Gov. Curtin.

On last Friday evening our gallant the purpose of recruiting his health, which has a mistake, however. been much impaired by the close attention he has Some person who pretends to know all about bor to perform and more difficulties to contend | cation : with, than has Gov. Curtin during the short time he has occupied the position of Chief Executive of the Keystone State. When he assumed the responsibilities of Governor and seized the reins of Government, he found the State on an admirable "peace footing," prepared only to enjoy the peace and happiness which had so long been our portion. And, when soon after, a call came for 15,000 men from Pennsylvania, to protect the city of Washington,; then it was that our Governor was obliged to spend sleepless nights and days of labor, regardless of his personal welfare and comfort. How unceasingly he labored—how zealously he toiled; how he bent all his encountering the same, but are prevented from want of proper knowinedge, will you oblige an experienced knitter by giving insertion to the accompanying directions, and thus ading in the good work? Set up twenty-eightor thirty stitches on a needle; rib two inches; knit plain seven inches before setting the heel; form the heel by knitting twenty-three inches plain; knit two together; knit plain to within three of the sam; knit two together; one plain, and turn the seam; knit with, than has Gov. Curtin during the short

he was visited by a large crowd of our citizen, and the Band, on Friday evening. Upon the ar. rival of the procession, the Governor made his appearance, and was publicly welcomed, on behalf of the crowd, by H. N. McAllister, Esq., in a most appropriate speech. The Governor then Government contract for furnishing a large numascended the stand, amid the most vociferous cheering, and delivered such a speech as Governor Curtin only can make. We will not attempt to report it; for we could not do the speaker justice. We wish all our readers could have heard it. We wish all our readers could have seen him.

On Monday Gov. Curtin returned to the scene of his labor.

## The Coming Winter and the Poor.

Winter is a!ways a terror to the poor. By "the poor" we do not mean those who have comfortable homes and an abundance of the necessaries of life, a d who complain and call themselves poor, because the times are hard and they cannot speculate, and do business on as grand a scale as they did when times time come when they shall have reason to com plain. When we say the poor we mean such as are really poor; men who have to support them se ves and their families by daily labor, and who whose families are now suffering or are likely to suffer for want of food, and who from their inaknows what will become of such during the ap- articles. Call and examine. proaching Winter. With this Winter will comterrors to them never before known in this land. Blankets for Our Army. Never has so many been thrown out of employment by the stopping of manufactories of different | Creek Woolen Factory, has received from the Govkinds : never before have the horrors of civil war visited us, throwing the whole country into convulsions and drawing the attention of the humane ment, \$6,50 per pair for all the blankets he can from the suffering poor to the condition of our ar- make, coming up to the sample. This is a good my; rever has the merchant been so unwilling factory and Mr. Kendall is just the man to make to sell his goods to the poor, who for want of the blankets for the soldiers, for he is honest and will means with which to pay for them are obliged to make them right. Let the wool growers bring in ask credit at his hands; never has the employer of those who now have work, been so unwilling or so unable to pay his employees, promptly, and Robbery. at fair rates. And all these things, now, are comparatively light to what they will be when Winter shall set in, in earnest--when the very fountains of nature shall appear to be frozen up God save the poor! God save the rich! Save the poor from wart and starvation ! Save the rich from selfishness! Help the poor to remember that God is the friend of those who trust in him !-Help the rich to remember that their riches were not given them to hoard away while fellow-beings are shivering with cold and dying of starvation ! God help us all to do our duty; to alleviate as far as possible the sufferings of the unfortunate ! O, how we wish for a fortune, without the pr de, sel fishness, and miserly spirit, which usually come with it. But we can all do something for the poor. We have them in our in idst; every neighborhood has them. Let us do our duty !

It is a Colt's Improved Revolver, manusfactured by Joseph Reed, a machinest, in Milesburg. The barrel is of the finest steel, the iron used was taken from the mines of old Centre. It is most handsomely finished, and throws a ball with great force and accuracy. Would it not be a fine present for Gen. McClellan?

Our Knitting Association.
We are glad that the Knitting Association in our town is in active operation. We hope that societies will be formed in

every place where they do not already exist, and that a good report may be made of Centre county. There seems to be a misunderstanding in regard to who receives the money for the socks. The money is paid to the Treasurer of the Society, to be applied to the Soldiers' Relief Fund. The general impression appears to be that the money Governor, arrived in our town, where he came for was to be paid to the County Treasurer. This is

paid to the many and arduous duties which devo've knitting has written a communication for the upon him in his present responsible position - Philadelphia Press, which may be interesting to OF THE BEST QUALITY. Another call came, and still another; They are all answered, with a readiness which speaks volumes in favor of the energy and ability of our noble Governor. Little do we know what amount of labor was required to raise and equip and feed the large number of soldiers which was required at the hands of Gov. Curtin. We can not form an idea of the amount of labor which has performed since his i nauguration. Yet notwithstanding all his labor and all his untiring zeal, there were those found who were willing to charge upon him sins of othermen, and make him responsible for the frauds committed by greedy contractors. But he has came out of all these charges of corruption with clear skirts, and now stands high above his slanderers. We are proud of him! We are proud that he is our fellow-citizen and at the same time one of the first and greatest men of the nation.

