"We cannot get away and can hardly stay where we are." Many of them feel that they have been misled and deceived, and say if this is protection, they want no more of the ame kind. The same orators who made such promises and gave such glowing pictures of the benefits of protection, eight years ago, are now tell ing them that the present depressed condition of things must be attributed to the fear that the democrats may get into power and modify the tariff. You may expect large accessions to the de-mocratic ranks in the mining districts mocratic ranks in the mining districts of Ohio. There would be a complete revolution, but for the corrupt uses of money. If they could witness the destitution and miserey brought upon the country by the vicious legislation of the republican party, they would labor with increased energy and zesl for the election of Cleveland and Hendricks and a democratic congress. In no other way will these robbed and oppres sed toilers be delivered from their cruel bondage.

Now and Then.

Four years ago the Republicans plumed themselves with the credit of the then prosperous times, and seeing power about to slip from their grasp ated Curtin and the got up the tariff scare which made the campaign of '80 memorable as well as disgusting. The monoplies, fostered and encouraged by the Republican party, have dictated the price of labor to the men induced by a tariff scare to vote the Republican ticket and whenever not willing to work at starvation prices the creatures of Re.

This is the way the Republican party protects labor-and this is on the result of that tariff scare of four ins of years ago. Will the laboring man are to now, amid times never so oppressive or so discouraging, allow another tariff scare to so hamper and disable as 80. to leave him no rights that the Repub-CIVES lican party is bound to respect? The signs of the times are truly alarming, and unless there is a change of administration this fall it is the opinion of our ablest and wisest political economists that ruin and starva-. In the Blaine Sentinial libel suit of Indiana, the attorney for the Sentinial filed the other day in the United th States Court, a bill of discovery and twelve additional interrogations for Mr. Blaine to answer under oath.

This bill denies that Mr. Blaine was secretly married in Kentucky, and that he was first married in Pittsburg March 21, 1851, and that it was a marriage of compulsion as charged in the original bill.
