Local Department.

.The street is a bad school for boys and girls.

-Christopher Columbus always paid for his local paper promptly.

-About the best thing after all in this world is pure water.

-According to Vennor we shall have plenty of rain now. It seems, however, to be a long time coming.

-Our enterprising friend, Mr. Gotlieb Haag, of Pleasant Gap, we understand, put his grist mill in operation at that place on Tuesday last.

-Ry a late act of assembly there are only two months in the year in which you can kill rabbits-the months of November and December.

-To remove substances from the eye make a loop of bristle or horse hair, insert it under the lid, and then withdraw slowly and careful. This is said to be never-fail-

-Mr. McOmber, the urbane and gen tlemanly clerk of the Brockerhoff House, has been very satisfactorily conducting that hotel during the absence of the Messrs. Brockerhoff.

-Miss Bessie Allen, one of Bellefonte' loveliest young ladies, will leave on Saturday for Montoursville, Lycoming county, where she will attend a select school dur ing the winter months. She will be much

-Amos Harper, of Warriorsmark, Huntingdon county, sowed 12ths. of White Russian Oats last spring, and got 18 bushels by measure and 211 bushels by weight. He is one of the scientific farmers of his

-The annual business of the Centre County Sabbath School Association neces sary for regular report and representation at the State Convention, will be transacted at the Jacksonville Convention, on Tuesday, October 11.

-Judge D. M. Wagner safely passed his 60th year on the 21st ult, and cheerfully entered upon the path that leads to man's allotted time on earth-three score and ten. The Judge looks as if he would make it and have some to spare.

-What is more disagreeable than to be thrown in contact with people having bad breath? If it could not be prevented it might be excusable, but when so perfect a remedy as Green's Liver Pills is to be had it is simply inexcusable.

-Col. Frederick A. Conkling, of New York, said in a speech last fall that Chester A. Arthur was the best dressed man in the city of New York. It has just been discovered that he buys all his clothes from Lewin at the Philadelphia Branch.

-Loeb's have within the last few days been receiving car loads of goods and are daily adding to their immense stock, for they are determined to supply the wants of their friends and customers. We would advise our friends to give them a call.

-It has been decided that no proprietor of a hotel has any right to sell strong drink after the closing hours of election, as the day does not end until midnight. Many of the hotel keepers hand over the beverage as soon as the election polls are closed. This is wrong and very apt to get

-We are in receipt of a new song entitled, "He Sends his Love to you," published by Bunnel & Aikens, Bellefonte Pa. A most beautiful, appropriate and touching tribute in memory of our lament ed President's tender message to Mrs. Garfield at Elberon. Price, 40 cents; to be throughout the United States.

-Jas. C. Dougherty, formerly of 'the Brady House, Harrisburg, and late of the Central Hotel, Pittsburgh, is now the presiding genius in the elegantly refitted sample rooms of the Brockerhoff House. Mr. Dougherty is a pleasant, affable gentleman and an expert in catering to the wants of the disciples of Bacchus. He is also an accomplished billiard player and is putting our local champions on their mettle.

-A lady writes to an exchange that the following is an excellent way to tell whether canned fruit is going to keep or not: "The next day after canning stand your cans on their heads for an hour or two. then right them, and if no moisture i found on the rim, they are airtight, and will keep any length of time; but if the least drop of vagrant juice has found its way out they must be smeared over with sealing mixture or the fruit will surely spoil.

-Bellefonte has lost another of her charming daughters. On Tuesday evening, the 26th alt. Miss Nannie McGinley, s married at the residence of her fa ther, Daniel McGinley, Esq., to Dr. Coolidge, of Scranton, Pa., by the Rev. Pennepacker of the M. E. Church. Miss Mc-Ginley was one of the most beautiful and omplished of our society young ladies and she will be sadly missed by a large cir-cle of admiring friends. Thus it is. The darts of Cupid are Parthian arrows, and when they strike the citadel of the heart there is instant and unconditional surrender. Scranton is to be felicitated upon the valuable acquisition Mrs. Coolidge will be to her social circles. We extend hearty congratulations and our best wishes to Doctor and Mrs. Coolidge.

