

The Snyder Monument.

CHARACTER OF THE SHAFT OVER THE EX-GOVERNOR'S GRAVE AT SELINS-GROVE.

SELINS-GROVE, May 1.

The Governor Snyder monument has at last arrived and has been placed over the remains of the distinguished and honored statesman which lay interred in the Union Cemetery, between Market and High streets. The monument is a fine piece of workmanship and is composed of granite and bronze. The base is of solid granite, six feet square, weighing over 5 tons, upon which is a granite shaft about seven feet high surmounted with the life-like bust of the Governor made of bronze. Three sides of the pedestal are ornamented with bronze medallions. The first represents Governor Snyder as a tanner in his early days, hard at work; second, a farmer; third, the Executive Chamber. Also, the following:

SEYMOUR SNYDER.
Born November 5, A. D. 1759.
Died November 9, A. D. 1819.
1789. Member of the Constitutional Convention.
1797-1808. Member of House of Representatives of Pennsylvania.
1802-1808. Speaker of the House of Representatives of Pennsylvania.
1808-1817. Governor of the Commonwealth of Pennsylvania.
1818. Member of the Senate of Pennsylvania.
Erected to the Memory of
Seymour Snyder,
By the Commonwealth of Pennsylvania.

Immediately above the engraving of the Executive Chamber is the coat-of-arms and the seal of the Commonwealth of Pennsylvania. A committee of gentlemen from this place has been appointed and a public unveiling will be held as soon as Governor Pattison fixes a day for the same. The following gentlemen compose the committee: Chief Burgess B. F. Wagenseller, J. A. Lumbard, U. S. Schroyer, George R. Hendricks, James P. Ulrich, C. B. North, F. J. Schroch and S. V. Dye. The members of the Legislature and many men of prominence will be in attendance at the unveiling.

Grant's Condition.

NEW YORK, April 29.—The ulcerated portions of General Grant's throat, from which broken down tissues have been sloughed away, have materially improved. The cancerous trouble at the base of the tongue is neither lessened, nor is it at present aggressive. It is simply quiet, meantime, the General's system is improved. The weather of the last two days and that of today, though unpleasant to persons out of doors, has been as a tonic to the system and spirits of General Grant. That depressing element of the warmer days is wanting, and the patient feels brighter and more vigorous. He has now so far improved physically that his mind is engaged with the blocking of work upon his book. This occupies his faculties and the result is good. General Grant became quiet a little after 10 o'clock last night, and at 11 o'clock he slept. From that time on until 8 o'clock this morning he slept well, with occasional waking. When the General awoke this morning he felt better and stronger than on Sunday, which was at that time the best day improvement began. When Dr. Douglas left at 8:15 o'clock today he remarked that, though there was some thickness of speech, the General had better and easier command of his organs of speech than has been the case since the attendance of the doctors became permanent. He said the General was better than at any time in a month.

Dynamite Called in.

TO AID IN THE EXPULSION OF THE HUNGARIANS FROM THE COAL FIELDS.

POTTSVILLE PA. April 30.—Shortly after 8 o'clock this evening two men were seen by a woman living in the neighborhood, to deposit something under a double frame house on South Twentieth street, in the suburbs of this city, and hastily depart. In a few moments a violent explosion followed blowing out the foundation, tumbling down the plaster and scattering the furniture about. The house is occupied by sixteen Hungarian laborers, the wives of two of them and several children. None of the inmates were seriously injured. No clue to the perpetrators of the outrage, which was evidently inspired with murderous intent.

ST. LOUIS, April 29.—The friends of John McCallough, the actor, now visiting here, are getting quite anxious over his condition which seems to be growing worse rapidly. He has wandered about the city for several days imagining himself in Chicago and Cincinnati, and inquiring constantly for streets and places in those cities. The evidences are his mind is being rapidly undermined.

The *Renovo News* says. Patrick Russell and wife, went to Snow Shoe, Centre county, this morning, where Mr. Russell expects to build foundations for fifty new houses this summer.

