"What will to-morrow bring to m A maiden asked of the stars o'erhead: A diamond bright, or a pearl from the sea, Or a lover true ?" the maiden said. In the stars smilled brightly, calmly down, Into the questioning upturned face, and it with a glory her golden crown, But the future, there, she could not trace.

"What will to-morrow bring to me?" A mother asked the evening wind, "News from my boy?" In reverie fler thoughts were with him, pure and kind. But the wind, the rover, what cared he, For a mother's yearning, heart weighted down, He whistled away, gay and care-free, And told her nought; she was sorrow's own !

"What will to-morrow bring to me?" A woman asked, with head bowed low; With prayerful lips, on bended knee. Where sorrow had its ebb and flow '---"Peace?" A b? but the silence regimes of For whom can pierce time's sombre gloom? Her heartache yet awhile remains--The darkness yet engulfs the room.

"What will to-morrow bring to me '" Is it not the question of each and all? Will some piquant fay, in childish glee, Come answer the never-ceasing call? Ab; patient wait for good or ill, A few brief hours but intervene : Improve these moments well, until Times's curtain's up, you view the scene

-The happiest man in town is the one who has just bought a new suit at the Philadelphia Branch.

-Mr. Isaac L. Smith, the nice little gentleman in Montgomery & Co.'s store, will take up his residence after this week in Elmira.

-Harry Green is selling an extra Key West cigar for five cents. Smokers who have tried these cigars say they are the best to be had for the money in town.

-Rev. C. S. Long, of the church of the Disciples of Christ, will preach in the Central City school house, on Saturday evening, and also on Sunday morning, at ten o'clock.

-Mr. Lewin, of the Philadelphia Branch Clothing house on Alleghery stree, Bellefonte, defies competition. In quality, style and price, his clothing will be found superior to any in town. Call and be convinced.

-Green's Liver Pills have had a local reputation for the past 25 years, as the best remedy known for Liver Complaint and kindred diseases, and the constantly increasing demand for them has induced the proprietor to give them a more extended circulation

-Mr. John Irvin, a brother of the late General James Irvin, and some years ago a prominent citizen of Harris township, is at present visiting relatives and friends in Centre country. Mr. Irvin at present resides with a daughter in the city of Chicago. He is no doubt greatly enjoying his

ing account of a shooting affair which occurred at Houtzdale, on last Saturday a week ago : "Two brothers, named Robert and Alexander McKenzie, own and live upon the spot where the difficulty occurred, their sister keeping house for them. They have a well on their premises at which some of the neighbors have, hereto-

For some reason or other the McKenzies have lately denied this favor and warned certain ones that if they persisted in coming to the well they would use force to prevent it. Whether legal forms were complied with or not, or whether due notice was properly given, we don't know, but we have been informed that it was through a refusal to comply with the Mc-Kenzie's edict in regard to this matter. that John Muir was shot. Muier says Alexander McKenzie done the shooting, and Robert McKenzie says that it was he who shot Muir. Thus the story is contradictory at the start. Muir recived a numsecured a merger of the New York, Pittsber of squirrel shot, from a shot gun, in his left arm, breast and face. One of the shot entered his cheek near the nose, passing clear through that organ, under the flesh of the opposite cheek, and across the eye, cutting quite a gash the width of the white, but not injuring the sight perceptibly, though very painful. All the parties to this affair were before the squire. The orothers McKenzie were bound over to ourt on the charge of assault with intent o kill. Alexander under fifteen hundred speculation as to whether this is the object The Rev. J. Tominson preached in Engbrothers McKenzie were bound over to to kill. At Milton a connection can be made with the Philadelphia have delicate and responsible duties to perform and it is of supreme importance that it be made up of men of character, standing and intelligence. The ticket to be nominated should be made up of the very best material that is before the people, and in order that such will be the result of the deliberations of the Convention the exercise of sound judgment and discrimination become a necessity. The canvass for the various offices has been earnest and animated and yet upon the whole has been conducted by the candidates with an unusual degree of good temper and with freedom from personalities and animosities for which they deserve commendation. We trust the same spirit will prevail in the convention, and that when the ticket is made it will command the respect and the active support of every Democrat in the county. But go to the delegate election on Saturday, vote your instructions and elect your best representative men to the onvention. VENNOR .- The following are Vennor's

-The many friends of Mr. and M W. W. Potter were exceedingly pleased greet them, on last Saturday evening, their return home from their trip to West. They both return in better heal than they enjoyed when the journey w undertaken, and express themselves highly gratified with the pleasures they experienced during their absence.

