Yesterday and night before Chief of Police Powell was at the depot looking for a runaway couple who had eloped from Bellefonte. The man was a young fellow and single but the woman who carried him off left a husband behind. We did not learn their names. They have not yet been captured.

-Splendid underclothing, very cheap, home at the Philadelphia Branch.

-It is not necessary to go far away to find good farmers. Mr. L. Mench, tenant on Mr. William Harter's farm, near Aaronsburg, raised an average of thirty bushels of wheat to the acre this year ; and Mr. A. F. Kreamer, who resides on Mr. Aaron Dutweiler's farm in the same vicinity, harvested about twenty-eight bushels per acre. It is also said that Mr. James A. McClintick, of near Spring Mills, has a ten acre field which yielded over thirty bushels to the acre. Such

husbandry is a credit to our farmers. -We stated in our last issue that a large

parn located in Ferguson township, this Meyer is a model Superintendent. county, had been destroyed by fire during the previous week. We have since learned that the barn was situated in Graysville, Huntingdon county, just across the boundary line of Ferguson township. It was the property of Mr. Thomas Archey. The destruction of the barn together with its contents involved a loss of \$5,000, on which there was an insurance of \$1,300. It is supposed to have been the work of an incendiary.

-Judges, jury and witnesses should all go to the Philadelphia Branch for their clothing.

-See here : Thanksgiving day comes on the 329th day of the year. Strange coin-cidence. Ask some Democrat to explain it .- Daily News.

Oh! oh!! oh !!! Where's your arithmetic, young man? If we count correctly -this being leap year-Thanksgiving occurs on the 330th day of the year. The number "329" is a sign of disgrace this year and do you think so sacred a day as Thanksgiving would come on the 329th ? Not much ; instead, however, it is the day on which the 46th number of the Bellefonte Republican appears. Now, study your addition table.

-We are of the opinion that the car works will be put in operation just as soon as the necessary arrangements can be made. -Daily News. What a learned opinion ! Verily, it is worthy of Judge Davis, of the New York Supreme Police Court. It is true, because that is the way with every institution that was ever put in operation under the sun ; and it is also the most indefinite way of stating the time that could be chosen. It would certainly be indiscreet to begin operations before the "necessary arrangements" were made. But how are the "necessary arrangements" to be effected, and by whom ? Aye, there's the rub.

Poulton, of Bellefonte, resulted in a victory for the former after an exciting and interesting game of one hour and forty minutes. The game was French carom wo hundred points and was closely conested from first to last. It was anybody's game until the very last, when Wm. B. Poulton, by a magnificent run of forty-nine points, clutched victory from defeat. The laving of both men was very fine and the difficult shots made by each were loudly

applauded. The contest at pool, best six out of eleven games, was decided in favor of Lewis C. Poulton after which Wm. B. Poulton gave an exhibition of his skill in executing fancy shots to the delight of all who were present. Mr. Poulton will re-main here for several days and lovers of the game will have an opportunity of see-ing him toy with the ivory beauties.

The public generally will be gratified to know that this eminent educator and lecturer is now engaged for special services in behalf of the Young Men's Christian Association and the County Sabbath-school Association. Further announcements will soon be made. RAILROAD EXTENSION .- The Williams. port Bulletin, of the 11th, says : "The Reading Railroad Company at the time of its suspension had a corps of engineers surveying a line from Jersey Shore to connect with the Atlantic and Great Western Railroad. The line was to continue up the West Branch as far as Lock Haven, cross the river at that point, and tap the great Snow Shoe and Karthaus coal basins, vis. Beech Creek, and thus reach the northwest coal and oil fields of Pennsylvania. It is now believed that this scheme will be revived at once in connection with the reorganization of the company, and that the Standard Oil Company, seeing the great advantage it would be to their company, are lending their assistance. DEDICATION .- The newly erected Evangelical church, near Howard, Pa., will be dedicated, the Lord willing, on Sunday, December 5, 1880. Bishop Bowman will be present and officiate. Ministers and members of adjoining fields of labor are cordially invited to attend.