Looking For Rossa.

NEW YORK, April 29.—Capt. Thomas Phelan's ten year old boy, Bob, is a characteristic Western youngster. He is an expert in the use of a pistol or the rifle, being able to pierce a quarter nine times out of ten with a pistol, at twenty paces. When his father was getting ready to come to New York to testify against Dynamite Dick Short, who carved him up with a bowie knife in O'Donovan Rossa's den, Bob said that he was going along too. His big black eyes flashed, and he said:

"I can shoot as well as you can, father and I want to have a shot if there's any going."

Bob came along, and when he took off his coat, in the Continental Hotel, to freshen up for breakfast Detective Sergeant Von Gerichten and Kernan were amazed by the vision of two revolvers, of 38 calibre, strapped about the youngster's waist. He began, as soon as he had his breakfast, to urge his father to take him to see Rossa's den. When he reached the building, at 12 Chambers street, he wanted to be allowed to go up stairs and have a look at Rossa, but detectives dissuaded him.

Capt. Phelan carries two revolvers, of 44 calibre, strapped at his waist.

Capt. Phelan and his boy visited the Hoffman House bar last night to look at it. They were introduced to Col. John Tracey of the Harrison Police Court and Major A. E. Orr, Billy Edwards, Head Bartender Lowe, and a couple of traveling Englishmen. Capt. Phelan told the Englishman all about his stabbing by Dick Short, and went into a long talk about the woes of Ireland and the way of correcting them. Bob fell asleep in a chair with a 38 calibre revolver in his inside coat pocket. It was near midnight before the Captain and his son went back to the Continental Hotel.

Removals From the Mint.

PHILADELPHIA, April 30.—In consequence of orders received from the Director of the United States Mints, Colonel Snowden, Superintendent of the Mint in this city, will to-morrow make a reduction in the force of perhaps 40 or 50 employes, many of whom will be females. The cause ascribed for this order is that a minor coinage has been suspended, and no definite time has been fixed for its resumption. There has been considerable correspondence with the Department upon the subject, and it was determined to reduce expenses wherever practicable. The removals here will be small as compared with the San Francisco Mint and other sections of the Department.

"This reduction of the working force won't be likely to occur under my Administration," said Superintendent Snowden last evening. "The suspension of minor coinage has had the effect of giving me a small surplus of labor at the Mint, but it is very meagre indeed. Just how many unfortunate there will be I cannot tell, because the reports from all the subordinate departments have not been received yet. Our coinage of standard dollars for the present month is larger than for a long time past, and since the stoppage of the Carson City Mints ours has been doing nearly all the business in the country. While this reduction will not cripple the force it will not leave any more than is necessary to carry on the business, which is very heavy just now in the manufacture of all other varieties of coins."

A gas well drilled at Rochester, Beaver county, four years ago was discovered on Friday to be producing oil. The flow increased on Friday night and at an early hour on Saturday morning reached three barrels an hour. The excitement is intense. The owner of the well will begin pumping, and should the flow decrease, will have the well cleaned and sunk deeper. Others in the vicinity are talking of putting down wells.—*Tonawanda Democrat.*

NEW POSTAGE RATES.—The Postmaster General has issued a circular order to Postmasters explanatory of the changes made by Congress at the last session in the rates of postage. The postmasters are informed that on and after July 1st, the rate on all domestic first class matter, including drop letters at letter carrier offices, will be two cents an ounce or fractions thereof, instead of two cents per half ounce. This change will apply to mail addressed to Canada, but not to other foreign mails. To provide for wants that they may arise from the change in rate on second class matter or newspapers mailed by publishers from two cents to one cent per pound, the department has decided to issue a news paper and periodical stamp of the denomination of one cent, the design and color of which will be the same as those of the present series. They will be ready for issue on June 1st.

Mr. Frank Johnson a very respectable gentleman residing near Renovo while walking along the railroad fell through one of the culverts and injured himself so badly that he died the same evening.

