

FARMERS' SUPPLY STORE.

No 72 West High Street, Bellefonte, Pa

McAlmont & Co., William Shortlidge and Robert McAlmont, Business Managers, announce to their friends and customers that they sell everything for the farm and garden.

OLIVER CHILLED PLOWS.

The good reputation of the Oliver Chilled Plow is not equalled by any other plow in existence; it is the only plow offered to Centre county farmers that has different shares adapted to the thorough plowing of loamy and gravelly soil. Common Shares, marked "C," are intended for use when the soil is in good plowing condition, as in spring work. Deep Suction Shares, marked "D. S.," are intended for dry ground, or when the "C" shares do not run deep enough. Short Shares, marked "S," are for use in very hard, baked soil, or in stony land, where the "D. S." shares will not run deep enough. Steel Shares are for use in soil containing roots, etc., that must be cut off, where our cast shares are not sharp enough.

The following warranty ought to satisfy the most skeptical: WARRANTY.—The Oliver Chilled Plow is warranted to do good work, scour in any soil, run lighter than any plow in use, run steady, with one, two, or three horses, be easily handled or adjusted, not choke nor corrode, work well in hard, dry ground, and give good satisfaction. After a two days' trial in the field, if it fail to prove equal to this Warranty, notice must be sent to the dealer selling it and a day's time given him to make it work to the purchaser's satisfaction; failing in which, the plow can then be returned. If used longer than two full days, without any complaint, it will be considered sold.

OLIVER CHILLED PLOW WORKS.

The Oliver Chilled Plow was, for many years, called the South Bend Plow as well as "Oliver Chilled." Other parties are trying to profit by assuming the name of South Bend. All genuine Plows are marked "Oliver Chilled Plow."

We also sell the Cassaday Sulkey Plow, manufactured at the Oliver Chilled Plow Works.

FERTILIZE THE SOIL.

Next to thorough cultivation, if the farmer wishes to realize the full benefits of his work, comes thorough fertilization. This fact has been fully illustrated by a comparison of crops of wheat fertilized last fall and those upon which no fertilizer was used. One of the most forcible illustrations of this fact is shown on the farm of Hezekiah Hoy in Benner township, who declares that for every dollar he invested in Buffalo Honest Phosphate he will realize an income of ten dollars, as compared with the wheat cultivated without phosphate. In addition to the above see what other farmers say about Buffalo Honest Fertilizer.

We invite the attention of farmers to the following testimonial of Dr. E. W. Hale, of Bellefonte, Centre county, Pennsylvania. Mr. Hale is the owner of thirteen large farms located in Centre, Huntingdon and Mifflin counties, and is Centre county's representative in the Pennsylvania State Board of Agriculture. He is not only a practical, but a scientific farmer, who is thoroughly conversant with the merits of fertilizers, which adds intrinsic value to his judgment herein expressed.

BELLEFONTE, Centre Co., Pa., Dec. 16, 1884.

L. L. CROCKER, Esq.—I have been a patron of Crocker's Buffalo Ammoniated Bone Super-Phosphate during several years past. I have used it on corn and wheat and have realized satisfactory and profitable results. I believe it to be one of the few complete fertilizers now in the market, which justly entitles it to the name claimed for it—"Honest Fertilizer"—and heartily recommend it as such.

The Best in the Township.

ROCK SPRINGS, Centre Co., Pa., Dec. 16, 1884.

L. L. CROCKER, Esq., Buffalo, N. Y.—I have been using Crocker's Ammoniated Bone Super-Phosphate on my farm during the past three years. It gave me satisfaction, and from my observation I am convinced that it is the best Fertilizer ever used in Ferguson township.

H. C. CAMPBELL.

Tried Other Brands, but Returned to the "Honest."

CENTRE MILLS, Centre Co., Pa., Dec. 16, 1884.

L. L. CROCKER.—I have applied the Crocker's Buffalo Ammoniated Super-Phosphate in my farming for four years. I prefer it to any other brand. My neighbors have used it also, who tried other brands, but they invariably returned to the "Honest Fertilizer."

JOHN WOLF.

Read what Hezekiah Hoy says. Farmers note the difference in the yield of crop in favor of the "Buffalo."

