

Resolutions adopted by the members of the W. C. T. U. at Bellefonte May 14th, 1885:

Resolved, That we, the Women's Christian Temperance Union of Centre county, Pa., tender to the member of the Legislature of Pennsylvania our heartfelt thanks for the almost unanimous vote on passage of our unamended "Scientific Temperance Instruction" bill.

Resolved, That a copy of the above resolution be forwarded to each house of the Legislature, and to his Excellency, Governor Pattison.

Resolved, We, the members of the Centre county W. C. T. U., desire to put on record our deep appreciation of the action of our honorable judges and such members of the bar as co-operated with them and us.

Resolved, That every member of the W. C. T. U. should interpret total abstinence to mean entire abstinence from the personal use of all intoxicants, save medically and mechanically, and that we will exert our utmost influence to enlist all women, and especially young ladies, to assist us in maintaining the principles of unqualified total abstinence.

Resolved, That as Christian women we cannot but regard the legalized liquor traffic not only as a sin against God, but also as one of the most fearful crimes against the community at large; and, whereas, the license to sell liquor are granted on the petition of twelve citizens of each community, and as it is customary in many of the counties of the State, to publish the list of signers of petitions; therefore,

Resolved, That, after Jan. 1st, 1886, the names of all signers of petition for license in Centre county, shall be published by the W. C. T. U.

Resolved, Inasmuch as the liquor traffic is the unpromising foe of the Christian Church, we earnestly entreat the ministers of Christ's Gospel in this county to preach fearlessly the truth of God's Word concerning this great evil.

Resolved, That we, as an organized band of workers, will not fail to wear and display on all occasions the "White Ribbon," typical of purity and temperance, and the link which binds us in sisterhood wherever we meet.

Resolved, That in the recent death of our sister Mrs. Annie V. Lyon, our Union has lost one who was ever an inspiration to us, not only in temperance, but in every good work, and we rejoice that though dead she yet speaketh, and will ever live in our memory. To the beloved family we tender our heartfelt sympathy. Her last message to our Union was, "Tell the women to work while they have health and strength, or they will be filled with regret when they come to a dying bed."

Resolved, That the sincere thanks of this convention be tendered to the County Commissioners for the use of the Court House; to the Y. M. C. A. for the use of their pleasant hall; to the ministers for their sympathy and co-operation; to the press for kindly notices; to the choir, to the friends who have never refused to respond to our call for aid, and to all who have generously contributed to the success of the convention.

County officers for ensuing year: Pres. Mrs. John P. Harris.

Vice Pres. M. H. Foster, Philipsburg; Miss Maggie Watt, Rock Springs; Mrs. E. Hunter, Stormstown; Wm. Rarick, Spring Mills; E. Gibson, State College; M. T. Lucas, Fleming; Miss Smith, Howard; Mrs. D. Mattern, Milesburg; Mrs. Isaac Miller, Valentines Forge; Miss S. M. McCune, Hublersburg; Mrs. Felix Dale, Boalsburg; A. Smeltzer, Pleasant Gap; Miss Clark, Beech Creek; Mrs. Isaac Mitchell, Bellefonte; Mrs. Jackson McDowell, Bellefonte.

DEPARTMENTS OF WORK. Scientific Temperance Instruction, Mrs. M. Magee, Bellefonte, Supt. Influencing the Press, Mrs. M. H. Foster, Supt. Philipsburg. Sabbath Desecration and Suppression of Impure Literature, Mrs. Dr. Mattern Supt. Milesburg. Juvenile Work, Mrs. Rev. Woodcock Supt., Bellefonte.

To secure the use of fermented wine at the Lord's Table, Mrs. Gibson, Supt., State College.

County Institute and Legislative Work, Mrs. Twitmore, Supt., Bellefonte; Mrs. Isaac Mitchell, Supt., Bellefonte. Work Among Railroad Employees, Miss Kate Buck, Supt., Fleming.