—We clip from the *Freeport Daily Bulletin* the following notice on the death of Mr. Daniel Emerich of this county, DANIEL EMERICH.

Mr. H. S. Emerich, of this city has received a telegram, stating that his father Daniel Emerich died on Monday afternoon April 27th, at 4 o'clock, at his home in Hubbersburg, Centre county, Pa. Deceased was aged three score and ten; he had been in poor health about a year. His funeral occurred to day (Thursday) and his Freeport son would have been present had the news been received in time. Daniel Emerich was born on the farm where he died, as was his father. Many former residents of Pennsylvania now living in this county, know the 'old Emerich homestead well, as it has been for more than a hundred years the property of the same family. Deceased left a second wife, his first one having died about thirty years ago. Three sons of the first wife, of whom H. S. Emerich is one; and three sons and three daughters by the second wife are now living. Two brothers of Daniel Emerich and one sister are living in this county to-day. They are Geo. Emerich, three miles west of Orangeville; David Emerich, three miles north of Cedarville; and Mrs. L. Candy, of Rock Grove. His brother Peter died at Rock Grove about five years ago; another brother, Joseph died at Twin Grove Wis., in 1875, and a sister Mrs. Samuel Candy, died at Rock Grove in 1849. The only other son in the west is L. D. Emerich, who lives at Twin Grove. Deceased was a very large man, his weight at times running up to 306 pounds. He was one of a family of seven boys and seven girls, and nine out of the number weighed over 200 pounds each.

—Ladies' hair goods, waves, bangs, switches at Alpha Corman's Novelty store, SPRING MILLS.

Messrs. McCool and Collier have moved their steam saw mill to a tract of timber three miles north of Woodward, belonging to Mr. C. W. Hosterman, the popular hotelist of that place. Last Sabbath being the day set for reopening of the Aaronsburg church, there was no preaching in the 'M. E. church at this place; but the members, as well as all others had the opportunity of receiving a treat by going to the Presbyterian church, where Rev. Land, the new Reformed minister, preached his first regular sermon at this charge. If that sermon was a fair sample of his future address, the Reformed people of Central Penns Valley may congratulate themselves in having secured a "boss," (pardon the slang), preacher. Rev. Chapell, of Little Valley Millin Co. preached in the afternoon for the Presbyterians.

Three schools are in successful operation at present, taught by Prof. Hoerman, Auman, and Miss Lide McElroy.

PINE GROVE.

The Academy school about 30 scholars enrolled, and should be patronized. H. S. Thompson successor to J. C. Sample has returned from the city with a large assortment of new goods, to supply his many customers.

Rev. Wm. Gunnill, of Bamey, Clearfield Co., will hold communion service in the Presbyterian church on next Sabbath preparatory service on Friday evening 7:45 o'clock on Saturday morning at 10:45 o'clock.

Rev. Elliot, has been elected by Capt. J. O. Cunpo, Pastor of this place to preach the memorial sermon on Sunday the 24th at 2 o'clock, every body is cordially invited to attend.

—At Lemont and Joliet, Ill., the militia had to be called out to dispel a mob of stone-throwers. The mob attacked the soldiers with stones and clubs, injuring several. The soldiers were then ordered to fire on the mob, which they did. It had the desired effect in quelling the disturbance, the troops are now encamped near the town of Lemont.

—The Lock Haven *Express* says: The Sixty Sixth Anniversary of Old Fellowship in America was celebrated in this city on Monday, under the auspices of the Old Fellows Anniversary Association. Lock Haven certainly sustained its reputation as a hospitable city. The whole town was dressed in holiday attire, the principal streets and the buildings along the line of march being profusely decorated, with flags, bunting and evergreen. Arches spanned the streets in various parts of the city, some of them being quite handsome, particularly the one at Main and Grove street erected by *Hope Hose Company*. It is the finest arch ever put up in this city, and received many words of praise.

A more perfect day could not be desired. A clear sky and a bracing atmosphere, with old Sol shining forth in all his glory, made the day a splendid one for a big demonstration. The rain of Saturday night laid the dust and the streets were in excellent condition for marching. The city presented a regular Fourth of July appearance and the streets began to fill at an early hour.

