-Those who went to the train Saturday evening with the expectation of meeting the soldier boys were disappointed, as the special train on which they came did not arrive until 2 a. m. Sunday.

-The social party given at the residence of the Hon. Jno. H. Orvis on Friday even. ing last was in honor of his nephew, Mr. Alfred B. Dent, of Washington, D. C., who is now visiting friends and relatives in this place.

A large quantity of cream can be made and in a much shorter space of time than by the usual process and the cream is of a superior quality when done. Dealers in this favorite dish should secure one.

-In a private letter received from Chicago we quote the following as a straw : "Chicago has been completely captured by the Democrats. Good authority claims that Cook county will give the National Democratic ticket from 6 to 10 thousand majority, and that our Carter Harrison will get away with it from 12 to 15 thousand. To hear people talk it does look as if the predictions were pretty well founded. But all the city papers as usual are against Harrison, but they don't appear to injure him much as he always gets there in "shape."

-The Howard band paid its first visit to Bellefonte on Tuesday and serenaded our citizens, not failing to discourse sweet music for the benefit of the Demo crat boys. Our hat is off. We don't wish to flatter you, but it is just too sweet for anything, and then you are such a handsome set of fellows that the girls have been troubled with palpitation of the heart ever since. We know your little borough takes great pride in you even if you did steal a march on 'Woodward and Balser." Call again.

-A grand time may be expected at the opening of the Bellefonte Skating RINK on Friday and Saturday evenings, Aug. 15th and 16th, 1884. Prof. Malone of Buffalo, N. Y., the acknowledged champion skater of the north west has been secured for the occasion and will give an exhibition of his skill each evening. The burlesque on "UncleJosh" and the "British Dude learning how to skate" are side-splitting and laughable in the extreme. His feat of jumping over 14 chairs and many other acts are wonderful indeed.

The building will be brilliantly illuminate i with the electric light, and several excellent bands of music will be present to enliven the occasion. A number of young people from Tyrone, Altoona-Philipsburg and Clearfield will also be present. Taking it all in all, it will be one of the most novel and interesting exhibitions ever given in this place. Mr. McDougall, the gentlemanly manager, has kindly consented to give a grand ball at the conclusion of the opening on Friday night for the benefit of the Logan Hose company, and no doubt follows : will be largely patronized as it will be a well conducted affair. No drunkenness or rowdyism will be allowed under any circumstances.

" County Auditors.

Election of Delegates to State Convention.
" 'Chairman of County Conventi Hon. Adam Hoy of Bellefonte was then nominated by acclamation for presidentiudge of the 49th judicial district and Messrs C. M. Bower, D. M. Holt, and Patrick McDonald were elected judicial conferees to meet the conferees of Huntingdon county, and were instructed to use all honorable and fair means to secure his nomination. Hon, A. G. Curtin was then nominated by acclamation and the following resolu-

tion was read and adopted: Werreas, In presenting the name of Hon. A. G. Curtin to the voters of the 20th Congressional District, Centre county offers a man who for a quarter of acentury has worked untiriugly for the interests of Pennsylvania and the Union; who in the darkest days of the Nation's life was a bulwark of defense and a tower of strength, in whom the soldier has ever found a friend, his orphan a father and his widow a protector. That in him we recognize a true friend of the workingman, and a wise conservator of the business interests of the country; that his course in Congress has always been in harmony with true democracy as expounded by Jefferson, Madison and Jackson; that this speech on the backbone Railroad Land Grant bill raised a great question that must be met and decided in this campaign. "Millions of acres for the people, not a foot for monopolists," is his motto. Therefore

Resouven, That Ex-Gov rnor Curtin having thus far faithfully and efficiently discharged the high trusts committed to his keeping, it is the manimous optnion of the Democracy of Centre county in convention assembled, that the interests of the industrial and business classes demand his continuance in the councils of the nation.

The congressional conferees then Lorain and L. T. Munson, Esq.