The closing exercises of the public schools of the six lower grades on Wednesday morning were interesting, and in some respects in advance of the exercises of the previous years. The little children by their performance and good behavior showed that they had received the closest training and attention from their respective teachers during term, which in return speaks in the high words of praise for the young lady teachers, whose faithfulness in the performance of their duties as instructors, has met with just compliments. The following programme of exercises was gone through with:

Devotional Exercises, By School. Greeting Glee, By all the Schools. Speech of Welcome, Max Furey. Singing Cheerily, By School. Recitation, Ella Gault. Playing Ball, By a Class. Recitation, Jay Woodcock.

Recitation, Roland Curtin. O, come to the Meadows, By 6 Scholars. Class of Boys, Different occupations. Recitation, Mamie Hamilton. Spring Song, By a Class of Girls. Recitation, Richard McClain. Temperance Speech, John Keichline. Temperance Song, Class. Flag Recitation, 3 girls, 1 boy. Patriotic Song, School. Farewell Speech, By 4 Boys. Vacation Song, School.

The parents who had the pleasure of witnessing the performances and listening to the sweet voices of the little children, blending in such harmony and unison could not help but realize the amount of extra pains and trouble each teacher must have taken to accomplish these satisfactory results. In the Cantata, the character of Queen was taken by Sadie Bayard. The little girl possesses a clear, musical voice and rendered her part nicely. Bertha Williams, Carrie Noll, Gracie Lukenbaugh, Fredie Williams and Winifred Meek were the fairies, and all the girls sang their parts with a correctness, to time and harmony that many advanced in the art of music could have cause to envy. The little boys representing the different schools recited alternately the different occupations. What each would do when he is a man. If space would permit we would like to mention all the little boys and girls who took any part but your fathers and mothers many of them at least, and your friends heard you and were all well pleased. Prof. D. M. Lieb made a few remarks in which he said they, as teachers, had learned from experience to sympathize with the "Old Woman who Lived in the Shoe;" and perhaps the citizens from observation and experience could do so; in as much as the rooms were made to accommodate but 200 pupils; but during the term 325 have been crowded into this space with a daily attendance of 250. The modest and appropriate hint dropped by the professor needs special attention. We need more room. It is unhealthy to crowd children in this manner, and then expect the most satisfactory results.

Among Our Exchanges. A message announcing the death of his brother-in-law, Mr. David Osman, called Mr. Thomas A. Mays, to Lemont, this county, on Tuesday.—Philipsburg Journal.

Rev. R. Crittenden, of Bellefonte, looked in pleasantly upon us on Friday of last week. He desires us to say, that he is authorized to present any Sabbath school in Elk county, with Bibles or Testaments at cost, from The American Bible Society. Any new or needy school that cannot sufficiently provide for itself, can be supplied at least in part, by donation.—Elk Democrat.

Some party or parties without the fear of the law or anything else, entered Jesse Fallstick's yard on Monday night and stole a number of shirts and other articles off the clothes line. It's a pity that these scamps cannot be caught in the act of committing such petty stealing and be indicted with the punishment they deserve.—Philipsburg Journal.

The eyes can properly be used only when the body is in an erect position. When we stoop the face is flushed and the eye bloodshot. Thus reading in a recumbent posture is ruinous to the eyesight. An object should be held fourteen inches from the eye for proper focusing it. We should never look at the sun; better look at the moon, notwithstanding it has a sentimentalizing effect.—Ex.

A man named Geo. Swartz, employed as breakman on the Williamsport Accommodation, B. C. C. & S. W. R. R., was injured so badly yesterday by falling under the cars that he died last night. The accident occurred at Hawk Run junction, the first station reached after leaving Philipsburg. The unfortunate man stepped from the pilot of the engine to change a switch and fell, the engine passing over his legs. The deceased was a resident of Philipsburg.—Express.

Straw hats. Garman's.

