

ADDITIONAL LOCALS.

Our colored brethren are trying to start a brass band. Boys, you have an editorial blessing on the enterprise. Go in and blow, you seem to have good lungs.

Cal Brackbill gave his native town a short visit before taking in the boundless west. We wish him a pleasant trip. Cal, if you stay away any time, you will hardly know the town on your return, new railroad, new depots and new factories.

The Adelphe Orchestra gave an entertainment to Jacob Lyon, one of their number, a dance in the rooms vacated by the family of Thomas Burnside, Esq. It was a pleasant affair. As it was Jake's 21st birthday the music was gratis, but it was none the worse for that. Why need we send away to Lock Haven and other places when we have such orchestral talent in town.

Platform of the State Patrons of Husbandry.

We comment upon this editorially. OUR PLATFORM.

The enforcement of the constitutional provisions of our government, state and national.

Equal taxes on equal values—and the assessment of all visible and invisible property for local government.

Making it a criminal offense for members of the legislature or officials of the state government, or judges of the courts to accept, or railroad companies to offer, free passes to public functionaries.

Prohibition of discrimination in freights on railroads between individuals and localities.

The introduction into the public schools of primary agricultural instruction in the Natural Sciences, that will be of equal advantage to the children of all classes.

The re-organization of the State College, so that its exclusive work shall be to give instruction to young men and women of all classes, who may wish to fit themselves for agricultural and mechanical pursuits, so as to put our Agricultural College on an equal and similar basis with the special schools for the professions, leaving classic literary training to the schools of literature.

Quick and direct communication to farmers the work of the Board of Agriculture.

The investment and interest on the public funds in the State Treasury, to the credit of the state.

Apportionment of the state by contiguous territory based upon the population and industries of the state, giving the people the representation guaranteed by the Constitution.

We demand that the legislature speedily do the work for which the Governor constitutionally convened it, and adjourn.

In these our laudable efforts we invite all good citizens, without respect to party considerations, to join with us, so that we may have a "government of the people, for the people, and by the people."

The Press says that while Niles favored a fair apportionment on the floor of the House he did not favor a Democratic apportionment. But he did support the Democratic theory of dividing the congressional districts upon the basis of the vote. He proclaimed that if the parties were equal in the number of their votes each should have half the districts, and only differed from the Democrats in maintaining that they were entitled to only twelve instead of thirteen congressmen. When the Democrats offered to take twelve and even eleven where was Niles? He mounted the fence and kept the same silence as when asked last fall to decide between Beaver and Stewart.

Doctors Disagree.

As a reporter for the Pittsburg Commercial Gazette sat (yesterday afternoon) in a chamber at No. 321 Federal street, Allegheny, listening to a terrible tale of suffering as it fell from the lips of a gentle little lady, Mrs. Milo Ingram, the daughter of Capt. Hugh McKelvey, of this city, it seemed almost too much to believe, if the evidence had not been close at hand to substantiate every word. It was but another evidence of the culpable ignorance of a large class of practitioners of medicine who claimed for six years that her terrible disease was cancer. She was covered with ulcers, given up to die. Peruna cured her perfectly. Continued on page 24, in "His of Life," by Dr. Hartman. Ask your druggist for one. 37-2t

WASHINGTON, D. C., May 15th, 1880. GENTLEMEN—Having been a sufferer for a long time from nervous prostration and general debility, I was advised to try Hop Bitters. I have taken one bottle, and I have been rapidly getting better ever since, and I think it the best medicine I ever used. I am now gaining strength and appetite, which was all gone, and I was in despair until I tried your Bitters. I am now well, able to go about and do my own work. I was completely prostrated. Mrs. MARY STUART. 37-2t.

ROCKFORD WATCH COMPANY. BY HOSMER P. HULLAND, Sec. Having most thoroughly tested the Rockford Quick Train Watches for the last three years, I offer them with the fullest confidence as the best made and most reliable time keeper for the money that can be obtained.

I fully guarantee every Watch for two years. FRANK P. BLAIR, No. 2 Brockerhoff Row. All other American Watches at reduced prices.

DIGHTON, Jan. 27, 1882. The Rockford watch purchased Feb. 1879, has performed better than any Watch I ever had. Have carried it every day and at no time has it been irregular, or in the least unreliable. I cheerfully recommend the Rockford Watch. HORACE B. HORTON, at Dighton Furnace Co.

TAUNTON, Sept. 18, 1881. The Rockford Watch runs very accurately; better than any watch I ever owned, and I have had one that cost \$150. Can recommend the Rockford Watch to everybody who wishes a fine timekeeper. S. P. HUBBARD, M. D.

This is to certify that the Rockford Watch bought Feb. 22, 1879, has run very well the past year. Having set it only twice during that time, its only variation being three minutes. It has run very much better than I ever anticipated. It was not adjusted and only cost \$20. R. P. BRYANT.

Vital Questions.

Ask the most eminent physician of any school, what is the best thing in the world for quieting and allaying all irritations of the nervous complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly "Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?"

"And they will tell you explicitly and emphatically 'Buchu.'"

Ask the same physicians:

"What is the most reliable and surest cure for all liver diseases of dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.," and they will tell you:

"Mandrake! or Dandelion!"

Hence, when these remedies are combined with others equally valuable

And compounded into Hop Bitters, such as
