"If all the mothers of all the birds
Should happen to meet some day—
In shade or glen,
No matter—and one should say:
"Which are the brightest and best of birds?"
What would be each proud mother's words—
Robin or skylark, wren or crow?—
"Mine are the sweetest birds I know!"

And boys were to meet some day—
Fram countries grand
Or far Lapland say:
"Whose are the sweetest girls and boys,
Spite of their rogish tricks and noise?"
I know a mother would whisper true.
"Mine are the darlings!"—meaning you

-There are a large number of summer visitors scattered throughout town.

-George Tome, of Jersey Shore, is at present a guest of Col. D. G. Bush. -Gov. Curtin is having the front por

-J. L. Spangler, Esq., has been chosen a juror in the United States Court at Erie. Many are called but few are chosen. -Clothing is a large item in the expen-

ses of all gentlemen, but it can be reduced to the minimum by buying at the Philadelphia Branch. -Mrs. Emma McClellan, of Altoona, is

visiting her parents, Mr. and Mrs. D. M. Wagner. She has her three interesting little children with her.

-George O. Boal, of the Philadelphia Custom House, is in town on a visit to his family. Mr. Boal is a welcome visitor-He will remain several days.

-Mr. A. S. Grow, of the Lock Haven Daily Journal, spent Tuesday evening in Bellefonte. Mr. Grow has many friends among our citizens and always receives a hearty greeting from them.

-Billiards and pool are all the go now, and the Conrad House billiard parlor is the place to find every accommodation in that line. Here is also found a fine assortment of cigars and tobacco.

-The statement of the Morning Mews of Monday, that Mr. James Pierrepont, the present efficient Superintendent of the Scotia mines has been removed, is not correct. Mr. Pierrepont still deservedly holds his old position.

-We have received a poem from 'Maud' entitled "I wish I was a bird." We thoroughly enter into the spirit of this wish. If we were a bird and 'Maud' were a bird we would suggest, in view of the state of the thermometer, an aerial trip in search of the "Jeannette." The verses are good but we have not the space to publish them.

-Francis Speer will open his select school at Pleasant Gap on the 1st of August. Francis, who is well known in present. Bellefonte, designs his school for the children of farmers, and appropriately calls it the "Harvest School," After the toil of garnering the golden grain, nothing could than the physical relaxation of the school

-While a peripatetic Irishman was calmly sitting in front of the billiard room one day last week, a wag put a large fire cracker under his chair and the explosion disturbed the gentleman's philosophic reflections on Gladstone's Land bill. Like every denizen of the Emerald Isle he had an immediate desire to get even with the party who had wasted the powder on him. Accordingly he went across to Wilson's fruit store and asked for something that would make a great noise. Mr. Wilson produced a large fire cracker, but that didn't suit him; he wanted something that would waken the echoes. There was a pyramid of pop corn balls about the size of an ordinary base ball, covered with red tissue paper, piled up outside and Mr. Wilson told him they were torpedoes, and he immediately purchased one, crossed the street and threw it into the crowd who played the original joke on him. Of course it did not explode, and Mr. Daniel Garman, who was present, quickly picked it up and throwing it with great violence on the ground, exclaimed, "Now it will go off." The character of the missle now became apparent and for once an Irishman was

-Vennor might have made his hot term for July come a few days earlier. It began about the 8th. The prediction was from the 12th to the 20th. For the balance of the month he says: "Within a few days of the close of July, likely in the neighborhood of the 27th and 28th days, a cool to cold wave may occur, carrying frosts in Canada and cool weather enerally with storms of wind, hail and rain over the United States. Where storms have been severely felt in Western and Southern States during June, there again will the severe storms of July be felt : notwithstanding, however, these frequent and severe storms during July, frequent alternations of fine, hot weather will probably counteract to a great extent damage done to grain and other crops in the West.

-Messrs, L. B. Wolf and Geo. W. Mc-Sherry, two young theological students, have been appointed by the Rev. Dr. Eells. Secretary of the Pennsylvania Bible Society, to distribute and sell Bibles and Tesaments in Centre county. Work has been begun in Bellefonte and the young gentlemen will make a thorough canvass of the county. Their object is to sell and distribute the Sacred Word. We ask the munity, to these young Evangelists. Their mission should commend them to the kindy offices of all our people. The dissemination of the Word of God, in this age of doubt and disbelief, cannot but be of great good. Any one who may be disposed to contribute toward this good cause can do so and their contributions will be gladly received.