Mrs. Mary Gardner, wife of the late John Gardner passed away on Saturday, last at her residence near Rock Springs, this county, after having attained the age of 66 years. Deceased had been a member of the Presbyterian church for many years and was an excellent Christian lady, having enjoyed the love of a large circle of friends, as well as the confidence and esteem of all who were fortunate enough to enjoy her acquaintance. Her funeral took place on Monday, the interment having been at Grayville cemetery. Her mortal remains were followed to their last resting place in the silent city by a very large concourse of relatives and friends.

At the closing exercises of the public schools we noticed all the lady teachers engaged in singing. We went up to compliment the ladies upon this special feature, and were informed that two of the young ladies had been saving up during the entire term for an occasion when an audience like the present one could be present to hear them. As the information gained was from the other teachers, and, fearing there may be two sides to this report, we will not mention the names of the ladies who sang.

A certain young lady in this town is in the habit of asking young gentlemen to take her for ice cream. If she could learn that the young gents are acquainted with the manner in which she makes fun of their dress and manners without cause, she would perhaps try to be more agreeable and would thus be spared the trouble of having to ask to be taken to an ice cream parlor.

D. F. Fortney who is to deliver an address before the pupils of the High School, on Thursday evening at the closing exercises will have something of great interest and importance to the citizens and especially to the taxpayers of the borough. Don't be afraid to attend as it will be of benefit to you.

A drove of Texas ponies passed through town. Several real genuine Texas cow boys were driving them.

Go to Corman's for your flags for decoration. A large lot just received. Buy all of your groceries at Harry Teat's grocery store.

A Lady's Perfect Companion.

Also how to treat and overcome morning sickness, swelled limbs and other evils attending pregnancy. It is reliable and highly endorsed by physicians as the wife's true private companion. Send two cent stamp for descriptive circulars and confidential letter sent in sealed envelope. Address FRANK THOMAS & Co., Publishers, Baltimore, Md.

The First Steel Pen Makers.

The word Pen, in Holy Scriptures, refers to either an iron style, or to a reed; the latter being the earliest form of pen used for writing on papyrus.

One of the earliest attempts to make steel pens is attributed to Wm Gadbury England, who, for his own use, constructed a clumsy article from the main spring of a watch.

Steel Pens were first brought into use about the year 1803.

James Perry, of London, commenced to manufacture pens in 1824, and was the founder of the firm named Perry & Co., who are now the largest pen makers in the world.

Their celebrated "U" and Falcons for correspondents, and fine points Nos. A. O. 4 and 1073 for schools, are, without doubt, the CHEAPEST PERFECT PENS in use—they can be had from all stationers. Sole Agents for the United States, Messrs. IVISON, BLAKEMAN, TAYLOR & Co., New York.

The Reputation of a Standard Article is seldom injured by surreptitious rivalry. Imitators of Hostetter's Stomach Bitters have not only lost money by attempting underhand competition with it, but have actually contributed to enhance the estimation in which the genuine medicine is held. The public at large has for many years been acquainted with the ear marks that distinguish the real from the spurious, and cannot be persuaded that other articles sold in somewhat similar guise are equally good. Fever and ague, constipation, dyspepsia and liver complaint are not curable by cheap local bitters, eye openers and tonics, but the fact is too well proven and too generally known to admit of conscientious dispute that for these and other maladies the great household medicine is a safe and thorough remedy. Not only in the United States, but in Mexico, South America and the West Indies, its merits are widely recognized and its reputation too firmly established to be shaken.

Wilson, McFarlane & Co., call attention to the only reliable Ready Mixed Paint in the market. The Pioneer Prepared Paint is not only superior to any Ready Mixed Paint sold but rivals pure white lead in its smoothness in durability. This paint is guaranteed by the manufacturers not to crack or peel within three years. The guarantee is not only good for replacing the paint but it will be put on if it should crack or peel within the time specified. It will be to your interest to call and see Wilson, McFarlane & Co., before purchasing either white lead or any Ready Mixed Paint.

