store boxes arriving in town are for the new firm of Goldsmith, Stein & Hexter. -Mr. Cyrus Brumgard, of Miles town-

ship, one of the tallest and finest looking gentleman in the county, called at our office last week. -The musical convention announced to take place at Centre Hall last week did

Philipsburg, on Sunday of last week, but was soon suppressed. -A Martha Washington surprise party at the residence of Mr. Daniel Rhoads, last Thursday evening, was attended by

about fifty couples. -Mr. George Thomas and lady have again become residents of this borough. Their presence and society will be welcomed by their many friends.

-Mr. John Zeigler, of Haines township, is mourning the loss of three bright little children, all of whom have died within a very brief space of time.

-Our good citizen, Mr. Thomas Revnolds, is having fresh paint applied to the exterior of his handsome house. It is one of the neatest and most carefully kept residences in town.

-To make of yourself an indepenpent American citizen, just adjust your hat on the side of your head and plant one of Harry Green's long, shapely, fragrant cigars in your mouth.

-Mr. Milton Tate, who has been em ployed in the car works at Berwick, Pa. was home last week, carrying one of his hands in a sling. He had in some way injured it so much that he had to cease work.

-A shootest of considerable local fame was seen to pop away at a rooster but a short distance from him, a few days since but the rooster didn't seem to heed the shots or even to know that they were aimed in his direction.

-The ninth day of March, 1880, is the day fixed for a large number of persons to start for Kansas and the West. Through car from Bellefonte to St. Louis. For information concerning transportation, tickets, apply to William Shortlidge, agent.

-Monday last was observed as Birthington's Washday. In commemoration of that event, the banks were closed and in seen hanging on the lines. Birthington must have a very extensive wardrobe.

from the first and third Thursday evenings to the first and third Tuesday evenings of each month. Members of the company will please govern themselves accordingly.

-Mr. Edward Humes Jr., has severed his connection with the First National Bank, of this place, and is now in the employ of Hoover, Harris & Co., of Philipsburg. The latter firm is fortunate in securing the services of such a competent gentleman.

-Miss Carrie Vosburg sang in the Episcopal choir last Sunday. If one after another of the good-looking lady attendants of the church continue joining the choir at the present rate of one each Sunday, it will soon be as large and excellent as it really should be.

-Among the gentlemen formerly residents of this place and now engaged in business in other places, who spent Sunday last in town, we noticed Messrs. John Ludwig, of Philipsburg; Curtin Moyer, of Osceola; Rudolph Mulhollen, of Altoona; William Mulhollen, of Clearfield, and Jacob Adams, of Altoona.

-Brother Conrad, of the McVeytown Journal, honored the DEMOCRAT office by making a brief though very pleasant call on Tuesday. Mr. Conrad is an affable and agreeable gentleman and we hope he will not forget to repeat his visit the next time he comes to Bellefonte, and stay

-The meeting of the Addisonian Club on Saturday evening was much the same as on the Saturday evening before, only a little more so. It was brief and uninteresting, owing to the inexplicable absence of most of the gentlemen who had been appointed on literary exercises.

-- Rev. William Laurie, of this place. has been absent for the past week attending to the business affairs of his deceased brother. Last Sunday Rev. Sherrard, of Mifflin, preached in Rev. Laurie's pulpit. Both his morning and evening discourse were much enjoyed by his auditors.

-To buy or not to buy? that's the question. And after you've concluded to buy, the next most important thing is to find out where to buy cheapest. As far as groceries are concerned this is not a difficult matter to decide. Sechler's grocery store is now and ever has been a favorite place with Centre county people.

-On Wednesday night of last week a blast of wind which swept through Frank Green's drug store closed the door leading from his store into the Bush House with great violence, shattering the glass in the upper portion. As Frank was just having some pretty lettering put on the glass, the loss was the more aggravating.