-The residence of Dr. Thomas R. Hayes, on Linn street, was visited on Wednesday night of last week by a party of burglars who succeeded in getting away with considerable plunder. Among the valuables taken were the Doctor's gold watch, twenty dollars in money found in his pocket book, and several articles of jewelry belonging to Mrs. Hayes. The it is properly conducted. thieves effected an entrance by placing a ladder against the side of the house which reached to an open window of the second story, through which they passed without arousing the inmates sleeping in the room in which they landed. They were undoubtedly experts at the business, for they did their work so quietly that no legality considering the recent act of asone in the house heard the slightest noise or had the least iden of the presence of burglars until morning.

Dr. Dobbins is attending him and reports him as doing well.

> -The Lock Haven Normal School appears to be in a flourishing condition. Forty-two pupils graduated at the institution last week and it is said that the school has reached a high state of efficiency. Previous to his death, Gov. Bigler was president of the board of management, and took great interest in its success. It has an able set of officers and directors at | ing store, this place.

SUDDEN DEATH OF HENRY G. CHRON-ISTER .- We were deeply grieved to hear of the sudden death of Henry G. Chronister, Esq., of Huston township, which occurred at his residence on Tuesday night, July 5th. Mr. Chronister retired to his bed in the evening in his usual health and was found dead the next morning by his It is supposed that heart disease was the cause of his sudden and unexpected end. The deceased was a prominent and useful citizen of the locality in which he lived, always taking an active part in politics and in the local affairs of his township. The last time we saw him in Bellefonte was on the day the school directors convention met in the Court House to elect a county superintendent. He was a member of the body and greatly interested in its work. He was an intelligent man, always visited the printing offices when in town, and never left without carrying away with him a bundle of old exchanges to read at home. Mr. Chronister was about sixty-four years old, and leaves a large family to mourn an irreparable loss. His funeral took place on last Friday and was largely attended.

PRINTERS' PICNIC .- At a meeting of the Executive Committee of the Juniata Valley Printers' Association, held on Friday last, it was resolved to hold the next annual picnic or excursion at Bedford, on Friday and Saturday, September 2d and 3d. It was ascertained that accomodations can be obtained for the members of the association and their ladies and families at rates ranging from \$1.00 to \$1.50 per day, with from one-half to two third rates for small children. Let our prayers, therefore, with such intention, go up to Heaven not only in the privacy our homes but also in our public and solemn services. And that our voices may be heard in one accord, as is ever most acbe heard in one second, as is ever most se-ceptable to God, I hereby recommend the recital of the Litany of the Saints by the Reverend Clergy with their congregations next Sunday before or after Mass in all the churches of this diocese, in thanksgiv-ing for the President's happy escape from instant death and his safe passage thus far through the grave perils of his condition; and also in earnest invocation that he may be speedily restored to health and vigor, and that the Almighty may direct him and give him good and wise counsellors so that he may fully and worthily discharge the great functions of his office, and that through his administration the blessings of

A WARNING .- That persons may easily e poisoned by drinking lemonade made n an ice cooler lined with lead or zinc has een clearly demonstrated at Harrisburg. The Patriot, of that city says that on "Wednesday of last week the employes of four gentlemen and a lady drank lemonade made in the water cooler of the establishment. It appears that the acid of lemons used formed a coating of actetate of lead on the inner surface of the cooler after the beverage had all been drawn out day, another cooler full of lemonade was made, and the employes drank freely of the beverage which had become thoroughly impregnated with lead. In the afternoon all became quite ill with a sickening burning sensation in the stomach, followed by violent retching and vomiting. The cause was discovered and antidotes of milk, etc., were taken and mischief from poisoning prevented. But for the victims having drank large quantities of the beverage a very serious poisoning affair might have occurred. Housekeepers should use no other vessel, save a wooden bucket, or China, glass or earthern ware in which to make lemonade.

A FOOL ONCE MORE .- "For ten years my wife was confined to her bed with such complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago I saw a United States flag with Hop Bitters on it, and I thought I would be a fool once more. I tried it, but my folly proved to be wisdom. Two bottles cured her, she is now as well and strong as any man's wife, and it cost me only two dollars. Such folly pays .-H. W., Detroit, Mich .- Free Press.
