

**The People's Money.**

There are nearly four million dollars lying idle in the State Treasury. No, it is not idle. The Allegheny National Bank (Magee's) has \$820,838.65; Farmers and Mechanics' National Bank, of Philadelphia, \$822,972.19; People's Bank of Philadelphia, (Kemble's) has \$427,856.10; and Baily's bank, at Uniontown, has \$285,000. Millions for the bosses; not one dollar for the people. The Democratic State platform declares:

"The long-continued abuses and spoliation of the State Treasury and the defiance of law by its management make essential a radical reform, so that large funds shall not be accumulated by taxation of the people to be distributed among the favored depositors of State officials, but that all surplus in excess of the immediate necessities of the State government shall be invested in interest bearing State or Federal securities until it may be applied to the extinguishment of the State debt."

After copying the foregoing from the Lancaster *Intelligencer* the Doylestown *Democrat* states that in its opinion, long entertained the only way to prevent the "long continued abuses and spoliation of the State Treasury," is to create an "Independent Treasury" system for the State. Then the State will keep its own money, and there will be no opportunity for "spoliation." The truth is, both parties seem afraid to put the State Treasury entirely out of reach of party influence. It is very convenient, at times, to have a few hundred thousand of public money in bank, on which contribution can be laid for political purposes. As long as there is a chance for the people's money to be used in elections, there will be no earnest effort to change the system of keeping it.

**The Pennsylvania Democrats.**

The Democrats at Harrisburg yesterday were even more harmonious than the Republicans were some weeks ago. The platform is a forcible document, and relates mainly to State affairs and politics, protesting against notorious and long continued abuses by the Republicans, approving Democratic reform under Governor Pattison and asking for still more in the same direction. The platform is a very good one; the Republican platform is a very bad one; and independent voters in Pennsylvania ought this year to support the Democrats without question or hesitation.—*N. Y. Herald.*
