-You have not bought your out-fit of spring clothing, we know this because it has been too cold to wear anything tighter than what you have worn since last full, We have been thoughtful enough to lay in a supply of just such goods as you will need, and that soon because this cold spell cannot last long. Remember we are retailers and not engaged in the wholesale business, yet we can and will sell you one suit as cheap as any one can if you buy fifty. Our prices are the same to each and every customer and graded according to the quality and worth of articles, and in no case more than one brother should ask another brother to pay. We have been here for years and you all know us and our style of doing business.