-We have noticed our friend Major George D. Pifer, on our streets for several days past. Maj. Pifer is engaged in the wholesale notion trade, with the house of Messrs, Jones, Hoar & Co., of Philadelphia, one of the most reliable business firms in that city. As the Major has plenty of friends, he has also plenty of customers, and no doubt supplies their wants in the best possible manner.

-A very pretty tale is told of a very poor man who, when Saturday night came around, had but little meney with which to buy provisions enough to last his family until he could get some more. This man went straight to S. A. Brew & Son's store, and returned laden with such a glorious load of greceries, all of which he had bought for his small amount of money, -A slight fire broke out in the exten- that his family feasted through all that week and had some to spare.

-It is difficult for people in Centre county to realize the fact that the inhabitants of some parts of this world are starying. Provisions all about us are so abundant, cheap and good that all we have to do is to step into a grocery store and we may purchase not only the products of this county, but also those of far distant lands. While we have such grocers as Sechler & Co., who always keep such a large stock of the necessaries of life on hand, there seems to be no danger of a famine.

-Considerable moving around has been going on this week, on the corner of High and Water streets, near the creek. Mr. Erhard moved his boot and shoe shop one foot further up the street, and Mr. Charles Glenn is about moving his photograph gallery further down Water street. All this is because Mr. James Harris intends erecting a store room and Messrs. Williams Brothers will build a paint shop on the

-Mr. Israel Sternberg, of this office, was a book of poems printed in Philadelphia in the year MDCCLXXII (1772) by John Dunlap, whose establishment was on Market street. It is entitled "Poems on Several Occasions, with Some other Compositions, by Nathaniel Evans, A. M., late Missionary (appointed by the Society for Propagating the Gospel) for Gloucester County, in New Jersey; and Chaplain to the Lord Viscount Kilmorey, of the Kingdom of Ireland." It is quite an interesting relic of one hundred and eight years ago.

-We direct attention to the advertise ment, in another part of the DEMOCRAT, of the Philadelphia Branch of No. 26 North Third street, who have opened an elegant and immense stock of clothing in the store room on Allegheny street formerly occuevery direction the week's washing was pied by Mr. Newman, which they offer to the public at remarkably low prices and guarantee satisfaction in all respects. This -The regular meeting nights of the store is under the management of Mr. Logan Hose Company have been changed Samuel Lewin, a gentleman of experience in the business, and our genial friend, Mr. A. Sternberg, is retained by the Branch as salesman. Mr. Sternberg will always be glad to see his old friends and customers and will give them "fits," as he has always been in the habit of doing. They invite a close inspection of their stock, sell at one price to all, and do not hesitate to say that they are able to please in prices, quality of goods and styles of make up. Give these gentlemen a call.

-As a gentleman was passing the public school building, on Allegheny street on Monday morning, some little time before eight o'clock, a young urchin who was gracefully reclining against the palings and pensively looking up at the windows, accosted him as follows: "Say, Mister, is school tooken up or is it too soon ?" He was informed that it was somewhat early yet, and further, that there would be no school that day as it was kept as Washington's birthday. Whereupon the young scion of a noble house burst into a loud laugh and pointed the juvenile finger of scorn at his sage informant. The gentleman gravely assured him it was so and asked him if he did not know who George Washington was. "Of course, I do," replied the future president of the United States; "but he can't have no birthday. He's dead." Pondering deeply upon this intelligence the instructor of youth passed on a sadder but wiser man.