Our Spring Stock of WOOLENS now complete. Bottom prices, leave your order to-day. MONTGOMERY & Co. Tailors.

Corrected. Miss Anna Johnson, of 24 Front street, Columbus, Ohio, says: "I suffered from an aggravated form of constipation and indigestion for several months. My family physician tried all kinds of medicines and pills, but to no effect. I began to think my case was a hopeless one. A friend of mine (Mrs. Elvira Redmond, of East Long street, this city), called, and seeing the condition I was in, recommended me to try your MANALIN. I must say I had but little faith in the medicine, but after I had taken a few doses I was convinced that MANALIN was the medicine for me. After I had taken one bottle I was entirely well of my complaint. I consider it one of the best remedies for constipation I have ever used. I have several friends who are using it. They think it an excellent remedy. I recommend it to all who are afflicted with constipation or indigestion. Any one doubting this statement is invited to call on me at 24 Front street."

Mr. Milton Knotts, Urbana, O., writes: "Last November one year ago I was taken sick, and called in our family physician. He examined me and said I had symptoms of typhoid fever. He gave me medicine for two weeks or more without any relief. I began to think that my days on earth were fast closing in. I saw at once that his medicine would not reach my disease. Just as I was about to conclude that I would have to die, my daughter brought me one of your pamphlets. I noticed a case whose symptoms were like mine, and PERUNA and MANALIN had cured him. I concluded at once to try it. I procured one bottle of PERUNA and one of MANALIN, and took them as directed, and before I had used the two bottles I began to receive strength and gain in flesh. I finished the rest of the two bottles and continued its use until the third bottle was used. When they were used I could eat anything I wanted to and go about my work. I consider that if it hadn't been for your PERUNA I would have been in my grave. Parties wishing information can write me at the above place. I recommend your medicine wherever I go."

Mr. John R. Davis, Moundville, W. Va., writes: "I have been handling your PERUNA ever since its introduction. All who have used it speak highly of its curative properties. I consider it a reliable remedy."

Mr. George Fisher, Portsmouth, O., writes: "I am handling your PERUNA, and having a good trade on it. It gives splendid satisfaction."

A large, new, and elegant stock of goods of every description, just received at Corman's novelty store.

JAMES VICK STRAWBERRIES.—This new and valuable berry originated with Samuel Miller of Bluffton, Montgomery county, Missouri. As a seedling it attracted attention by the unusual glossiness and vigor of its foliage, before it fruited, and this vigor and strength of growth has to a still greater degree appeared in its enormous bearing qualities.

The berries are nearly round, of uniformly large size, deep scarlet and of excellent flavor. In respect to its keeping qualities, it is among strawberries what the Hensell and Souhegan are among raspberries. Its fruits have been known to stand on the vines a week after becoming ripe, without softening or rotting. It is not only a standby for family use but for a market berry it stands pre-eminently at the head. The originator of this berry is well known as a horticulturist, having originated the Martha Grape and other fruits of great value. He has never sent out a new variety which has not taken its place in the front rank and held it, and the fact that he has allowed the James Vick to come before the public as one of his seedlings is of itself evidence of its excellence.

The valuable qualities of this new strawberry may be summed up as follows: 1st, Fine quality of fruit, great vigor and hermaphrodite (or perfect) blossoms; 2d, Color, form and firmness of berry; 3rd, Ability to remain on the vines a long time without injury; 4th, Ability to stand drought; 5th, Uniformity of size of fruit, which averages large; 6th, The rapidity with which it forms new sets; 7th, The glossy and beautiful appearance of the foliage, retaining its verdure until very late in the fall, making it one of the finest border plants for flower beds that can be obtained; 8th, enormous productiveness; all these qualities uniting to make it the most valuable market berry which has ever been produced.
