I know my sins are all forgiven,
I know my path is dark and steep;
But beautious fields lie just before me,
Where Gods redeeme their vigils keep;
I am going there to see my mother
She said she would meet me when I come
I am just a going over Jordon,
I am just a going over home.

I want to sing salvations story
In concert with the bloodshed band,
I want to wear a crown of glory
When I get home to that bright land;
I am going there to see my class-mates,
Who have gone before me one by one;
I am just a going over Jordon
I am just a going over home.

I feel my sins are all forgiven I rect my sins are all loggress.

My hopes are fixed on things above
Lam going away to that bright heaven,
Where all is joy and peace and love,
I am going there to see my children,
I am going there to see my children,
I know they are safe in my fathers throne, I am just a going over Jordon I am just a going over home.

I'll soon be done with every trial My body will rest in the old church yard, I drop the cross of self denial And enter in that great reward I am going there to see my Savior And sing his praise in h-oven above, I am just a going over Jordon I am just a going over home

Accident-

have been worse in its results and ought | Mailory for store keeper of Woodward to have been avoid altogether, occurred at Shrader station, on the M. & C. Railroad on Thursday last. The trackmen on division No. 4 during the forenoon ran their hand car into the siding and forgot to turn back the switch. Some time later three of the men sat down on the hand car to eat their dinner, and when the train from Lewistown came along they gave it no attention, all unconsciousness of the fact that the switch was set to bring the locomotive down upon them. One of the men saw the locomotive coming into the siding and saved himself by jumping The other two, Daniel Rodgers, foreman and Geo. Bumgardner, were on the hand car when it struck, and both were seriously at first it 'as thought fatally, burt. Rodgers was badly bruised and Bumgardner had a collar bone broken and received other injuries. The locomotive left the track, but stopped in time to save it from toppling into the creek. Both the injured men are rapidly improving .- Democrat and Sentinel.

CHICAGO, March 19 .- Grover Cleveand Albert Victoria Conque, son of Queen N. Arbesy and King Conque, of Congoland, Kalihari dessert, South fied, Africa, was born in this city yesterday, the anniversary of President Clevelands birthday, at a West Side "freak" board. ing house. The young Prince was nine inches long and probably weighed two pounds. Ten minutes after the birth the mother sat up and enjoyed a pipe and an annimated conversation with the King. Afterward the rest of the pigmies insisted on going through all the ceremonies peculiar to the tribe on the birth of a son to a King, the comfort of the rest of the boarders suffering in consequence.

The bill was endorsed by the State Firemen's association, and is said to be favored by the insurance companies sought to be affected on the ground that it would provide an additional incentive to fire departments to protect insured property. The other bill is intended to compel cities and boroughs to maintain departments.

C. L. Gran'ely, closed on Friday last, THE NEURALGIC TROUBLES WHICH ADD TO HIS TORTURE.

> Much of the bitterness which a successful life produces, especially among those who have held a prominent political part in the affairs of the nation seems to have died out since General Grant, aged, helpless, insolvent, and seemingly about to die, has sgain come prominently before the American people. The daily bulletin of his health is perused eagerly by his present friends and former enemies, and, disguise it as we may, there is a profound feeling of sorrow that the old General, though bearing his ills bravely, is evidently unless he is properly treated medically not long for this world.

> The General has held so prominent a part in the history of the present generation, that he deserves to have the best remedies that medical skill can furnish. Much of his trouble appears to be neuralgia, independently of the epthelial affection of the tongue, and it is a pitiful spectacle, when we see the old man, as he is represented in the dispatches, as sitting at a table with his head bound up, and every nerve vibrating with neuralgia, writing his second volume of military reminiscences, lest time shall not permit him either to finish the second or revise the first. He has had one or two teeth drawn, reports say, to relieve neuralgia, and neuarlgia is a disease of the nerves, and no mere local application will affect the principle which must "lay the axe at the root of the tree," and touch the cause instead of the effect.

It might not be amiss for some of the General's true friends, medical or othewise, to lay before him the true remedy and show him the following:

Capt. John Orr, Pearlington, Miss. has been a most intense sufferer from facial neuralgia for over twenty years. He has had seventeen operations performed on the nerves-that is had them divided, cut off close to the bone from which they emerge. But this never Maj. Newell, the late husband of Minnie did him any good; and most excruciating pain continued without the least interruption. He often wished for death to relieve him of the intolerable pain. The best physicians failed to relieve him They finally advised him to consult Drs. Hartman & Miller, at the St. Charles Hotel, New Orleans, which he did. They prescribed Peruna, and in less in a month was entirely relieved

Mrs. Elizabeth Kenner, 98 Laurel street, New Orleans, has been one of the greatest sufferers from neuralgia of the face during the past year that we have ever heard of. From morning to night, and from night to morning, there was one constant, racking, tearing, burn, ing pain, extended clear around her head, and deep down through every muscle, tdoth and bone in her face. No rest and no sleep. All physicians failed to relieve her, as well as all remedies, She was constantly in the most agonizing despair. She called on Dr. Hitman, who prescribed Peruna for her and now every pain has left her.

General Grant's will power is what has kept him up so long. If the Gen: ral will only exert it now and try Peruna he will probably have a new lease of life, and live to enjoy his retiring pension for many years.

-The Curtin township school board have appealed the suit tried by the board of arbitrators some time ago-The same will likely come up next court. The citzens claim that the contractors Messrs. John McCloskey and David Brickley had not made a good job of the school houses they built in said township, and that other illgal acts were transacted. Both parties have able attorneys and the case will be interesting.

Convinced.

Mr. U. G. King, foremant of the Lectonia Democrat, Lectonia, Ohio, writes: "DR. S. B. HARTMAN, Columbus, Chio, Gentlement, Same time. Gentlemen: Some time since, I had occasion to doubt the genuineness of most of the articles that appear in different papers in regard to your wonderful PERUNA, and my curiosity was so great that I deter-mined to write to one of the many people that claimed to have been cured by this medicine, and accordingly wrote to Mrs. J. W. Reynolds, of New Lisbon, this county, and received the following reply." I received your letter this evening, and in reply would say that PERUNA, I believe, saved my life, and I can not recom-mend it too highly; for all complaints it is the best medicine in existence. It seems to help you as you swallow it. I would advise any one suffering from my complaint to take PERUNA and be convinced. Yours truly, Mrs. J. W. Reynolds." Now, that's her card, word for word, and as I am well acquainted with the lady. I do not believe she would lie. It is truly wonderful how your medicine does do good.

James L. Mooney, Prospect, Ohio, writes: "For the past ten years I have been suffering from constipation and dyspepsia, and all the evil effects that accompany them. I was treated by a number of doctors, all to no effect. used several patent medicines, which did me no good, and about three years ago I was seized with a severe nervous trouble, and was obliged to quit farming. I thought my days would soon be over, but last winter I received one of your pamphlets called the "Ills of Life." I at once tried your PERUNA and MANALIN. They helped me right away. I used nine bottles of PERUNA and three of MANALIN; and now I am quite well, and able to resume farming. I also had a little child which was attacked with a severe cramp in the stomach; we thought it would go into spasms. I used nothing but PERUNA. We gave it an injection of PERUNA and warm water, and gave it a teaspoonful of the medicine internally every half hour. It was relieved in one hour, and has not been bothered since. I have also used it with as good effect in case of croup and colds. I know that it is a wonderful medicine, and recommend it to all who are in poor health. The above statement

I am willing to swear to." W. M. Plants, Deep Valley, Greene county, Pa., writes: "Please send me your book on the 'Ills of Life.' I have used one bottle of PERUNA, and am greatly benefited."
