Local Department. -Harry Green keeps very choice cigars.

Try them.

-See notice of apartments for rent in another column. -Take your potatoes, bacon and lard to

Valentines' stores and exchange for fish. -The complete election returns of Cen

tre county will be found on another page. -The Philadelphia Branch is selling men's and boys' clothes faster than ever before.

-The best men's and boys' clothing in Bellefonte is sold at the Philadelphia Branch.

-"The powers that be" decided that John Powers should be elected Burgess of Bellefonte.

-Valentines have received their car load of mackerel. Kits at 60 cents, and one-fourth bbs. at \$1.65. Call and examine them.

-One of the periodical gatherings of the Hicksite Friends' Society in this vicinity has recently been in session in Unionville. It was largely attended. -A Lock Haven belle recently present-

ed her lover with an elaborately constructed pen wiper, and was somewhat astonished the following Sunday to see him come into church wearing it as a cravat.

-A social hop is announced as one of the attractions of this week. It will be held in the hall of the Arcade building this (Friday) evening. Smith's orchestra will furnish the music.

-The February moon has disappearedat least, from the view of the evening pedestrians; although those who are awake during the early morning hours can still enjoy the beauty of its silvery rays.

-It is thought by some persons that the recent shocks of earthquake noticed at Aaronsburg were caused by the steady, measured tread of people en route to S. A. Brew & Son's grocery store. The rush after the good things at that store continues to increase.

-The members of the Methodist church subscribed quite a large amount, last Sunday, towards paying the indebtedness now burdening the church. A few more similar efforts will relieve the church entirely of financial embarrassments.

-"Providence helps a man who helps himself" is the old adage, and a very true one. It has also become a maxim in Centre county that "Providence is always favorable to the man who purchases all his groceries at Sechler & Co.'s store.' it for yourself.

-A farm house in Patton township, owned by Mr. P. B. Waddle, and occupied by the family of Mr. D. L. Meek, caught fire on Wednesday afternoon of last week, but the flames were extinguished before much damage was done. It is said that this is the seventh time the building has been on fire since its erection.

-Each successive gathering of the Temperance Union of Bellefonte becomes more attractive. A good programme of exercises is always arranged in advance for the entertainment of the audience, and the interest is not permitted to flag. The next regular meeting of the Union will be held on Thursday evening, March 3.

-It is a subject of inquiry now whether Mrs. Garfield will regale her guests with stronger tea than Mrs. Hayes has been accustomed to furnish those whom she entertained at the White House. But whether she chooses to do so or not it is quite certain that Sechler & Co., of this place sell the very best tea as well as all othe kinds of groceries, as all can testify who patronize the store.

Shoemakers, take courage; there's glory, in store for all of you-especially if you reside in Centre county. The recent elections demonstrated that shoemaking is the winning occupation. Mr. John Powers, the Burgess-elect of Bellefonte, and Mr. Jeremiah Sankey, the Burgess-elect of Philipsburg, are both knights of the awl and last. These were the two highest officers ballotted for at the recent elections, and there may be others of the same occupation among the many successful candidates to the minor offices.

PERSONAL.-Representative J. P. Gep-

hart spent Sunday last at home. -Mr. William Tyson is now a student at State College.

-Mr. Linn Harris has recently been paying a visit to his home in this place. -Mr. Levi Straub made one of his occasional visits at home last Saturday, returning to Altoona on Monday.

-Mr. Benj. J. Schroyer gave his many Bellefonte friends the benefit of his presence among them last Sunday, departing again on Monday morning.

-Mr. J. C. Dunkle, of Philipsburg, spent a short time in Bellefonte last Thursday, favoring the DEMOCRAT office with his presence for a few moments.

-Gen. James A. Beaver has again returned home and settled down as a private citizen of Bellefonte, which is as great an honor as the Senatorship any day.

-Harry Green returned home from Philadelphia on Tuesday morning. We were almost inclined to prefix the title of ter to wait another year.

-Our elegant friend, Prof. J. M. Duncan, paid another of his "short, but sweet" visits to town last week. Like a pleasant comes, but always leaves a favorable im-

Saltsburg, Pa., has accepted a call to the pastorate of the Presbyterian congregations of Philipsburg and Morrisdale, at a salary of \$1,000 and \$100 additional for parsonage. He will reside at Philipsburg. -Miss Alice K. Van Ormer, the amisble daughter of J. N. Van Ormer, Esq., returned home last week after an absence of over three months. Miss Alice visited at Mifflintown, Harrisburg, Philadelphia and New York, and says she had a delightful time. While in Harrisburg she was a guest of Miss Louie Van Ormer, daughter of Jos. Van Ormer, the popular conduc tor of the Pennsylvania Railroad. Miss Alice's friends welcomed her home with

open arms, as she had been sadly missed. -Mr. Kinsley, the former efficient agent of the Singer Sewing Machine Company in Bellefonte, has been transferred to Towanda, Pa. Mr. K. proved profitable to his employers while here, and he has been removed to his new field because of his fitness. We also understand that his new position will be financially more remunerative to him. Mr. E. J. Swaveley, the Singer machine upon the public with all the suavity known the profession.

