feel glad that our excellent County Superintendent, Prof. Henry Meyer, has secured Rev. D. K. Nesbit, of the Hazelwood Presbyterian church, to lecture before the Institute on Tuesday evening, December 28, 1880. Mr. Nesbit lectured in the Court House on Christmas evening, 1879,

on "Shoddy." For good wit, fine humor and good practical sense the lecture has never been surpassed by any given in this place. The lecture on the 28th will be free and is on "Objections to Infidelity." It is not a defense of Christianity, but an attack on infidelity. The lecture is an appeal to history, logic and the rules of evidence, shows how unreasonable are the demands that infidelity makes upon credulity. The

lecturer deals in argument and facts, and uses with wonderful force and power the weapons of humor and ridicule. This lecture was delivered before the Liberal League of Pittsburg, and afterwards in

Library Hall in the same city, by request of the Presbyterian Ministerial Association, to an audience of more than three thousand people.

-Last Sunday night a slippery glare of ice covered everything out-of-doors. It

looked beautiful in its transparent clearness, but oh, how treacherous to the foot. Some could traverse its brilliant surface with a graceful, gliding motion, while others shuffled along as awkwardly as a duck. Those who planted their feet squarely on the ice with toes out, soldier fashion, made the best progress. These icy pavements on Sunday nights tell us that the righteous as well as the wicked stand on slippery places, and warn those who think
