

Double Tragedy in Missouri

STANBERRY, Mo. June 15.—A double tragedy was enacted about four miles northeast of this city on Thursday night. Seymour House married Martin Hall's sister, and Hall's wife is House's sister, but, in spite of their relationship there has been bad blood between them for some time. On Thursday House and his brother were in this city and drank whiskey freely, going home in the afternoon pretty well intoxicated. After supper they declared their intention of going over to Mart Hall's place and settling their trouble with him. Mrs. House, overhearing the talk and fearing trouble, sent a young man over to warn Hall of the contemplated visit, and advised him to hide himself. Instead of hiding Hall loaded up his shot gun and went to milk the cows.

In a short time the House brothers came along in a buggy, and, without warning, William raised a revolver and fired at Hall, but missed him, the ball striking the cow he was milking. Hall at once returned the fire, the shot striking William in the face and neck. Seymour then sprang from the buggy, and Hall fired the other barrel, the shot taking effect in Seymour House's neck killing him almost instantly. The doctors say that William cannot possibly recover.

Hall is a quiet, orderly and respectable man, but the House brothers were bad citizens. William House got badly stabbed about two months ago in a fight at a dance.

The New Cabinet.

SALISBURY CONSULTS HIS FRIENDS BEFORE MAKING IT.

LONDON, June 15.—The Marquis of Salisbury is in London to-day, conferring with the leading Conservatives, including Lord Randolph Churchill, with the view of selecting his Cabinet. The Queen is expected to-morrow at Windsor Castle.

The Times continues to condemn the late government. It publishes a copy of the Liberal whip issued for to-day's formal meeting of the House of Commons, and says it is precisely similar to that sent out for the crucial division of last Monday night. It says that the Whips cry "wolf" too often and by using urgent terms for trivial occasions weakens the effort of the summons when a real crisis is at hand.

The Daily Telegraph says that the Marquis of Salisbury will have the sympathy of the country, and warns the Radical leaders, Mr. Chamberlain and Sir Charles Dilke, not to make the mistake of obstructing the electors in the province, but to see fair play.

The Times has an editorial to-day in which it ridicules Mr. Chamberlain's comparison of England and America on the simple question of the tariff.

A SPENCER MEMORIAL TABLET STOLEN.

DUBLIN, June 15.—A panel in the Jesuit church in this city recording the fact that Earl Spencer, Lord Lieutenant of Ireland, has presented a memorial window to the church in token of his high appreciation of the character and worth of Secretary Thomas, Henry Burke, who, with Lord Frederick Cavendish, was murdered in Phoenix Park, on May 26th 1882, has been stolen. There is no clue to the perpetrators of the outrage.

SCRANTON, June 14.—The residents of Carbondale, this county, were thrown into a high state of excitement this morning over the unprovoked murder of Richard Duffy, an inoffensive and quiet citizen. The facts of the case are as follows: Richard Coleman, Anthony Walsh, Thomas Jordan and George Cuff were engaged in playing a game of cards at Cuff's residence, when Duffy, who was on his way home, at the instance of Coleman, was induced to enter the house and look on. Shortly afterwards, the hour being late, some of the players wished to go home. Cuff tried to persuade them to remain, claiming that at the clock on the mantle shelf was fast, and to convince the parties present that it was so handed his watch to Duffy to compare its time with that of the clock. Duffy, who was a rather rolicking and jovial fellow, not handing the watch back immediately, was angrily told by Cuff that if he did not return it he would shoot him. Duffy exclaimed, "You would not shoot me," whereupon Cuff in a terrible rage drew his revolver and without a word, shot Duffy in the head, the ball entering over the eye and causing death in fifteen minutes. The murderer was arrested and is now in jail. Threats of lynching were indulged in by the excited citizens, but the better element of the place have overcome them.

Fastest Train in the World.

THE PENNSYLVANIA EXPRESS—NO DUST—NO CINDERS—LITTLE NOISE.