-Our handsome fellow townsman, Mr. J. Howard Lingle, one of the proprietors of the large machine shops of Duncan Hale & Co., was married yesterday morning at 9 o'clock to Miss May Brower, at the residence of the bride's father at Bloomsburg, Pa. A few of Mr. Lingle's Bellefonte friends were present on the happy occasion. The wedding was a very quiet affair, only the relatives and im mediate friends of the bride and groon being present. The bridesmaids were Miss Ada Brower, a sister of the bride, and Miss Lottie Powell, of New York, while Mr. Frank Montgomery, of Bellefonte, officiated as the grooms best man. Rev. John Hewitt, of St. Johns P. E. church, of this place, assisted by Rev. Zahner of Bloomsburg, performed the ceremony. Messrs. J. L. Spangler and Keogh of Bellefonte, Beaston of Fowler, and J. C. Williams of Baltimore, acted as ushers. Immediately upon the conclusion of the ceremony Mr. and Mrs. Lingle left for Philadelphia, from whence they will proceed to visit various places of interest in the South and East. Mr. Lingle is one of our best citizens and most reliable and enterprising business men, and the good wishes of all who know him will follow him and his accomplished wife into the future upon which they are just entering. Mrs. Lingle has frequently visited Bellefonte and is highly esteemed by a large circle of friends. Upon their return Mr. and Mrs. Lingle will occupy apartments at the Bush House.

-The latest humbug in the way of insurance is now under way in our neighboring county of Union. It is called the "Mutual Assessment Birth Association, and provides that legitimanied members who have been connected with the com pany one year can have their infants, born after a marriage of one year, insured. That is, they can secure from \$1,000 to \$3,000 when their infant is born, after one year of married life. A policy of \$500 costs \$4.50, and for \$3,000, \$24. All members are taxed \$4 per annum, payable semi-annually. To illustrate the operations of the company better it may be said A and B marry. They take out a policy for \$1,000 at once. They pay \$9 for it and \$4 additional as yearly dues. At the end of their first year of married life they pay another instalment of \$4 annual dues Then, as soon thereafter as a child is born to them they are to receive full face value of their policy. No birth within a year after marriage is paid for. No allowance is made for twins, or triplets. Each member must pay a \$1 assessment whenever s child is born in the class. There are no assessments the first year, but the annual dues must be paid, no matter how long the enild lives.

-Somewhat to the surprise of all our itizens, a circular announcing that the Bellefonte car works would be sold at public auction on the 27th of this month, has just been issued, accompanied by a complete inventory of all the machinery and tools used in the construction of freight cars. The circular gives an accurate de scription of location, power and capacity and invites capitalists to be present at the sale. The cause of this sudden move is not known, as it is understood the shops have large contracts and have so far been remunerative. What do our moneyed men say to a Bellefonte syndicate that will purchase these works and conduct them with home capital? The bank vaults are piled high with the unemployed wealth of many of our citizens. Let the spirit of enterprise come to the rescue and not permit this great industry to find its way into foreign lands. See advertisement of sale

-On last Friday evening a son of Mr. Walter Keeler, of Logan street, accidently shot his younger brother while toying with an old pistol, which as usual was supposed to be unloaded. The ball entered the right shoulder lodging against the shoulder blade. The wound is fortunately not serious, and we are thus spared the chronicling of another dreadful tragedy from the careless handling of fire arms The ball has not yet been probed for, ow. ing to the swollen condition of the wound. The press for years has teemed with cautions in reference to the almost criminal recklessness with which people use deadly weapons. The youth should feel profoundly grateful to fate that he is not now lamenting the death of his little brother, and we hope his narrow escape from a ter rible misfortune will bear with it a salu

-Mr. and Mrs. Robeson Baird, of Illinois, are at present visiting relatives and friends in Centre county. It is twentyseven years since they left Centre county to make their home in the West, and their. return to the scenes of their younger days has given them much pleasure. They have been warmly greeted by many old friends. Mr. Baird made a pleasant call at the office of the DEMOCRAT the other day, and we hope he will not forget to

-A young lady met her gentleman friend in front of the Cantre County bank on Monday evening, "Oh, John!" she cried, "where did you get that lovely suit-I never saw you look so nice, so awf nice?" "From Lewin at the Philadelphia Branch," he was heard to say as he tucked his daisy under his arm and walked away.

-The finest stock of clothing and gentlemen's furnishing goods ever seen in Bellefonte can now be purchased at Lewins' Philadelphia Branch.