DEATH OF WILLIAM FURRY, ESQ .-Ouite a large connection of relations and friends were thrown into deep grief last week over the death of Mr. William Furey, father of Mr. Joseph Furey, of the Watchman office, and Mr. John Furey, of the Altoona Sun, who died on Thursday evening of last week, at the age of seventy years and twenty-nine days. In 1862 Mr Furey was elected to the office of County Commissioner, and served a term of three years in that position. In 1866 he was again elected Commissioner and served a second term of three years. At the expiration of this term he was appointed commissioner's clerk, and continued in that position until January, 1874. Soon after retiring from the Commissioner's office he was elected a Justice of the Peace, in the South ward of Bellefonte, and performed the duties of that important trust until he was obliged by sickness to relinquish the place. In politics Mr. Furey was an ardent and unswerving Democrat, though never clamorous or obnoxious in the assertion of his political views. He was an amiable, kind-hearted gentleman, quiet and unobtrusive in manner and disposition, and had many warm friends throughout Centre county, who will be sincerely grieved to hear of his death, although he had reached, and passed by a few days, the allotted period of man's life. His funeral took place on last Saturday afternoon. Peace to the soul of 'our kind old friend !

-The Williamsport Gazette and Bulleulars of the Sturdevant-Sayre wedding, which we had the pleasure of alluding to last week :

An enjoyable party assembled at the home of Mr. and Mrs. James Sayre, Almond street, on Wednesday morning last, to witness the marriage ceremony of their daughter Carrie, to Mr. E. M. Sturdevant, of Philipsburg, Centre county. Promptly at 10 o'clock the bridal party appeared, when the ceremony was performed, by Rev. John Burrows, pastor of the Third Presbyterian church. Heartfelt congratuations were then received after which ations were then received, after choice refreshments were served. teem of many friends were expressed by beautiful and valuable presents. William-sport is losing a daughter most highly sport is losing a daughter most highly gifted and accomplished, most warmly loved and admired by all, but while all deplore the loss it is felt she will adorn a brighter, and make radiant the home and life of her estimable husband (who has the best wishes of many sincere friends in this city) as she has the home of parents, and the many homes where resence has been a ray of sunlight. the evergreen which so gracefully orna-mented the rooms of the cottage bean emblem of many years of abiding joy to the hearts no more twain, but one.

-Mossrs. J. R. & C. T. Alexander have leased the first floor and basement of the Republican building with a view of establishing an agricultural implement ware house, seed store and dealers in grain, plaster, &c., in addition to their already well established coal and lime trade. They will erect a grain elevator at their coal yard, and pay the highest cash prices for grain. The firm name will be changed to that of Alexander & Co., with our fellowtownsman Wm. Shortlidge as general manager. This will be welcome news to the farmers of Centre county, who entertain the highest opinions of Mr. Shortlidge's fairness and business capacity, and it is safe to predict a live and successful business under the management of the above enterprising gentlemen.

-The Philipsburg Journal says that stockholders of the Lewisburg, Centre and Spruce Creek Railroad are notified that if James R. McClure, 233 South Fourth street, Philadelphia, on or before April 1st | Tickets, 50 and 35 cents. next, they will receive full paid certificates of capital stock in the Lewisburg & Tyrone Railroad Company, in the proportion of one share of the Lewisburg & Tyrone Railroad stock for two shares of the Lewisburg, Centre & Spruce Creek Railroad

-The Be ellefonte band played several enjoyable selections for Hon. Clinton Lloyd's lecture on Tuesday night, and after the sweet sounds had died away on the air a very fair audience gathered in the Court House. The lecture was much enjoyed, as the subject was one of great interest to a very large number of our community and delivered in the speaker's best We hope the Post was financialmanner. We

-A church festival will be given in the basement of the M. E. church, this place, on Friday and Saturday next. There will be the usual bill-of-fare for dinner and supper, and no other church can furnish a greater number of pretty girls to serve it in a charming manner. The Methodist congregation are worthy of support in all their efforts to improve the condition of their finances, and we hope they will be liberally patronized.

-About fifteen hundred miners are now on a strike in Houtzdale, Clearfield county, and a rather deplorable state of affairs is existing there. Two murders have recently been committed, the details of which do not form pleasant or profitasoon resume work at the former wages of prove true.