Perhaps the ladies will be able to understand the above; to us it is very clear, indeed.

An Axe Contract.

Mr. Harvey Man has taken a ber of army axes. This is right. Centre county has sent a great number of her sons into the army, and it is right that she should come in for a share of the government patronage. Better axes than those manufactured by Mr. Mann, cannot be found We are informed there is a large force of workmen engaged on these axes, in order to fill the contract as soon as possible.

Attempt at Robbery.

On Monday night, two colored boys effected an entrance into the cellar of the store of May & Leob, by cutting the bars of the window. They then ascended the inside cellar way and bored several holes in the door, with a view to remove the fastening, and get into the princi, al room. Some person or persons entered the cellar of Mrs. Lipton of Milesburg, on last Saturday night, and took therefrom every thing eatable If we are not misinformed, the articles taken are twelve bushels of potatoes, five bushels of apples, five loaves of bread, five pies, a basket of cakes thirteen cans of fruit and all the milk and cream in the cellar. If one man got all this it is not particular whether he has employment this Winter, or not.

Narrow Escape. We are informed that our friend Spear Gilliland made a very narrow escape, while on a hunting expedition, a few days since. His gun was accidentally discharged, contents passing through his hat rim, in close proximity with hi head. We consider that close shooting; but a " miss is as good as a mile" in this case, surely.

We are informed that the Govper pair, and the price of socks is 27 cents.

And grows more and more popular every day!

A ND testimonials, new, and almost without a number, might be given from ladies and gentiemen in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

Battle Creek, Mich., Dec. 21st, 1858.

Prof. Woon:—Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to abtain stuff for caps, neither have I been able to abtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cet I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the bald spot is now covered with hair thick and black, though short, it is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently. I feel anxious to persevere in its use, and being destitute of means te purchase any more, I would ask thee if thee wouldst not be wilding to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless."

For ages, has the treatment of pulmonary diseases occupied the greater portion of the attention of the scientific of the medical world, but none acquired more eminence in his treatment of these diseases, than the celebrated Prussian Dr. Hoofland, the originator of the Balsamic Cordial. His life was devoted to the production of remedies that would stand udrivalled. How well he has succeeded, the American people are able to judge; and we positively assert, that no preparations that have ever been placed before them, have conferred the same amount of benefits on suffering humanity, or have elicited so many commendations from all classes of society, as the remedies of Dr. Hoofland, prepared by Dr. C. M. Jockson & Co., of Philadelphia.

Oardand, Ind., 6th June, 1869.

J. C. Ayen & Co. Gents: I feel it my duty to ack knowledge what your Sarsaparilla has done for me. Having inherited a Scrothlous infection. I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out or my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much reher from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an atterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Unchanati and got it, and used it till it cured me. I took it, as your advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the seab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I toil you, that I hold you to be one of the ayostice of the ago, and remain ever gratefully.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a daugerous Kalimant Erystpelas by large doses of the same; says he cures the common Eruptions by it constantly. Zebulon Sloan of Prospect, Texas, writes: "Three bettles of your Sarsaparilla cured me from a Goitre—a hice eous swelling on the neck, which I had suffered from over two years." Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we omploy such a remedy, but especially in Female Disease of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhea by it, and some whore the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dan gerous overian tumor on one of the females in my family, which had defied all the remedies we could employ, hu at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of you. Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Obleans, 26th August, 1859.

Dr. J. C. Ater. Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Disease. One of my patients had Syphillic ulcors in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steady taken, cured him in five weeks. Another was attacked by seendary symptoms in his nose, and the ulceration had eater away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciation pain in her joints and bones. She, too, was cured entirely by your Sarsaparila in a few weeks. I know from its formula, which your agent gave me, that his Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Preston Co., Va., 6th July, 1859. Dr. J. C. Aver: Sir, I have been affilieted with a painful chronic Rheumatism for a long time, which baffed the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. attacked. Jules Y. Getchell, of St. Louis, writes: "I have been
afflicted for years with an affection of the Lieur, which
destroyed my health. I tried every thing, and every thing
failed to relieve me; and I have been a broken-down man
for some years from no other cause than derangement of
the Lieur. My beloved pastor, the Rev. Mr. Espy, advised
me to try your Sarsaparilla, because he said he knew you,
and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood
as to make a new man of me. I feel young again. The
best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled exceliose for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