BENNER TOWNSHIP, June 3, 1885.

MR. WILLIAM SHORTLIDGE, Agent for sale of Crocker's Buffalo Honest Phosphate.—The Buffalo Honest Phosphate I used last year on a twenty-five acre field of wheat, with the exception of two drill rounds through the middle of the field, from present appearance will yield twenty bushels to the acre. Where I did not use the Phosphate, the yield will not exceed eight bushels to the acre.

HEZEKIAH HOY.

Read what J. M. Wilson says, who is opposed to the use of fertilizers:

June 2, 1885.

Where fertilizers have been used on the farms in our neighborhood, the wheat looks well, especially on the farms of Joseph W. Marshall, Samuel A. Marshall and John P. Seibert. Mr. Seibert fertilized one of his poorest fields. After he sowed the grain the wheat was a long time coming up. He thought at one time he would have to sow it over. It came up finally, and it now looks to be one of the best crops in the neighborhood. My farm adjoins the above farms; I did not use any fertilizer and have the poorest crop of wheat ever grown on my farm. I plowed five acres of my wheat field and planted it in corn this spring, the grain being so poor on it. I am not an advocate of the use of fertilizers; but it is clear that those who used it last year on wheat will realize profitable crops this year.

BENNER TOWNSHIP, JUNE 13, 1885.

MESSRS. McCALMONT & Co., Gentlemen:—Last fall when seeding, I used on my wheat the Buffalo Honest Fertilizer. This spring and until the present time, everyone who has seen it pronounce it the best field of wheat in the community, and I believe I will have more wheat to the acre this year than I have ever had upon the same field in any three years out of twenty nine years farming on the same farm. I further say that any one who does not believe in the use of fertilizers can see, by a comparison of my field with those that lay near it, that there is money in the use of it, because where it has not been used, there is little or no wheat.

JNO. P. SEIBERT.

Read Edward C. Humes' opinion on the use of fertilizers:

BELLEFONTE, Pa., June 16, 1885.

MESSRS. McCALMONT & Co., Bellefonte, Pa., Dear Sirs: In reply to

your inquiry with reference to the Buffalo Fertilizer, I have to say that from all the information I can obtain of my tenants who have for several years past used various kinds of fertilizers, I am inclined to the opinion that no one has given more satisfaction, if so much, as the "Buffalo." There may be others equally reliable in the market, and yet this having proved so beneficial in the past, has given them entire confidence in its utility; and I believe disposed them to continue its use rather than run any risk of an inferior article. I have no hesitation whatever in saying that fertilizers are important if not essential in the production of cereals.

Very truly,
E. C. HUMES.

BOALSBURG, Pa., June 6, 1885.

MR. WILLIAM SHORTLIDGE.—I purchased some Buffalo Honest Phosphate of you during the fall of 1884, which I used in seeding wheat. I also used seven other brands. The Buffalo was sowed the latest and on the poorest ground of my field. At present writing the wheat on the ground where the Buffalo was used is of more vigorous growth than the wheat in any other part of the field. It is out in head and the balance has not commenced to shoot. I am now satisfied the "Buffalo" had the poorest ground to work on and shows the most satisfactory results.

JNO. EVERHART.

