

—LOOK OUT FOR THEM.—On Wednesday night last a professional sharper, who makes it a business to go about duping the unsophisticated, and abusing their gullibility, pulled up at Munson's corner and began to deliver a loud harangue, during which he regaled his hearers with scraps of ancient and modern history, and made them aware of the fact that he could knock Orton's Lightning Calculator out in the very first hard fought round of 2 1/2 minutes. He claimed also to have attained great fame as a puller of teeth, having the ability to keep four or more teeth in the air at once. When the fakir had succeeded in drawing a crowd sufficient large for his purpose, he proceeded to dispose of cuff buttons and other articles, which he at first bought back for double what they sold at. By and by he brought out some watches. He told his interested audience that he was totally ignorant regarding the ability of the watches to go or stop, and made several remarks decidedly detrimental to the said watches, after which he began to dispose of them at two dollars a piece. They were bought up by all kinds of people of all ages, who thought that the fellow was only joking, and that they would get double the value of their money from the investment. The sharper did his talking from the back part of a carriage whitt one of the old "cats" that travels with him occupied the front seat and held the lines, while he fished the easily duped. After the fellow had relieved the crowd of a sum of money estimated by various persons: at from 75 to 250 dollars, he drove off leaving the crowd in open-mouthed wonder and astonishment. The jewelry the fellow disposed of was the veriest trash, and there was not a single watch chain, or button bought that night that its owner is not now ashamed of, and he might well be so. We can't help but think what a lift the amount of money foolishly squandered that night would have given to our town jewelers, who do a square business, and how much better the purchases would have shown up. But it seems that a certain amount of swindling is necessary to the existence of some people in this community, and there is little or no use in talking common sense to them. Though most people will concur with us that it is a pity that a worthless scoundrel should be allowed to drain one town after another of its loose cash in such a shameful manner. This same rogue worked the same game in Altoona, Tyrone, Hollidaysburg, Clearfield, and other places, and has been successful in all of them. He travels with two women, neither of them being his mother, wife, or sister, who rejoice under the poetic names of Hattie and Grace. They were a brave trio, and Philipsburg gave them a good boost.—Philipsburg Ledger.

—The following, from the Fowlerville (Mich.) Review, relates to an uncle and aunt of our townsman, Hon. Chester Munson: "On April 1st, Mr. and Mrs. S. S. Munson, of Fowlerville, parents of F. W. Munson, of Howell township, enjoyed the remarkable privilege of passing the 62nd anniversary of their marriage, both of this long united couple being in good health. Of 12 children they have but three living, and three of those gone before them lie buried in southern soil, martyrs of the late war. Mrs. Munson was a Walker, and is a sister to the Detroit lawyer of that name, and in her family there has been the rare record of five golden weddings. That this aged respected couple may live to augment many more anniversaries is the wish of numerous friends that have become attached to them during their residence of a quarter century in Livingston county."—Philipsburg Ledger.

**Maud's Wonderful Speed**  
CLEVELAND, July 30.—Maud S. went a mile this afternoon over Glenville track in 2:08 1/2. Her time by quarters was 32 1/2, 1:04 1/2 and 1:54 1/2. When Maud S. appeared to-day to beat her record the track was in a fair condition. There had been heavy showers during the night, but the sun and half dozen drags improved the track as the day wore on. No pools were sold, but private betting was about \$25 to \$38 that the mare would fall. Bair jogged her around the track and then gave her a warming up mile, doing it in 2:28 1/2. When she was called out for the second attempt John Splan drove a runner behind her. He held a watch in his hand in order to post Bair as to the speed he was making.

Maud S. went to quarter in 36 but at the quarter went up and Bair took her back. On the next attempt she reached quarter in 32 1/2, the half in 1:04 1/2. The next quarter was trotted in 31, the fastest one of the mile. Coming up the stretch the strain appears to tell on her and she slowed up. Bair applied the whip and she responded quickly, dashing under the wire at a tremendous pace, making the last quarter in 33 1/2 and the mile in 2:08 1/2. A wild scene followed the announcement.