SUNDAY-SCHOOL CONVENTION .-- A convention for the prosecution of Sundayschool work was held in the Lutheran church at Aaronsburg on Monday, Tuesday and Wednesday of last week, and as a desire was expressed to have an outline of the exercises appear in all the county papers, we publish it this week. The offiers of the Association were not present at the proper time for opening the convention, so B. O. Deininger, Esq., was elected temporary President and Mr. J. R. Van Ormer, Secretary pro tem. Austin Curtin, Esq., the permanent President, soon appeared, and after addressing the convention in felicitous remarks, took the chair and presided over the further deliberations. The following is an outline of the proceedings, which were of great and lasting benefit both to those who participated in and those who listened to the exercises:

HAYDN'S "CREATION" THIS EVENING those intending to go have already prepar- room. The surroundings of the audience ed themselves to do so. Expectation has been placed very high, but if the enthusiastic declarations of our friends who have heard this oratorio rendered is of value, even our highest expectations are but a shadow to the reality. Remember, Haydn's 'Creation' is one of the highest conceptions of one of the world's most exquisitely balanced musical minds, and it will be rendered with all the art that mere amateurs are capable of upon a first performance. The leader and many of her assistants are persons of considerable musical culture. Like Theodore Thomas over his orchestra, Miss Onmacht has developed most skillful powers of drill over her class, and this supplemented by Mrs. Love's famous orchestra, voices and instruments blending in one harmonious whole, giving forth strains so delicious that angels might well pause and listen engaptured, will make this the concert extraordinary of Bellefonte. Severe musical artists who may be present will recognize the art and pardon the inaccuracies, while the ear heretofore deaf to musical beauty will be awakened to a they present their certificates of stock to realizing sense of what surpassingly lovely strains art has made man capable of.

> A WORTHY LADY GONE, -Mrs. Elizabeth North, an aged and very worthy lady, died on Thursday last at the residence of her daughter, Mrs. Mary Undercoffler, near this place. Mrs. Frederick Smith, of this place, is also a daughter. If Mrs. North had survived until the 14th of July next she would have been eighty years of age. Cancer is said to have been the cause of her death. With Mrs. North's Christian virtues and utmost consistency. She seemed to be a rich embodiment of increased, her faith grew stronger, her life more peaceful. Although up to the time of her death she possessed as much energy as people generally do in their prime, yet her presence was so pure, so elevating that it seemed like a breath from Heaven. To the little Baptist congregation of this place she was indeed a mother, and "Mother North" was the name by which she was generally known. Her funeral took place on Saturday afternoon.

FOR FISHERMEN. - Notice is given that Mr. John A. Wagner, of this place, has been appointed double-extraordinary-inchief fish warden for Centre county, and will immediately proceed to take under his care and protection all the inhabitants of our mountain streams. Henceforth all who dare, at unlawful hours, molest or make afraid any of the aforesaid denizens ble reading. It is thought the miners will of the water, will be pounced upon and summarily dealt with by John. Then let fifty cents per ton, which we hope will no angler restrict the fish's playful leap after a fly or a worm by placing a hook therein, and let no one, by seines, fish baskets, nets or any such device, curb the natural powers or restrain the habitual roamings of this graceful watery tribe.

-Newman has moved his tailoring establishment to the "Bee Hive" store. Go 6-tf. the lowest cash prices.

AT HOME IN A HOTEL .- "Home, Sweet Home," are words which have been given to poetry and sung in song because of their pleasant associations. To humanity and to brute creation that spot called home is the dearest place on earth. Yet how many there are who know not the pleasures of home! How many others there are who know and appreciate its delights. and for that reason are loth to leave it to encounter the cold hospitality and stiff formality which envelopes the sojourner, the moment he enters a hotel. Visitors in Bellefonte find this great want dissipated in the Bush House. They find it the one place outside of their homes, which they long have sought and sighed because they found it not. It is a large hotel with a vast capacity of accommodation. The rooms are large, airy and well furnished, just such as are pleasant for a family to live in, and give abundant space to agents and the traveling public generally to stow away their baggage and stretch themselves for a good night's rest. Farmers are cordially welcomed. All farmers have, or they ought to have, pleasant homes, and will find this hotel a delightful place to stop. They are given this superior accommodation at reasonable rates, and their greatest surprise will be at the moderation of their bill. Since the new proprietor came into control carpenters and paper hangers have been busily employed in ornamenting the interior, and those who have not recently entered the hotel will find it much improved.