Some over-confident Englishmen boasted a few weeks ago that "The Flying Dutchman" train, from London to Liverpool, was the fastest in the world. But they soon found out that they were mistaken. The Pennsylvania Railroad Company sends a train out of New York at 9 o'clock every morning that beats the time of the "Flying Dutchman." Considering the distance covered, it is the fastest train in the world. When the care-worn business man journeys from New York to Philadelphia, Chicago or St. Louis, he finds in the parlor cars of the Pennsylvania Railroad a luxurious home on wheels. As he is being whirled at the rate of sixty miles an hour or better not a joint disturbs his serenity. The rails rest on a bed ballasted with solid rock, and the joints are made with a kind of chair or fish-pate, of the company's own make, that cause the miles of track to be as unbroken as one long jointless rail. There is no dust, little noise, and not a cinder. A few weeks ago there were put on a number of new parlor cars finished at the company's shops at Altoona. Instead of the ordinary flat window, they are fitted with five bay windows on each side, each about seven feet wide. The passenger can look up or down the road for miles without leaving his seat, and the new windows admit twice as much light as the old ones did. The cars are somewhat larger than the old style, and are divided into a main saloon, ladies' boudoir, smoking room and retiring room.

Recently the entire running time between the Atlantic seaboard and the great western cities has been reduced. On the 9 o'clock morning train the time to Chicago is twenty-four hours; to Cincinnati, twenty-one hours; and to St. Louis, twenty-nine hours with a corresponding reduction to other points. This speed is maintained without the slightest danger to the traveler.

During the war of rates which began last winter, the Pennsylvania Company alone maintained its rates, beginning May 25th, though, it fixed the fare to Chicago at \$15; to St. Louis at \$19; and to Cincinnati at \$14, with corresponding reductions to other points. —New York World.

Treasury Note Paper.

WASHINGTON, June 11.—The commission appointed to open bids for furnishing distinctive paper for United States notes, national bank notes and other securities, reported to the Secretary of the Treasury to-day. The commission recommend that the sample submitted by Crane & Co., of 12 1/2 bank note paper finished on both sides with a blue silk thread so placed therein that one thread shall run through each note, be adopted for national bank notes, United States notes and certificates; that similar paper with one or more blue silk threads, as the Secretary may determine, running through each sheet, shall be adopted for the other obligations of the Government, except checks, drafts and stamps and that paper of similar character, not exceeding twelve pounds in weight, with either a blue silk thread or other mark, as the Treasurer of the United States may determine, so placed that it may fall upon each separate check or draft, be adopted for checks or drafts.

The commission say that public policy require there should not only be absolute security against fraud and over issue in the engraving and printing of public securities, but that the public should be assured in some conclusive way that security exists. Such security can best be obtained by stripping the final authentication of the securities of other control than that of the mechanical establishment by which they are executed, this the commission say, may be accomplished with reference to United States notes by entrusting the Treasurer of the United States the duty of placing the seal of the United States thereon. It is indispensable that the imprint of the seal should not be made in the building where the securities are executed. The report has been approved by the Secretary of the Treasury.

A large frame building, fifty by sixty feet, on the corner of twentieth and Butterfield streets, belonging to G. H. Norris, was vacated by a tenant on May 30th, at 10 o'clock. Monday night every vestige of the building had disappeared, it having been torn down and carted away. When the owner found it yesterday, he immediately swore out warrants for the arrest of several dozen families in whose yards the remain of the building were found. This is the first instance where an entire house has been stolen. —Cincinnati Exchange.

A Remarkable Case of Longevity.

Mr. J. M. Johnson, the marble manufacturer, of this city, has just placed a monument in the Catholic cemetery at Newry over the remains of Mary A. Bradley, who probably attained a greater age than any person who ever lived in the State. She was a sister of the late Father Bradley, of Newry, county, and was born in county Tyrone, Ireland, July, 1766. She died in Derry township, Westmoreland county in December, 1883, her age being 117 years and 5 months. In order to ascertain her exact age, her relatives wrote to Ireland and received a transcript of the parish registry where her baptism is recorded. This is undoubtedly authentic, and makes out a most remarkable case of longevity. Numerous relatives of the deceased live in this city and county. —Altoona Times.

