying. By the blessting of God it has cured me, and has so purified my blood
as to make a new man of me. I feel young again. The

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Amanac, which the agents below maned are pleased to furnish graits to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Metancholy, Neuralgia
Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Whitening and Preserving the teeth.—This article is prepared with the greatest care upon scietific principles, and warranted not to contain anything in the slightest degree deleterious to the teeth or gums. So ne of our most eminent Dental Surgeons have given their sanction to, and cheerfully recommend it as a preparation of superior qualities for olean sing, whitening and preserving the teeth. It cleans them readily, rendering them beautifully white and pearly, without the slightest injury to the enamel. It is healing to the gums where they are ulcorated and sore. It is also an excellent disinfectes for old decayed teeth, which are often exfectes for old decayed teeth, which are often ex fectes for old decayed teath, which are often exceedingly offensive. xt gives a rich and ereamy taste to the most s, cleansing it thoroughly, and imparting a delightful fragance to the breath.—
In short, it does all that could reasonably be exdected of any article of this kind to do. A fair srial is all that is uccessary the most fastidious or keptical that it is an article of superior merit.