**A \$3,000 Blaze in Ebensburg.**  
About 10 o'clock on Wednesday night Mr. John Dougherty noticed smoke and flames issuing from the roof of a building owned by ex-sheriff Myers on Main street, Ebensburg, and occupied on the first floor by Mr. John Lloyd as a store and express office, and on the second floor by Isaac Davis as a saddler shop. Mr. Dougherty alarmed the neighbors; and in a short time water was being applied to the flames from two lines of hose, one attached to a plug at Reese J. Lloyd's corner and the other attached at Thomas Griffith's corner. The fire was extinguished in thirty minutes from the time it was discovered. The building was literally deluged with water in a few minutes, and its contents, from the garret to the cellar, drenched and soaked through and through. Thus while but little damage was done by flames, the ruin wrought by the water will foot up several—possibly five—thousand dollars. The stock of goods in Lloyd's store is said to have been insured for \$4,000. Whether Davis had any insurance on his saddlery, or Myers on the building is not known. How the fire originated is a mystery as yet. For the above facts we are indebted to the Johnstown Tribune.—Altoona Tribune.

**Bounty Bill.**  
An act for the destruction of wolves, wild cats, foxes, minks, hawks, weasels, and owls, in this Commonwealth was approved June 24d, the following premiums to be paid by the respective counties in which the same are slain namely:

For every wild cat two dollars, for every red or gray fox one dollar, for every mink fifty cents, for every weasel fifty cents, for every hawk fifty cents, and for every owl except the Acadian screech or barn owl which is hereby exempted from the provisions of this act, fifty cents.  
Persons having killed any animal or bird mentioned, and desirous of availing himself of the premiums, must produce such slain animal or bird before any magistrate of the county, and make affidavit of the time and place of killing the same, and it shall be the duty of such magistrate to give the person producing such animal or bird, a certificate of compliance with the provisions of the act, directed to the county commissioners, and the commissioners shall give an order upon the County Treasurer for the payment of the premiums. Any fraud in collecting premiums is punishable by a fine and imprisonment.

**A SOLDIER KILLED.**—A dispatch from Lebanon says: William Mowry, aged 21 years, son of John Mowry, of Columbia county, Pa., and a soldier belonging to company C, under the leadership of Captain C. B. Cass, of the above place, now camping at Mt. Gretna, met with a horrible death this morning by being killed by a freight train, a short distance above this place. It appears that Mowry had leave of absence and came to Lebanon. During his stay here he became intoxicated, and this morning endeavored to get to camp. While waiting on the Cornwall and Lebanon railroad he was struck by a freight train and almost instantly killed. His body was frightfully mangled. The coroner held an inquest at noon and rendered a verdict according to the facts. This is the first accident that has befallen any of the soldiers of the camp thus far, and it had considerable effect upon his comrades, by whom he was much liked.

**A HANDY SCALE FOR LETTERS.**—A silver dollar weighs very nearly an ounce. Hence any letter not heavier than the dollar can go for a single two-cent stamp. This is easily remembered. If you want to be more exact, take a silver dollar and a silver five-cent piece, and you have an ounce almost to a feather's weight. Provided you haven't the silver dollar handy, use two halves, or if you have nickels only five of them and a small copper cent will give you nearly an ounce. As 99 letters out of a 100 will fall within the ounce weight, is simple system of weighing will serve for general use. It is the result of some tests made by Chief Clerk Woodhouse, of the New York post-office.

**Beat on all Sides.**  
By malaria, how shall we escape the dread infection? is the question which the denizens of fever and ague districts ask themselves. The answer comes from former sufferers who for years have escaped the visitations of the periodic scourge, through the protecting influence of Hostetter's Stomach Bitters. When the necessity for using preventive measures arises, use this means of prevention at once. It regulates the liver, facilitates digestion, and liberates impurities from the system, when such exist, by promoting healthful action of the bowels and kidneys. Act early. In all regions where miasmatic vapors breed disease. It is absolute necessary to be provided with a safeguard, and this is true, though a sojourn in such localities is destined to be brief. No one can afford to breathe malaria for a short time. The Bitters is a sovereign specific for rheumatism, debility and nervousness. Keep it on hand.