It is useless to multiply words in commending the Buffalo Honest Fertilizer. It speaks for itself and stands at the head of its class. Every farmer who has purchased and used the "Buffalo" has been rewarded with an honest return for his investment. What it has done to aid the farmer in the past, it promises to continue in the future. The "Buffalo" is a high grade, complete fertilizer, and the ingredients which enter into its manufacture, command the highest prices in cash. Legitimate competition keeps the price of high grade goods within reasonable profits, which are always sold at about the same price. Agents frequently claim that they can sell the same quality of fertilizer as the "Buffalo" for a less price. We have been offered agencies with similar assurances that we could make much larger profits by selling their goods than we realize from the sale of "Buffalo," which led us to investigate the matter in several instances, and we have always found that the analysis made by authority of the State Board of Agriculture did not compare favorably with those claimed by the vendors of the lower priced goods. Therefore, farmers may rest assured that in the use of fertilizers, those with an established reputation will give more profits for the money invested, hence, the "Buffalo" is the cheapest. One of the most notable experiments was tried by Jno. H. Musser, of Aaronsburg, who is one of the best farmers in Centre county. At seeding time, in 1883, he used Acid Phosphate on one acre of ground and two hundred pounds of Buffalo on one acre and four hundred pounds of Buffalo on one acre. In 1884 he hauled it in the sheaf. A remarkable feature about this experiment was, that the wheat and straw where the Acid, or cheap Phosphate was used, weighed eleven hundred pounds more than the wheat and straw weighed where the two hundred pounds of "Buffalo" were used. When the grain was threshed, the wheat from the Acid Phosphate yielded eighteen and a half bushels to the acre. The wheat from the two hundred pounds of "Buffalo," yielded thirty-three bushels to the acre and the wheat from the four hundred pounds of "Buffalo" yielded forty-two bushels to the acre; the quality of the wheat was of the highest character on the last two acres. We have no doubt the high grade goods or complete fertilizers are the cheapest in the end; but everybody does not agree with us, therefore we have supplied ourselves with a lower grade of fertilizers at lower prices. We have the Queen City and Buffalo, No. 2, manufactured at the Crocker Works, which are excellent articles for the price. We also sell dissolved South Carolina rock at a price so low that we defy successful competition. The demand will be so great this year, that it is important to farmers to have their orders entered early, or we may not be able to supply them at seeding time. First come, first served.

Attention, Doctors.

Everybody knows that the life of the average physician is a hard one. He is often compelled to ride great distances through mud and rain for a merely nominal fee. It is not fit nor proper for us to condemn any physician for his work, but we do assert that his practice can be made easier, and he can effect more cures by the proper and judicious use of PERUNA. If he will only add this great remedy to his list of medicines, he will find that his usefulness will be greatly increased. Full directions for its use will be found in the "Tills of Life," and he should at once procure this valuable book.

N. J. Wright, Business Agent Evening Herald, Erie, Pa., says: "DR. HARTMAN—I can not but feel it my duty to express to you my thanks for the great benefit I received from the use of your medicines, PERUNA and MANALIN. One bottle of each placed me square on my feet, after a sickness of four weeks, which confined me to my bed, and then left me lame and crippled. Three days from the commencement of the use of your remedies the cane was dispensed with, and in a week I was perfectly well."

Mrs. Ellen Maynard, Oswego, Potter county, Pa., writes: "DR. HARTMAN, Columbus, O. The small ulcers are all healed, and the two large ones are not more than half as large as they were. I am feeling quite well. The people say your PERUNA and MANALIN are doing a miracle. I do not take nearly so much opium as I did before."

Joseph Thomas, East Brady, Pa., writes: "I have used your PERUNA and MANALIN with good results. In the year of 1880 I was so bad that I could scarcely walk. I used PERUNA and MANALIN, and am now as healthy as I have ever been. I have also recommended it to several parties, and they have been much benefited by it."

Mr. C. H. Harris, New Vienna, Ohio, writes: "Our little girl was paralyzed at thirteen months old, and we resorted to everything we could hear of for relief, but she appeared to get but little better. Hearing of PERUNA we concluded to try it, and will say it has done her a great deal of good—the first bottle apparently giving aid and relief. We have used it for nervousness in other cases on other persons and found it a success. For general debility, and in fact for any disease, we don't think anything else can at all compare with it. We have used forty or fifty bottles, and our house is never without PERUNA. Our little girl is now eight years old, and can run any place, was for four years helpless. PERUNA cured her."

PERUNA is sold by all druggists. Price \$1.00 per bottle, six bottles \$5.00. If you cannot get it from your druggist, we will send it on receipt of regular price. We prefer you buy it from your druggist, but if he hasn't it do not be persuaded to try something else, but order from us at once as directed.

S. B. HARTMAN & Co., Columbus, Ohio.

THE COMPOUND OXYGEN TREATMENT.