We are acquainted with a number of the performers traveling with this show and they are among the best on the road. We clip the following from the Newark N. J. Register. Two performances were given yesterday at O'Brien, Astley & Company's circus. The show without doubt is one of the finest that ever exhibited in this or any other city, and as a consequence every available seat under the canvas tent was occupied by delighted spectators. The equestriennes were simply delightful. There graceful riding and cool self-possession as the horse galloped wildly round the enchanted circles won for them round after round of applause. They are unquestionably in point of style and beauty the finest that has ever been the delight of the Newark public to gaze upon. The bare-backed riders, the acrobats, the clowns, the trained elephants, the performing dogs and the menagerie of this circus will be seen with delight by thousands of Newark people. No Newarker should fail to see this magnificent show.

Mr. John W. Rothrock of Newlon, Jasper county, Iowa, after an absence of seventeen years, paid a visit to his native county, and visited at the home of Mr. Parsons in this place.

A large, new, and elegant stock of goods of every description, just received at Corman's novelty store.

We are going to try an experiment—that is, to show our patrons how cheap hardware can be bought for cash. We are going to do a strictly cash business and sell goods for about what we have heretofore been paying ourselves. Call and examine our stock— 25—H. K. Hicks & Bro.

The Curtin Cornet band will hold an ice cream and Strawberry festival near that place on Saturday afternoon and evening June 20th. Good music by the Cornet band. All are invited to go and aid, as the proceeds are to be devoted to a good purpose.

We have about one hundred Cok stores and Ranges of the latest improved patterns, which will be sold regardless of profit. We are compelled to unload our immense stock of goods— for cash. H. K. Hicks & Bro.

H. A. Hilton, a printer, who died a short time ago in St. Louis, Mo., has a brother living somewhere, the whereabouts of whom will be thankfully received by the deceased's widow, Mrs. Anna B. Hilton, who resides at 914 CARROLL ST., S. L. Mo.

Wilson, McFarlane & Co., call attention to the only reliable Ready Mixed Paint in the market. The Pioneer Prepared Paint is not only superior to any Ready Mixed Paint sold, but rivals pure white lead in its smoothness and durability. This paint is guaranteed by the manufacturer not to crack or peel within three years. The guarantee is not only good for replacing the paint but it will be put on if it should crack or peel within the time specified. It will be to your interest to call and see Wilson, McFarlane & Co., before purchasing either white lead or any Ready Mixed Paint.

Our friends will always make money by sticking to us. JAMES HARRIS & Co.

What Daniel Webster calls the greatest novelty of the age is an exhibition and for sale by Schofield, the celebrated harness manufacturer on Spring street. It is a patent, double action, self-cleaning curry comb, and we feel like going right off and buying a horse so we can use this great equine cleaner. Every farmer and horseman should have one. Jim says it the best thing out. Call and see the little giant. The price of the comb is a mere trifle. Don't forget to call and buy one when you are in town. At present they are only for sale by Mr. Schofield.

Notice—Our patrons and the public are respectfully informed that we are still ready to sell at bottom prices, and meet all competition in goods in our line. A call will convince you. JAMES HARRIS & Co.

An interesting council meeting was held on Monday evening. In the absence of the regular Chairman, Mr. Crider, Mr. Wm. Shortledge acted as chairman pro tem. Arrangements to fill the vacancy caused by Mr. Leander Green, high constable, who moved away, was left to the Committee on Nuisance.

Street Commissioner L. L. Brown made a motion to dispose of the street lamps. It was carried and a committee appointed to sell them. The Police and fire Committee reported that a quo warranto writ had been issued on behalf of the burgess requiring the council to show why and by what authority the police are acting.

The market committee reported \$5,50 market fees.

The following gentlemen were appointed to draft or make out a schedule showing the basis upon which the water tax should be levied; Messrs. Wilbur Reeder, D. Z. Kline and Isaac Mitchell. The same was adopted.

The Committee on Finance was directed to enforce the collecting of the water tax, and in cases where it was not paid the water should be shut off.