-There have recently been many alarms of fire sounded upon our streets and the fire companies have in every case responded with commendable promptness. They, in almost every case, proved to be false alarms, but the fire boys were none the less prompt for that. This is right. Better bring their hose carriages out a dozen times to false alarms than fail to be on hand when they are needed. This was lemonstrated last week when Peter Mc-Mahon's house was on fire on reservoir hill. In the afternoon an alarm was sounded and the Undine company was ready in a moment to climb the steep ascent. The fire proved to be trifling and was out before the Logan boys could reach their hose house. At night the alarm was repeated and from the same place. Both companies were promptly on hand. This time there was fire and but for the energetic action of the firemen would have been serious. The Undine boys pushed their carriage up the steep hill, but as there was no plug nearer than Allegheny and Bishop streets their hose would not reach. The Logans put in an appearance a few minutes later, when uniting the hose of both companies, the fire was soon extinguished. Mr. McMahon's loss is light and is fully covered by insurance.

-Mrs. Nancy Thompson Reed, died at her Allegheny street residence, on last Saturday evening at 6 o'clock. Mrs. Reed was in her 84th year, having been born in 1798. She was married in Mifflin ounty in 1819 to Foster Milliken, who died twelve years later. Four children were born to them, of whom three survive. namely, Samuel, James and Marion, Thompson Milliken having died about ten years ago. Samuel Milliken resides in Plainfield, N. J., and is engaged in business in New York. He was immediately apprised of his mother's death and came here by special train arriving about noon on Sunday. Mr. James Milliken is in Europe with his neice. The daughter has been the constant and faithful companion of her mother and has resided with her almost continuously since the death of Mrs. Milliken's second husband, Colonel William Reed, which occurred a few years ago. Mrs. Reed was a woman of wonderful endurance, as her remarkable age attests. After life's fitful fever she has gone to rest. Mrs. Milliken was buried yesterday at 2 o'clock.

-In the golden glory of these autumnal lays the imaginative and poetic person is abroad in the land. Wrapt in ecstatic contemplation of all the wonders and beauties presented by the prodigality of nature, he s lost to all the trials, triumphs, ambitions, plottings, and other things that are going on in the world. He is suddenly recalled to mundane things by a decided voidness in his stomach, and scorning all that appeared so lovely to him but a moment before he immediately goes to Sechler & Co.'s grocery store and lays in such a supply of first-class groceries as makes his wife smile more genially upon him than ever nature did. Sic transit gloria.

-Dr. J. S. McKenzie, the New York occulist, who is at present stopping at the Brockerhoff House, is said to be one of the best opticians in the country. The Doctor has been in Bellefonte previous to his present visit and is well known to many of sour citizens. Our friend Deiffenbach, the Winton Democrat, recently came to hellefonte to consult Dr. McKenzie as to his failing eye-sight. Mr. Deiffenbach was fortunate enough to secure a pair of glasses that have almost entirely removed his difficulty. Mr. Dieffenbach speaks in the highest terms of the proficiency of Dr. McKenzie and the Alderman's judgment can always be relied upon.

-Our enterprising mercantile firm of S. & A. Loeb have established for themselves within the last few years a reputation for selling the best ready-made clothing in Central Pennsylvania. It is a reputation which they justly deserve for their well made garment. Their sales have been so large in this particular line that Messrs. Stein, Adler & Co., of Rochester, have given them the exclusive sale of their goods. Persons who have purchased these goods once do not want their measure taken by any merchant tailor, for they give perfect satisfaction in all esprets.

-From present indications the office of the Bush House, when entirely refitted and changed will be one of the finest and most complete in the State, not excepting the elaborately finished offices of the hotels in the large cities. Mr. Teller, with a persistency that does credit to his taste and judgment, has banished the sombre hangings of the office and it is already resplen dent in its dress of pure white. Many changes have been made and more are contemplated. When all is done we will give a description of what promises to be the model hotel office of Pennsylvania.

-An annoying blunder occurred in the short announcement of the marriage of our excellent friend, Dr. J. Jordan Desher, made in the DEMOCRAT last week. The happy bride's name was Ella E. Hemphill, instead of Campbell, as it was misprinted. With this correction we again wish our young friends a long life of happiness and prosperity.