For the cure of Nervous and Chronic Diseases by a natural process of re-vitalization, producing a healthy process of blood making, by which all diseases are overcome without the use of medicine by stomach, CATARRH, ASTHMA, BRONCHITIS, CONSUMPTION, DIARRHEA, RICKETS, RESOLUTION, PARALYSIS, and CONSTITUTIONAL DEBILITY in this treatment. FILES AND OTHER DISEASES OF THE RECTUM, SUCCESSFULLY TREATED WITHOUT THE USE OF THE KNIFE. PATENTS CAN BE OBTAINED AT A DISCOUNT. Cure Guaranteed. Send stamp for explanatory circular.

J. DODGE, M. D., Pittsburg, Pa.

SECHLER & CO,

Groceries, Provisions

FOREIGN FRUITS

and CONFECTIONERY.

MEAT MARKET in Connection.

SUGAR.—Granulated Sugar 8c a pound All other grades at lowest prices.
SYRUPS.—Good bargains in all grades.
MOLASSES.—Finest New Orleans at 80c per gallon.
COFFEES.—Fine assortment of Coffees, both green and roasted. Our roasted Coffees are always fresh.

DR. RYMAN'S INDIAN VEGETABLE BALSAM.

FOR THE LUNGS AND THROAT.

The greatest known remedy for Colds, Consumption, Coughs, Hoarseness, Asthma, Sore Throat, Croup, Spitting Blood, and all Diseases arising from an irritated throat and Inflamed Lungs. This Balsamic Compound has been used in private practice over twenty years, gaining a high reputation for curing all Lung and Throat affections with those who have used it. It is a sad reality, yet true, that two-thirds of the deaths within our midst are caused from bad colds becoming deeply seated in the vital portions of the lung tissue through neglect and improper care or treatment. When health is destroyed all enjoyment of life is lost. Then, because of these treacherous colds, which suck the life-blood by degrees, and leave the poor emaciated sufferer with no chance for relief, the reliable way is to thoroughly eradicate the destroyer from the system. By Using

Ryman's Pure Vegetable Remedy.

You will find it imparts health and vigor to the whole system, acting on the Mucous membrane of the Throat and Bronchial Tubes, greatly facilitates expectoration, breaking up a troublesome cough in a marvelous short period, at the same time increasing the appetite, causing an enjoyment of food, enables the stomach to properly digest it, purifies the blood and imparts a healthy complexion.

Ryman's Carminative.

For Dysentery, Diarrhoea and Cholera Morbus. This Carminative, founded on just medical principles, is the most positive remedy offered to the public; hundreds have been cured by it when other remedies have failed. A fair trial will prove its efficacy. FOR CHILDREN TEETHING, it is the most pleasant, reliable and safe remedy for children in cases of Griping, Pains, Colic, Cholera Morbus, Diarrhoea, &c., now before the public. A trial will prove the truth of this assertion. No mother should be without it. FOR DYSENTERY. The most violent cases of Dysentery have speedily yielded to the magic power of carminative. If taken according to directions success is certain.

DR. RYMAN'S CELEBRATED CARMINATIVE

FOR CHILDREN TEETHING greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is sure to regulate the Bowels. Depend upon it, Mothers! it will give rest to your selves and RELIEF and HEALTH to your INFANTS. We have prepared and sold this valuable Medicine for many years, and can say in confidence and truth that IT HAS NEVER FAILED IN A SINGLE INSTANCE TO EFFECT A CURE when timely used. We have never known of dissatisfaction by any one who used it, on the contrary all are delighted with its operations, and speak in terms of highest commendation of its magical effects and Medical virtue in almost every instance when the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the CARMINATIVE is given. This valuable Medicine has been used by MOST EXPERIENCED and SKILFUL NURSES with never-failing success. It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS and COLIC and overcome convulsions, which, if not speedily remedied, end in death. We believe it is the BEST and SUREST REMEDY IN THE WORLD in all cases of Dysentery and Diarrhoea whether it arises from teething or from any other cause, and say to every mother who has a child suffering from any of the fore-going complaints, do not let your prejudice, nor the prejudices of others, stand between your suffering child and relief, that will sure to follow the use of RYMAN'S CARMINATIVE. Full directions for using will accompany each bottle.

A trial of the Carminative will recommend it.

Sold 25 cents per Bottle. Sold by Druggists and Country Merchants generally.
