THE ARIZONA SETTLERS PREPARING FOR THE EXTERMINATION OF THE APACHES.

SAN FRANCISCO, Sept. 16.—A dispatch from Tucson, Arizona, says: "Acting Gov. Gosper has secured organizations of minute men, at all outlying camps, and will have a sufficient number of arms to supply them. The restless spirit of the Indians at the San Carlos reservations forbodes trouble. It is the general desire to see the business settled now, and inasmuch as the people are well armed, a more auspicious time could not be opened for settlers than now. Settlers on the lower San Pedro have organized a company of forty men, officered by experienced Indian fighters. They have sent word to Agent Tiffany, of San Carlos agency, to keep his Indians on their reservation; that all found of it will be treated as hostiles. This will doubtless breed trouble, as the agent has given his Indians heretofore their full liberty, and it is doubtful if they will obey any order in this instance. The San Pedro settlers are determined to carry out their resolution. Col. Price is moving with his two companies of cavalry for the north, toward Apache, where he will co-operate with Gen. Carr. Col. Sanford will be in the same neighborhood about the same time. All three of these officers are experienced in Indian warfare. It is the intention of the courts which have jurisdiction over the localities of the massacres, and other places where Indian murders have been committed, to indict the guilty Indians, so far as their names are known. The sheriff or marshal, as the case may be, will summon a posse, and there will be no trouble in securing a thousand men to assist in the work. They will probably get on the reservation and seize the guilty men, and, if necessary, resort to such measures as will save the expense of a trial. The people are thoroughly aroused on the question of the removal or extermination of the Apaches. Memorials to Congress will be sent from every settlement in Arizona and New Mexico, asking aid in the matter. There is but one opinion on the point."

The Gazette has the following special from Wilcox: "Headquarters moved to Grant yesterday; from thence they will move to camp Thomas to day or tomorrow. Some excitement prevails among the Indians on the San Carlos reservation. Troops are marching to the front on foot. There are not sufficient horses to mount all the men. Supplies are being forwarded by Col. Hodges as fast as they arrive. The measure of Gen. Wilcox in concentrating all his forces in the vicinity of the hostiles has had the effect of keeping them in the vicinity of Cibien creek. The hostiles tried to get communication with the reservation yesterday. Scout parties have destroyed large quantities of Indian stores. Their atrocities are being confined to Tonto basin and Cibien."

Appeal for Aid.

GOVERNOR JEROME'S STORY OF THE DISTRESS IN MICHIGAN.
DETROIT, Mich., September 16.—Gov. Jerome has issued a proclamation to the people of the United States appealing for aid for the Michigan sufferers by the forest fires. He says the destruction of property will be great in the four counties affected, and in some whole townships complete, and that 200 lives have been lost by burning and suffocation, while many have become helpless through injuries and exposure, and some are blind.

The number of men, women and children left without shelter is estimated at 15,000. The benevolence of citizens of the State has responded promptly to the first necessities of these afflicted people, but ample time has elapsed and sufficient details have been received to make it evident that a wider appeal is needed. The destitution prevailing in the suffering counties is appalling. Entire neighborhoods are involved in the common calamity, and cannot help each other. The sufferers have no provisions except such as are brought from a distance, and no utensils to cook with. The necessities of life, both large and small, have been destroyed. They need shelter, clothing, shoes, cook stoves, kitchen utensils, beds and bedding, wagons, harness, ploughs, hoes, tools of all kinds, seed for future crops, and whatever helps to make men self-supporting. Timely help will enable them to go through the coming winter and to become again an independent community. At present they are penniless, needy sick and suffering. Many of them are in debt.

The Governor concludes his proclamation in these words: "I appeal under circumstances like these to the people of other States, and ask them to co-operate in their abundance with the citizens of Michigan in relieving their destitution. Nothing will be wanting here in duty to the afflicted sufferers, but the demands are too great for the people of the State to meet alone. An organization for the relief of the sufferers by these fires exist at Detroit, the commercial metropolis of the State, and systematic plans of relief have been established. The committee having them in charge is composed of well-known, competent and responsible citizens. Money and supplies sent to its chairman, Hon. William G. Thompson, Mayor of Detroit, will be faithfully applied."

CHICAGO, September 16.—Seventeen banks of this city yesterday authorized the Clearing House to forward \$1700 to aid the Michigan sufferers.

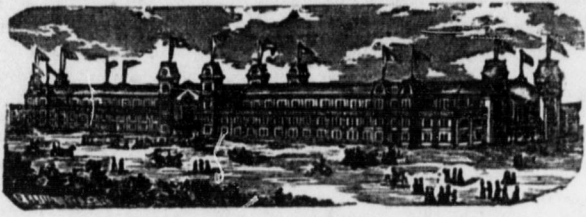

The Fondlest Hopes Decay.

From the New York World.
Much more was hoped from Postmaster General James' administration than we can now expect. Its patronage is used in Virginia to promote the cause of Reputation and Mahone, and in the absence of Mr. James from the capital the charge of his department devolves on Mr. Tyner, who is generally regarded as a friend of the Star-route ring, and whose retention in office when so much ostentation was displayed in dismissing Brady gave well-wishers to the cause of reform their first chill of apprehension. The ring in the Treasury Department is as brisk and busy as ever, and although it looks very much as if the reforming surgeons had come to the conclusion that it would be fatal to attempt to remove the patient from the tumor.
