

ALL THE GOVERNORS.

The Harrisburg Patriot has performed a commendable historical duty by compiling a list of governors of the state of Pennsylvania...

The Expenses of the House.

General Davis' excellent newspaper, the Doylestown Democrat, in its usual pungent style, points out some of the features of our "rather expensive" State government...

There was no session in 1880, and for 1881, the Auditor General's report fails to set forth the expenditures in detail...

The Newspaper in a Farm House.

People who live in the great thoroughfares, where they have access to two or three dailies and six or seven weeklies, do not fully appreciate the value of a newspaper...

A Backwoods Adventure.

A Virginia banker, who was chairman of a noted infidel club, was once traveling through Kentucky having with him bank bills to the amount of \$25,000...

his alarm he suddenly espied in the distance a dim light, and urging his horse onward, he came at length to a wretched cabin...

In a short time the man of the house returned. He had on a deer skin shirt, bearskin hat, seemed fatigued, and was in no talking mood...

At length the backwoodsman arose, and reaching to the wooden shelf he took down an old book, and said: "Well, stranger, if you won't go to bed, I will; but it is my habit to read a chapter in the Bible before I go."

From that time he ceased to revile the good old Bible. He became a sincere Christian, and often related the story of this incident to prove the worse than folly of infidelity.

Keep it Up!

The political weather signals of the Philadelphia Times foretell calm weather for machine republicanism in Pennsylvania. Keep it up!

J. Donald Cameron is ready to embrace the erring independents, as he was to hug Charles S. Wolf to his bosom last May, in the hope that his reelection to the senate may be thus promoted. Keep it up!

A sugar lobby, a whisky lobby, a salt lobby and other lobbies of a similar character, are on hand at Washington to revise the tariff and "reduce" taxation. Keep it up!

John Stewart and the rest of the independent state senators are expected to support Reburn for speaker because Cameron has sheathed his scalping knife for the moment. Keep it up!

Reburn, the ring candidate for speaker of the senate, is to be elected in order to assist the passage of reform measures for Philadelphia. Keep it up!

The grand old party has been reformed, regenerated and rejuvenated, with Arthur, Cameron and Quay on top and the Philadelphia Times sounding the glad tidings throughout the land. Keep it up!

Not a Dollar a Day.

"Bulletin No. 302" from the census bureau which has just been emitted, shows that the average wages of all persons employed in manufacturing throughout the United States was in 1880, \$346.08, or less than a dollar a day.

In this list is included female labor, amounting to 26 per cent. of the whole, but many females get more than \$1.00 per day, and the list includes also the higher priced skilled male workers in all the various branches.

The census of 1870 showed the average to be \$377.64, or \$31.56 more than in 1880. During all those ten years the country grew richer. Millionaires were made by the hundreds. Corporations paid immense dividends. But the average employe in manufacturing was constantly growing poorer—if poorer he can be, after his earnings get down to \$1.00 per day.

The feeling of discontent this must naturally have produced, does not seem to have been taken up and recorded by the newspapers, but as in this land every man has a vote, it may well be assumed that it had something to do with effecting the revolution recorded in the verdicts at the late elections.

During all the ten years, it must be remembered, the Republicans were in almost undisputed power in the nation and nearly all the states.

The sum of \$1,700,000 has been spent by the Baptist home mission society in fifty years. Of this sum \$1,000,000 has been expended for the benefit of the Indians and the freedmen.

The Marquis de Lorne and the Princess Louise, as it is understood at Ottawa, intend to make a tour of four or five weeks in the United States, visiting Los Angeles and other cities of the Union.