MR. BIBLE ENTERTAINS-The people of our town have always borne the reputation of favoring local talent, but last Friday night on the occasion of Mr. Geo. P. Bible's elocutionary entertainment, the disagreeable weather or some other circumstance caused them to depart from this commendable custom, and the audience present in Humes' Hall though excellent in quality, was numerically very small. Those who were present were treated to one of the most agreeable elocutionary entertainments ever afforded. Mr. Bible's style of elocution is very pleasing. It is natural and unaffected. He employs sufficient art to bring out the sentiment of the composition, but never attempts to attract the attention of his auditors to himself by outlandish mannerisms, as is the fault of so many public readers. Of the serious seections "Clarence's Dream," "The Angels of Buena Vista" and "The Last Hymn, pleased us best, while all his comic recitals were exceedingly funny. Miss Bible, a sister of the elocutionist, contributed measurably to the entertainment by executing several pretty piano solos. The xylophone olo, in which Mr. Bible was accompanied by his sister on the piano, was novel and attractive, receiving a rapturous encore. Mr. B. and his sister are to be congratulated on the artistic success of their entertainment. The gentleman is capable of great accomplishments in the art of which he afforded so fine an illustration last Friday evening, and we predict for him a brilliant future.

SUDDEN DEATH .- We glean from the Centre Hall Reporter the following somewhat peculiar circumstances attending the death of Mr. Charles C. Smith, who resided on the farm formerly owned by Mr. William Keller, near that place. One of the cows belonging to Mr. Smith was suffering from a sore eye, and he went to the stable about eight o'clock on Friday morning, the 11th instant, to apply the proper remedy. He failed to return in time, and when his wife went to the stable she was horrified to discover him lying, apparently dead, under the cow. After untying the cow and driving her from the stable Mrs. Smith sent for the assistance of some men who were at work near by. They carried Mr. Smith to the house and summoned Dr. Alexander, who, on his arrival, pronounced life already extinct. Judging by certain marks on the body of the deceased it is supposed that while administering the application to the eye of the cow, she turned suddenly, her head striking Mr. Smith in the stomach. He fell, stunned, beneath the cow, when she trampled out his life. The deceased had been married about two years and was thirty years old. His wife is a daughter of Mr. D. Krape, of Haines township. His remains were taken to Aaronsburg for interment.

A WORD ABOUT WASHINGTON -An. other anniversary of the birth of this venerated old gentleman was celebrated on Tuesday. Pater Patria, as he is called, seems to have more birthdays than any other living or dead American. The dear old gentleman was born one hundred and fifty years ago, and he has had a birthday once a year ever since. School children and bank clerks are glad of this as it gives them a holiday, and they wish there were a dozen or more George Washingtons. Well, there are hundreds of persons, sable and white, who rejoice in that name, but only one who ever gained the title of the "Father of his Country." It is no joke to remind our readers that some of the less reverent have distorted Washington's Birthday into Birthington's Washday, but Washington's youthful days regarding the hatchet and the cherry tree as the most cruel joke of all. What a wicked little scamp George must have been! Because Doctor to his name, but perhaps it is bet- he told the truth once in his life it was considered so remarkable that the American people will never become weary of by one of Spring township's most distinreferring to it. Why, there are plenty of boys now-a-days who tell the truth more dream, he vanishes almost as quickly as he than once in their lives! Washington grew to be a big boy and then a large, handsome man. He was especially good -Rev. W. W. Woodend, D. D., of on a running jump-if we remember correctly the distance was about twenty-two feet. He went to war and an Indian tried very hard to shoot him, but Colonel Wash. ington dodged the bullets every time. Along about that time he also crossed the Delaware and captured some prisoners. He became the first President of the U. S. and ever since then the American people have elected soldiers to that office. And now to the sorrowful denouement-Washington died. Just what he died of is a debatable question, of which Dr. Doane, of Williamsport, professes to know something. A big, wicked city of 100,000 in habitants stands to perpetuate his name. Let us as Americans honor his memory He is our hero-the only one we ever had. and present events indicate that we will never have another.