HANDSOME TESTIMONIAL -- APPRECIA-TION OF THE CHURCHES OF HUNTINGDON PRESBYTERY OF THE VENERABLE DR. GIBSON.-We condense from the columns of the Altoona Tribune the following account of the splendid donation recently made to the Rev. Dr. Gibson, of Duncansville, by his friends of the Huntingdon Presbytery. It will be found interesting

man in this community : Dr. William J. Gibson, having a few days since completed fifty years in the ministery of the Presbyterian Church, his friends in the Huntingdon Presbytery, in which he has resided for more than forty years, desired to manifest their appreciation of this unusual occurrence, as well as their affection for the man, and determined to visit him at his home in Duncansville and make him a handsome donation.

On Thursday morning gentlemen and ladies from different parts of the Presbytery arrived in the trains and proceeded to the doctor's residence. There were alto the doctor's residence. There were al-ready members of the Martinsburg and Duncansville churches in large numbers. and the venerable doctor, up to this time, had remained ignorant of what was to be At 11 o'clock the company proceed done. ed to the church a short distance AWAV where interesting services were held. A passage of Scripture was then read, when the assembly was led in prayer by the Rev. Mr. Cornelius, of Altoona. A. The Rev. and S. Conners, of Amona. T. S. The recipi-ent of this magnificent gift was visibly affected by this evidence of the people's devotion and affection for him, and replied in language expressive of his surprise and his deep gratitude. The meeting was then his deep grattade. The meeting was there thrown open for general remarks, and short addresses were made by Rev. Dr. Hammill, E. S. Doty, Esq., of Mißlin, Rev's Cornelius, Duffield, Mathers, Barr and Wilson, and by Hon. Samuel Calvin and Mr. H. McCamant. A hymn and ben-ediction by Mr. Barron cloud, the averediction by Mr. Barron closed the exer-cises, when Dr. Gibson received the per-sonal congratulations of all present. The company, after leaving the church, was handsomely entertained by the ladies of the Duncansville and Martinsburg churches, and all were loud in their praises of their enerous hospitality. "THE BEEF BONANZA."-The N. Y. lished by Lippencott & Co., of Philadelphia. It certainly presents a graphic picture of the possibilities of stock raising on

our western plains : General James S. Brisbin, U. S. A., has

certainly struck a fruitful theme in his book bearing the above title. How to get rich on the Plains does not consist in following directions for hunting or trapping wild animals, but in taking advantage of our great grass covered areas, by making the *tegaleska* take the place of the *tatonka* -the tame steer graze over the stamping ground of the wild buffalo. Twelve years

n the saddle spent traversing nearly every State and Territory between the Missouri and the Pacific coast have given General Brisbin authority in what he has to say upon the capacity of the great West for stock raising. It is no use, he argues, for the young man of the present day in the Vest to here on the high present day in the East to be moan the high price of land and unbounded facilities are offered beyond the

Missouri. Now is the time for him ; in a decades it will be indeed too late. Of the various fields for settlement he says "I believe Kansas and Iowa are the best unsettled farming States; Nebraska is the best State for farming and stock raising combined; Colorado is the best State for

Wv. sheep growing, farming and mining; oming is the best Territory for cattle growing alone; Montana is the best Tertory for cattle growing and mining." Our great natural grazing ground com-

rises 1,650,000 square miles, and here ong the banks of its lacework of streams prises s the great beef bonanza to be mined. To give mere totals would give a small idea of the possibilities of the future in the raising of cattle, sheep and horses, as well as dairying, to which the West invites us. The number of people is increasing faster than the number of cattle. Thus the sure han the humber of cattle. Thus the sure home market is growing, while the whole world without clamors for cheap beef and mutton. Its price has been reduced to Distilled Old Rye Whiskey," made \$2.50 per annum, or 5 cents a number.

As I have placed all my means in the eorganized enterprise, and propose to devote all my time to it, I have no hesitation in asking my personal and political friends to give me the benefit of their prompt and active co-operation. When we recollect that over 76,000 votes were cast for General Hancock in the city of Philadelphia alone, on the 2d of November, and in Pennsylvania 400,000, and in the country at large about five million of votes, there ought to be a ready and liberal response to the scheme of an Independent Democratic weekly paper of the highest class in Philadelphia.

The hour of Democratic defeat, procured by open purchase of the suffrage, and by deliberate intimidation of the dependent citizen, should also be the hour of Demoeratic education and preparation for the great work of organization and action, in the present and the future.

BRUMGARD-CAMMERER.-On the 31st of October by Rev. D. P. Kline, Mr. George B. Brumgard and Miss Sarah J. Cammerer, both of Logansville, Clin ton county, Pa.