—The Legislative committee, to investi-gate the affairs of the State College, stop-ped at the Bush House and all speak in the highest terms of Mr. Teiler's kind and

ITEMS FROM SPRING MILLS AND VI-CINITY .- Rev. John M. Evans, of Curllsville, Clarion county, and son of James Evans, of Penn Hall, has been spending a four weeks vacation with his parents and brother's family. He also paid a short visit to his brother, Rev. Cryder Evans of Pottstown, took in the delights of the sea breezes at Atlantic city and made a pop call at Lancaster to see his Alma Mater. He left last week for the scene of his labors. While here he preached in the Salem Reformed churca near Penn Hall, from the text-"Thou art my Rock." It was an elaborate and well delivered sermon and every practical in its application. It was a source of great gratification to your correspondent to hear one who, years ago, was one of his pupils, expounding the truths of Holy Writ in so masterly and eloquent a manner, and his earnest prayer is that he may live long and garner many sheaves for the Great Master, and at last receive the welcome plaudit, "Well done thou good and faithful servant."

Major Fisher, of Penn Hall, has laid a lank walk in front of his property. The Major is one of the solid men of Penn's Valley who has accumulated a great deal of wealth by strict integrity and close attention to his business. His hundreds of customers can bear ample testimony of his honesty and fair dealing. Few stores in the valley keep as large and varied an assortment of goods as his contains. His prices, too, are low.

The following named persons have been hosen by the Board of School Directors of Gregg township, as teachers for the enuing term :

Penn Hall—Primary, Miss Maggie Han-na; Grammar, Prof. P. J. Vonada. Spring Mills—Primary, John Grenoble; Grammar, Prof. Brendle. Cross Roads—G. M., Musser. Vanzieka, William B.

Cross Roads—G. M. Musser Yearicks—William Brown. Muarry — Roush. Beaver Dam — Hiram Cain. Beaver Dam—Hiram Cain Mountain—J. Heckman. Decker—Ezra Smith. Polk Hill—F. F. Jamison. Gate—R. F. Fetteroff. Union—C. S. Stover.

Before the election of teachers the board voted negatively on the question, "Shall we employ any female teachers?" Afterward, owing to lack of material they recanted sufficiently to select one lady. The members of the board may think they were carrying out the will of their constituents, but men who are competent to act as school directors should know that women are the best educators. Women are generally more successful in instructing than men of the same calibre of mind and practice in teaching. The Board of Comptrollers in the cities recognize the truth of this fact, and employ none but female teachers below the highest grade and even some some of their principals are females.

I met Prof. Leib, principal of Bellente schools, and Prof. Hughes, principal of the Acadamy at the same place, in the vicinity of the celebrated Penn's creek caverns. Prof. Leib was visiting their farms while Prof. Hughes and a companon were searching for grey squirrels. The Professor was dressed in true hunter style and seemed to be enjoying the pure air of our valley.

Your kind letter explaining the non appearance of my communication in last week's paper, was duly received and its ontents noted. I heartily approve of your publishing in detail the addresses of the speakers at the memorial service, as it shows to the Republicans of Centre county that the leaders of the Democracy vied with them in doing honor to the brave man who refused to bow to the mandate of the "bosses." At Spring Mills a memorial service was held in the Methodist church by Rev. J. Benson Akers.

On last Friday, September 30, the select school of Prof. J. Brendle, closed its sumary society gave a public entertainment, which was attended by a crowded audience. Prof. Brendle is a law student at endeavors to procure a good fitting and Lebanon, who to oblige an old classmate, came to Spring Mills to complete the term of school which Prof. Bitner began before he went to Kutztown. The professor endeared himself to us all during his short stay in our midst, and our sincere desire is that he may return and teach the Grammar school this winter, a position to which he was chosen by the school board at their last meeting, but which, as he expressed it, there is a very remote probability of his filling.

Miss Maggie Hanna closed her sch Saturday, October 1. Prof. Keller, of the Penn Hall academy, closes his term next Friday. He will teach the Boalsburg Grammar school next winter.

[For the CENTRE DEMOCRAT.]

Four cheers for Rush township. Pro-claim to the world that Rush (not Walker) claim to the world that Rush (not Walker) is the banner county school district of Centre county. The board of directors have not raised the teacher's salary, as there was no need for it. They believe they are paying the highest of any in the county. They have not added another month but they have made it seven months this term as it was the last term. The school directors do not work to take this become tors do not want to take this honor to themselves, as the new directors elected last spring run on a long school term platform. So Walker must follow in the lead of Rush. Again I say four cheers for Rush.

HOWARD, Sept. 28, 1881. At a special meeting of the Garfield Club of this borough, in reference to the decease of our honorable President, James A. Garfield, the following resolutions were unanimously adopted:

WHEREAS, we have learned with heartfelt sorrow and regret the death of our

felt sorrow and regret the death of our beloved President.