The desire to give the very largest number of persons possible the great advantages of the Y. M. C. A. library, induced the Executive Committee, at its last meeting, to inaugurate a slight change in its management. Although the "small boys" have taken advantage of the privileges of the reading room and have congregated there nightly in large numbers, another and older element of persons who should take advantage of it have neglected to do so-Henceforth-commencing next Mondaythe large audience room of the Association will be well-lighted and heated and thrown open to the public for reading room purposes every Monday, Tuesday, Wednesday and Thursday evening. The small boys will be kept in their own room, while -We suppose everybody has heard of the those who desire to read in silence may oncert to be given this evening, and procure a book and retire into the audience room, with its pretty carpet, tasteful pictures, &c., are such as to make it a m desirable place for reading. The hours will be from 7 to 10, and the visitor may secure his book of the librarian who will constantly be on hand in the boys' room. In no case may a book be taken from the building. This offer is only made for the first four evenings of the week, the room being otherwise occupied on Friday and Saturday evenings. All are invited and it is hoped that many will take advantage of this privilege.

A SLIGHT CHANGE IN THE GOVERN-

MENT OF THE Y. M. C. A. LIBRARY .-

MUSIC AT MILESBURG.-The small but mportant village of Milesburg-so beautifor location and so blessed with a cultivated population-has of late added to its fame and attractiveness by appearing before the world as a student of the musical art. The entertainment which took place on Saturday evening last was an honor to Milesburg, and was attended by an audience large in numbers and deeply appreciative. A dozen or more of the beaux and belles of Bellefonte were present, prominent among the former being Mr. Frank Keller, Mr. Schroeder, and Mr. T. Longwell. Mr. Keller, having high musical abilities, of course, took a prominent part in the exercises, rendering two selections with great effect. Others who took prominent parts in solos or duets, are Mrs. Eddy, Misses Crawford and Campbell, Mr. Eddy and Mr. E. Noll. The latter especially we heard spoken of with praise. There were others who did equally well not know their names. A VALUABLE CONTRIBUTION. - We

learn from a neighboring contemporary death ended the life of a lady of many that Hon. John Blair Linn, of Bellefonte, who has made many valuable contributions to the early history of Pennsylvania, Christian graces. As the weight of years has sent to the Maryland Historical Society a manuscript which that association regards as the most valuable document it has received in many years. It is the pay list of the regiments composing the famous "Maryland Line" at the time they were mustered out of service in August, 1783. Unfortunately the first and second pages of the manuscript are missing, but the re maining pages contain the names of over fourteen hundred soldiers who survived the war and were mustered out. The pay of a soldier at that time was \$7.50 per month. The Maryland historians have never been able to find an authentic list of the private soldiers of the "Line," and they regard this as a most interesting con-tribution to the Revolutionary records of the State.—Philipsburg Journal. BELLEFONTE VS. SNOW SHOE .- A shoot-

ng contest took place on the Fair Ground on Friday last between expert marksmen of this place and Snow Shoe. The following gentlemen came from Snow Shoe: Messrs. John Uzzle, Alfred Lucas, John Consoll, John Harm, Frank Bush, Philip Crollman and Richard Gibbs. Messrs. James Alexander and S. M. McMurtrie, of this place, engaged in the sport. The distance shot was fifty yards. The result was favorable to Bellefonte, Mr. Alexander making a 11 inch string in three shots, there and get a good fitting suit made at while Snow Shoe's best was a 31 inch string in the same number of shots.