-Thanksgiving services will be held in the Episcopal church this morning at halfpast ten o'clock. A prosperous people should be grateful, and all are invited to respond to the invitation of the civil authority in returning thanks to the gracious Giver of all good for the numerous blessings of which they are the recipients.

-The delectable season of pastries and puddings has arrived, and the careful housekeeper can display her best skill in compounding delicacies for the table. But all her efforts will prove failures and cause her trouble and vexation unless she is sure that her groceries are of the best quality and come from Sechler's grocery store. -The venerable Robert Hunter, father

of Mr. B. F. Hunter, of Benner township, was probably the oldest voter who cast his ballot in Bellefonte at the last election. Mr. Hunter is now in his eighty-eight year. His first Presidential vote was given in 1816 to James Monroe, and he could not forego the duty of coming to town on the 2nd of November to vote for Winfield Scott Hancock. All honor to the worthy old gentleman. May he live to deposit another ballot for the same candidate in 1884.

-The members of the Madisonburg Reformed church are now called to their Sabbath services by the clear, silvery tones of a new bell, which was placed in its proper position in the spire of the church about two weeks ago. It cost \$228 and weighs 825 pounds. On its bright, metallic surface is the inscription : "From Mc-Shane & Co., Baltimore, Md .-- Presented to Christ's Reformed Church at Madisonburg, Nov. 5th, 1880, by George and Sarah Shafer." Certainly a very appropriate gift on the part of Mr. and Mrs. Shafer, for which they should be held in kind remembrance by the congregation.

ceived a visit from a burglar at his residence in Woodward. The untimely visitor succeeded in entering as far as the sleeping apartment occupied by Mr. and Mrs.

Spigelmyer, when the latter awoke and demanded to know what he was after. The burglar grabbed Mr. Spigelmyer's pants, but was so alarmed that in his haste to escape he tumbled over every chair in the room and concluded his remarkable gymnastic feat by falling down stairs. He, however, maintained his grasp on the pants and got away in safety. The pants were found in the vicinity of Motz's mill with all their contents intact except a silver watch, which is still in the burglar's possession.

-Miss Louie Van Ormer, daughter of Mr. Joseph Van Ormer of Harrisburg, and a niece of Mr. J. N. Van Ormer, of Spring township, has been visiting at the residence of the latter for the past four weeks. Miss Louie is a beautiful and accomplished young lady, whose winning manners and amiable disposition made her many friends among our young people, and previous to her departure for home they determined to testify their appreciation of the young stranger by surprising her at the home of her uncle. Accordingly about fifty young ladies and gentlemen from Bellefonte repaired to the residence of Mr.

J. N. Van Ormer and family, and took the house by storm. After recovering from their astonishment Mr. and Mrs. Van Ormer proceeded to make their young guests at home and a most delightful time was the result. Miss Louie Van Ormer's father, Mr. Jos. Van Ormer, is one of the oldest and most trusted of the employes of the Pennsylvania Railroad Company. He has been in the employ of the company for over 40 years. He has now been passenger conductor for over 25 years and is a deserved favorite with the management of the railroad.

SATURDAY'S MILITARY INSPECTION .-Col. Burchfield, Captain Piper and Lieut. Gardner, all of Aitoona, were in this place on Saturday last to conduct the inspection of Company B, N. G. Twentyseven members of the company responded to the order of Captain Mullen, and the exercises in the Armory were quite satisfactory. The first daylight parade of the company then took place. The men looked neat and comfortable in their bright uniforms and great coats. The officers expressed much pleasure at the soldierly appearance of the men, but gave the opinion which must be apparent to all that more out-door drill would materially increase their efficiency and alacrity in executing military movements. The visiting officers tarried in town over Sunday and greatly enjoyed their presence in our midst.

Centre county, when he was quite young. In 1840 he came to Clearfield county and settled in Knox town-Soon after coming to the county, he married Mary J. The summer following her death, while on a visit to his sister in Union. ville, Centre county, he was suddenly stricken down with paralysis. Within a few days he received two strokes. From these he recovered sufficiently within three or four months to return home again. With the exception of a partial helplessness of the left side, he enjoyed comparatively good health until another and final attack a few weeks ago. His end was calm and peaceful. The deceased united with the Fruit Hill Presbyterian church in 1844, and in February, 1853, he was chosen, ordained and installed a Ruling Elder in the same church. He was a consistent Christian, and a wise counselor and will be greatly missed by us all." PASTOR