GREGG POST TO THE FRONT .- It would require a more extended notice than space and opportunity afford to do justice to the splendid attractions with which Gregg Post, G. A. R., has seen fit to entertain the Bellefonte public this week. It was company's Milesburg agent, will take the a fitting manner in which to close what position vacated by Mr. Kinsley, and will may be termed the "gay season" in Belleoubtless urge the superior merits of the fonte, before the advent of Lent next week. The journey up the two long flights of steps leading to the refreshment room was quite tiresome, but many assayed to accomplish that feat on Monday and Tuesday last and were well rewarded for the effort by the gay galaxy of ladies who greeted every arrival and invited them to take seats on hard wood chairs at crowded tables. The only oversight of the managers was that they crowded the tables so close together that those who eat were not allowed any space to swell, and consequently the same amount of tempting dibles were not consumed that would be impossible to mention the names of the officiated as cashier and took in considerable cash

After the physical man and woman were well satisfied an invitation was given to sufficient for both. repair to the "art gallery of ye ancient relics," where, in fancy, the mind was transported back to the time when our fathers and grandfathers participated in the statemanlike discussions of the Centennial Congress or wielded their swords Wilson, of New York City, and John in the bloody battles of the Revolution. There were the portraits of the ancient gentlemen, their faces peering out from high collars and their "continuations" encased in knee breeches and silk stockings. While these were looking at you from their rove to the other relics upon many of Psalmist's four score years, he still retains which the dust of centuries was still cling- a vigorous body and an unclouded mind, ing. Reverent awe was awakened in the most careless mind. How many paused long to look at the rebel officer's coat worn by the man captured by J. Gilbert Beaver. brother of Gen. James Beaver, in one of the contests of the "late unpleasantness," Less gaudy, but more dear were the coats bearing the bullet marks made when Gen. Beaver himself was wounded at Chancellorsville, and the one worn by Major R. H. Forster, when, before Petersburg, a cruel bullet pierced his breast. But-we desist as it was not our intention to enumerat the different articles displayed, but those who failed to visit the gallery will always

regret not having done so. The very fine concert given under the auspices of the Post on Tuesday evening was a success in every particular. The Bellefonte Orchestra, Jubilee Singers, and the male and female soloists all excelled themselves in the quality of the music rendered. The audience was large and very enthusiastic. The gross proceeds of the festival, art gallery and concert amounted to \$352.90. The outlay will probably exceed one hundred dollars, which will leave a very respectable net balance.

PLEASANT GAP JOTTINGS .-- Everybody at the Gap feels jolly this week, as we have just closed six days of amusement such as has never been equaled in this place before. On Monday evening, the 14th instant, the rehearsals began, continuing every day and night of the week. On Thursday night, after the musical exercises in the church, the class proceeded to Mr. Haag's Hall, where two hours were passed most harness, cultivators, ½ interest in separator pleasantly tripping the "light foot." On Friday evening, after the concert, the class repaired to the residence of Mr. A. V Miller, where they indulged in amusements similar to that of the previous night. No doubt some of the same sneak thieves were in the crowd on this occasion who took the cake at the Band festival some time ago, for a cake, some apples and sundry we have always considered that story of other articles mysteriously disappeared. Saturday evening-on which was to occur the grand finale musicale-at length arrived. The house was crowded to overflowing and the musical exercises were great success. During the brief intermission an animated little speech was delivered guished teachers. In his well worded remarks he said that music has peculiar charms on the human race : It makes the soldier brave in battle and soothes the innocent babe to sleep. He also remarked that sulphur water has the good effect of puckering the tattler's lips. After the concert at the church was over, the musicians went to Mr. John Noll's house and finished up with another little hop. They did not disperse until after the first cock crowing ; and if the Sabbath was not broken outright, it was badly bent.

-Everything is quiet along the lines now, and the Gap has settled down to its customary dullness. There is nothing to demand the attention of the people except to settle up the affairs of the musical convention, which the committee in charge is abundanily capable to do.

-Those Republican friends of General Beaver who were so sure of his election to the U. S. Senate feel greatly disappointed since the tide has turned against him. Many think his chances for the Governorship are not so good as they were before. But such is life-"There's many a slip 'twixt the cup and the lip."

THE MILLHEIM EVENING GERMAN SCHOOL.—Last week we stated, on reliable authority, that the very enjoyable entertainment of the Millheim Evening German School, recently given with such success at Millheim, would be put on the boards before a Centre Hall audience on Saturday evening, the 5th of March. We infer. however, that the managers have changed their programme, as we have just received information from Mr. Adolph Miller, under whose supervision the affair was given, that it will be repeated in the Town Hall at Millheim on the date given above-March 5. The programme has been en larged and improved. The exercises are both amusing and instructive, and the en tertainment should, as it doubtless will, attract a large and enthusiastic audience.