All the morning trains brought in crowds of people and specials over the P. & E. and Beech Creek roads carried Old Fellow lodges and excursionists. Between four and five thousand strangers were in the city, every lodge being accompanied by a large number of persons, who came to witness the celebration.

The fire on the South mountain is becoming alarming. Between the blue Mountain house and the Blue Ridge summit, along the West Maryland railroad, the fire is raging furiously, and threatens the total destruction of the many houses that dot the beautiful and historic place. All the help, both male and female, are fighting the fierce flames, and assistance is arriving by every train to join in trying to check the progress of the fire. Two large fires on North mountain are visible, one on Fairview knob and the other on Casey's knob. Over 80,000 cords of wood were destroyed.—*Reporter.*

The barn of Tobias Swartley, near Norristown, together with twelve cows, farming machinery, crops, wagons, &c., was destroyed by fire on Friday night. While the conflagration was at its fiercest, a tramp with his clothing on fire, emerged from the flames. He had been given permission to sleep in the barn. It is thought the tramp fired the building accidentally by a match igniting in his pocket. There was an insurance of \$5,000 on the building and contents.

The 2nd Annual Convention of the W. C. T. U. of Centre Co. will be held in the rooms of the Y. M. C. A. Thursday May 14th, at 10 a. m. Mrs. Emily, L. McLaughlin of Boston, will be present, and in the evening address a Temperance mass meeting to be held in the Court House. All are invited to the Convention at evening meeting.

At Newcas a village five miles from Pottsville, yesterday afternoon. Frank Quinn, aged 18, and John Anspach, aged 12, entered a store together. An old musket lay upon the counter and Anspach supposing it to be unloaded, picked it up and aiming at Quinn fired, shooting him in the head and killing him almost instantly.

Attention, Doctors.

Everybody knows that the life of the average physician is a hard one. He is often compelled to ride great distances through mud and rain for a merely nominal fee. It is not fit nor proper for us to condemn any physician for his work, but we do assert that his practice can be made easier, and he can effect more cures by the proper and judicious use of PERUNA. If he will only add this great remedy to his list of medicines, he will find that his usefulness will be greatly increased. Full direction for its use will be found in the "Iris of Life," and he should at once procure this valuable book.

N. J. Wright, Business Agent Evening Herald, Erie, Pa., says: "DR. HARTMAN—I can not but feel it my duty to express to you my thanks for the great benefit I received from the use of your medicines, PERUNA and MANALIN. One bottle of each placed me square on my feet, after a sickness of four weeks, which confined me to my bed, and then left me lame and crippled. Three days from the commencement of the use of your remedies the cane was dispensed with, and in a week I was perfectly well."

Mrs. Ellen Maynard, Oswego, Potter county, Pa., writes: "DR. HARTMAN, Columbus, O. The small ulcers are all healed, and the two large ones are not more than half as large as they were. I am feeling quite well. The people say your PERUNA and MANALIN are doing a miracle. I do not think nearly so much of them as I did before."

Joseph Thomas, East Brady, Pa., writes: "I have used your PERUNA and MANALIN with good results. In the year of 1880 I was so bad that I could scarcely walk. I used PERUNA and MANALIN, and am now as healthy as I have ever been. I have also recommended it to several parties, and they have been much benefited by it."

Mr. C. H. Harris, New Vienna, Ohio, writes: "Our little girl was paralyzed at thirteen months old, and we resorted to everything we could hear of for relief, but she appeared to get but little better. Hearing of PERUNA we concluded to try it, and will say it has done her a great deal of good—the first bottle apparently giving her relief. We have used it for nervousness in other cases on other persons and found it a success. For general debility, and in fact for any disease, we don't think anything else can at all compare with it. We have used forty or fifty bottles, and our house is never without PERUNA. Our little girl is now eight years old, and can run any place, was for four years helpless. PERUNA cured her!"