-We are sorry to note that Mr. Newton S. Bailey, for over two years connected with the DEMOCRAT, but lately residing in Wilkesbarre, has been obliged to return to his home on account of illness. He is suffering from an attack of malarial fever. We trust the pure, bracing air of Bellefonte will soon restore him to good health

-Competition is the life of trade, and the trader who keeps the best goods and the neatest store will always draw the patronage. Especially is this true of H. Sechler & Co.'s grocery store. Notwithstanding large competition in the same line of business, they still continue conducting their business in the same success ful manner which has always characterized them.

-A correspondent of the Lock Haven Daily Journal, Rev. J. Davis, under date of July 28, 1881, tells of a snow storm which he saw on that day passing over Nittany ridge. He says, "snow fell for about three minutes and the flakes were about 11 inches wide ; but melted as they touched any objects." This seems almost incredible, but, in addition the word of Rev. Davis, the story is vouched for by Gilbert and Elmer Davis and Henry Eagan.

-The Osceola Reivelle wants a new bridge built across Moshannon creek at Osceola, and wonders why the County Commissioners of Clearfield and Centre have taken no notice of the action of the grand juries of the two counties agreeing to unite in that work. Our contemporary wants an explanation and hopes that a friendly flood will dispose of the old structure which spans the stream at that place, so that those travelling from one ounty to the other may have safety, at least, while the water is low.

-The meeting on last Monday night to perfect the organization of a Board of Trade was very slimly attended. So little interest is manifested in the matter by the business men of Bellefonte that it was pre pared to adjourn sine die. Probably this is the last we shall hear of a Board of Trade for some time.

-Mrs. R. C. Cheeseman and children left Bellefonte, on Tuesday, for Washington city, where the family will in future reside. Maj. Cheeseman has a nice position in the pension bureau and will no doubt like it all the better with Mrs. C. and the little ones near at hand.

pleasant weather with cold evenings annights, with indication of returning heat.

ANOTHER COMET .- Schaberle's comet is now visible in the northeast from about about 2 A. M. till daylight. In the first week in August it will be discernable to the naked eye, and even now may, to those who know the use of an astronomical atlas and will take the already published data for guidance, be seen through an opera glass. After it becomes visible to ordinary observation, it will appear in the northwest horizon in the evening after twilight, and will doubtless increase in brightness from evening to evening as it makes its apparent progress towards the west. It will on no evening be visible more than an hour, and in the first week of September it will last be seen at a point in the horizon about due west. Thereafter it will be visible, with diminishing brightness, to astronomers

and others in the Southern hemisphere. -Mr. McNulty, a very pleasant young

gentleman from Jersey City, is at present visiting friends in Bellefonte and Spring township. Under the efficient care and guidance of Mr. Ed. Woods, he seems to be realizing all possible pleasure from his sojourn amongst us.

-A Lewistown youth walked out of a second-story window the other night sustaining injuries to one of his ankles and other parts of his person. The fall didn't disturb his slumbers, and it was only when his mother, who heard the racket and started on a tour of investigation, opened the front door and flashed the light of a lamp in his face that he awoke and began to take in the situation.

BE WISE AND HAPPY .-- If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug curealls, that do harm always, and use only nature's simple remedies for all your ailments-you will be wise, well and happy, and save great expense. The greatest remedy for this, the great, wise and good will tell you, is Hop Bitters-rely on it. See another column.-Press.

A FOOL ONCE MORE .- "For ten years my wife was confined to her bed with a complication of ailments that no doctor could tell what was the matter or cure her, and I used up a small fortune in humbug stuff. Six months ago I saw a United States flag with Hop Bitters on it, and I thought I would be a fool once more. I tried it, but my folly proved to be wisdom. Two bottles cured her, she is now as well and strong as any mark with a for a fo and strong as any man's wife, and it cost me only two dollars. Such folly pays.-H. W., Detroit, Mich.-Free Press.