June 29th is the time appointed for the appeal of water tax.

FILLMORE.

The crops in this section are looking very fair, considering the late spring. A few more good rains will bring them out all right. —C. J. C.

L. B. McIntyre will continue to carry and serve mail at this office during the next year, he having again secured the contract. Mr. McIntyre has carried our mail faithfully during past years, and has given entire satisfaction to our people.

The subject of most importance and the one most talked of in our village and township is that of building the new mountain road, which begins at a point on the road leading to Unionville or at Mr. Rhones residence and leading to Bellefonte. This road is to run along the foot of the mountain, and is considered the most expensive of any yet proposed, the estimated cost being \$1000 per mile. As it will have to be built by this township (Beaver) our already highly taxed citizens will be burdened by an increased tax that will be almost unbearable. As a consequence most of our people object to the road, and we understand an indignation meeting will be called at an early day, and some efforts taken to prevent its construction. The road at best will benefit but few people, those who live on the mountain, and even they have easy access to what is known as the Buffalo Run road.

We expect to have an enjoyable time at the reunion on Saturday evening the 27th inst. The ladies of the Presbyterian church are making extensive preparations for this affair, and as their festivals are always a success we predict this one will be no exception. One day recently we were shown some blooded stock owned by Mr. Geo. Musser, son of Noah Musser, and we dare say for beauty and worth they can not be discounted in this valley. A Clydesdale colt is one of George's prizes and he is a beauty, well built, clean limb and fleet, will in the near future bring a high price. \$150 was refused for him when quite young; another elegant yearling is a Percheron, which will also prove a valuable animal in the near future. Holstein, Alderney, Berkshire and other valuable cattle help make up his list. George is proud of his stock, and delights to show visitors his treasures. Bring on your fairs and Buffalo Run will make a good showing.

Children's day was appropriately observed here on Sunday, and the services were largely attended. The church was handsomely decorated, the remarks interesting, and the music both vocal and instrumental was good. Rev. Whitney conducted the exercises which of course added greatly to their interest. —Max.

Convinced.

Mr. U. G. King, foreman of the Leontonia Democrat, Leontonia, Ohio, writes: "Dr. S. B. HARTMAN, Columbus, Ohio, Gentlemen: Some time since, I had occasion to doubt the genuineness of most of the articles that appear in different papers in regard to your wonderful PERUNA, and my curiosity was so great that I determined to write to one of the many people that claimed to have been cured by this medicine, and accordingly wrote to Mrs. J. W. Reynolds, of New Lisbon, this county, and received the following reply: "I received your letter this evening, and in reply would say that PERUNA, I believe, saved my life, and I can not recommend it too highly; for all complaints it is the best medicine in existence. It seems to help you as you swallow it. I would advise any one suffering from my complaint to take PERUNA and be cured." Now, that's her card, word for word, and as I am well acquainted with the lady, I do not believe she would lie. It is truly wonderful how your medicine does to good.

James L. Mooney, Prospect, Ohio, writes: "For the past ten years I have been suffering from constipation and dyspepsia, and all the evil effects that accompany them. I was treated by a number of doctors, all to no effect. I used several patent medicines, which did me no good, and about three years ago I was seized with a severe nervous trouble, and was obliged to quit farming. I thought my days would soon be over, but last winter I received one of your pamphlets called the "Ills of Life." I at once tried your PERUNA and MANALIN. They helped me right away. I used nine bottles of PERUNA and three of MANALIN; and now I am quite well, and able to resume farming. I also had a little child which was attacked with a severe cramp in the stomach, we thought it would go into spasms. I used nothing but PERUNA. We gave it an injection of PERUNA and warm water, and gave it a teaspoonful of the medicine internally every half hour. It was relieved in one hour, and has not been bothered since. I have also used it with as good effect in case of cholera and colds. I know that it is a wonderful medicine, and recommend it to all who are in poor health. The above statement I am willing to swear to."

W. M. Plants, Deep Valley, Greene county, Pa., writes: "Please send me your book on the 'Ills of Life.' I have used one bottle of PERUNA, and am greatly benefited."
