"Dear Father.—I suppose you are anxious to hear from me. Well, I am sale, but completely used up. We have had the most terrible fight on record in our country. I think we fought nine hours. We had only fitteen or sixteen thousand at the outside, to seventy thousand of the enemy. We thought we had them routed at one time, but they were re-infored by Gen. Johnston, when we were compelled to retreat. Our Regiment is badly cutup, but we behaved like soldiers. One of the prisoners said we fought more like mentis badiy cut up, but we behaved like soldiers. One of the prisoners said we fought more like tigers than men. Our company rallied three times on the enemy, and mowed them down like hail. We have out of our company alone sixteen missing, and fifteen wounded—nearly one fourth, and the other companies have suffered in the same proportion. Capt. Bouck and our Lieutenant acted like gallant men, staid with us till the last. Our Regiment is highly praised by the other Regiments. The New York Fire Zouaves say we fought like devils. We will be revenged, if we follow the rebels to the Gulf of Mexico. I have got so now that I know no fear of them, and have got so now that I know no fear of them, and from this time out, I will neither ask nor give quarters to them. We have not one coward in our company—all obeyed and retreated like soldiers. I will write as soon as I get rested.

Enclosed you will find an extract from a letter received by Dr. J. F. Hutchinson from Lieut. Hutchinson, dated Uncle Psalm. Richmond July 20th 1861.

"Dear Brother. - I suppose you have heard of our misfortune 'ere this, and I have no doubt are anxious to know what has become of us. We were taken to Winchester and remained there two weeks, when we were sent to this place where we arrived last night. There are forty four of our company besides eleven other prisoners. We have very good quarters and are treated in the best manner by the officer who is in charge of us. I want you to let the folks know where we are. I send you the names of the prisoners from your vicinity: H. Sankey, W. well and in hopes of being exchanged soon. Tell mother not to be uneasy about me, as I am getting along first-rate. If we are not discharged soon you will probably hear from me again.

Your affectionate Brother, J B. HUTCHINSON, 2nd Lieut, Co. I, 15 Reg. P. V.

Departure of Troops.

Shortly after the first requisition was made for men, a com- of Francis John, of Spring tp., as a car pany of cavalry was raised in this county. for the office of County Treasurer, subject to the decision of the Republican county Convention. As but a comparatively small amount of As but a comparatively small amount of cavalry was thought necessary, many companies were not accepted and the Central ate for the office of County Treasurer, subject to cavalry was among that number. Since that cavalry was among that number. Since that time, however, the War Department has discovered that a fatal mistake had been didate for Associate Judge, at the coming election, subject to the decision of the Repub ican made in accepting such a limited number of cavalry. It has been discovered that this arm of the service has not received proper attention in the organization of cur army.— The Department has determined to call a large force of cavalry into the field and Penn sylvania has been called upon to furnish her quota. The Centre cavalry were informed a short time ago, that their services would be accepted. The ranks of the company were immediately filled up to the number of one hundred and twenty men, and on last Saturday they started from this place and Milesburg for the seat of war. The company is composed of the "bone and sinew" of Centre county, being formed principally of woodsmen, miners, farmers and mechanics-men whose avocations render them physically able to endure the hardships of a soldier's lifejust such men as Southern Senators term "mudsills." We promise the "chivalry" that if this body of men are so lucky as to get a chance at them when not skulk, ing behind batteries hidden from the viewthey will make mudsills of them in the literal sense of the word.

More Companies for the War,

in "conspicuous places" we see that two more companies are being formed in this town for the three year service. The names of Wm. L. Raphile and James P. To the other the name of James A. Beaver, formerly an officer in V. in the three months service.) We expect ston to see these companies filled up and ready to march to the seat of war. The men engaged in raising these companies are men of energy and the cause in which the soldiers are to fight is a good one, and for these reasons we have no fear of the failure of either of these companies.

Big Day at Stormstown.

Last Saturday was a big day in Stormstown. We have no Seca big day in Stormstown. We have no Secretary's report of the proceedings, but from what we hear we believe that the patriotic citizens of that village got up a dinner for Capt. McFarland's volunteers, who "just returned from war." A military company was organized by Brigade Inspecter Snyder, and a citizens meeting was addressed by our Associate, W. W. Brown.

Last Saturday was comments, as any one, after using one bottle, will be satisfied as to its effects.

A Secession Paper Obliterated. CONCORD, N. When the first report of the late disaster at Bull Run, was handed round at the Methodist camp meeting, near Chicago, Ill., Rev. Henry Cox. pastor of the Wabash avenue Methodist Episcopal church, who was preaching at the time, remarked on clesing his sermon:—'Brethren, we had better adjourn this Camp meeting and go home and drill." This suggestion was approved, and Mr. Cox, good as his word, is drilling with the weapons of war, ready to serve his country in the field, if necessary; but at the same he does not neglect his spiritual charge.

A woll knewn temperance lecturer went to General Scott, a day or two since, and asked that he might go among the men and talk to them. The General replied.— "With all my heart I give my consent. I can endure all the demoralization consequent upon a defeat, but the whiskey shops of Washington may be too much for me."

Ayer's Sarsaparilla.

AYER'S Sarsaparilla FOR PURIFYING THE BLOOD.

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:
Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Bolis, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1959.

J. C. Ayer & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my inands and arms; sometimes it turned inward and distressed me at the stomech. Two years ago it broke out on my head and covered my scalp and ens widt one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a tespoonfiel over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

Set. Anthony's Fire, Rose or Erysipelas.

ALFRED B. TAILEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Prebie writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

eous swelling on the neck, which I had suffered from over two years."

Leuc orrhoen or Whites, Overlan Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent silerative in the numerous complaints for which we employ such a remedy, but especially in Female Disease of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhoes by it, and some where the complaint was caused by niceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous overtan tumor on one of the females in my family, which had defied all the remedies we could employ, hat at length been completely cured by your Extract of Sarsaparilla. Our playsician thought nothing but extirpation could afford relief, but he advised the trial of you. Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.
Dr. J. C. Ayer. Sir, I cheerfully comply with the roquest of your agent, and report to you some of the effects I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitic ulcerain his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffered excruciating pain in her joints and bones. She, too, was ured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.
Dr. J. C. Ayer. Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarasparilla. One-bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised mo to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young aggin. The best that can be said of you is not half good enough."

A great variety of cases have been reported to us wherecures of these formidable complaints have resulted from
the use of this remedy, but our space here will not admitthem. Some of them may be found in our American
Almanac, which the agents below named are pleased tofurnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have home made by the alterative power of this medicine. It stimu-lates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its

reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do. Ayer's Cherry Pectoral FOR THE RAPID CURE OF

This is a renedy so universally known to surpass any
other for the cure of throat and lung complaints, that it
is useless here to publish the evidence of its virtue. Iss
unrivalled excellence for coughs and colds, and its bruly
wonderful cures of pulmonary disease, have made it
known throughout the civilized nations of the earth.
Few are the communities, or even families, among them
who have not some personal experience of its effects—
some living trophy in their midst of its victory over the
subtle and dangerous disorders of the throat and huus.
As all know the dreadful fatality of these disorders, and
so they know, too, the effects of this remedy, we need not
do more than to assure them that it has now all the virtues that it did have when making the cures which have
won so strongly upon the confidence of mankind.
