## An Unseemly Wrangle

NEW YORK, August 27.—Undertaker Stephen Merritt, who had the obsequies of General Grant in charge, with timely consideration and a commendable show of business propriety toward the feelings of the family and chief mourners of the illustrious dead, is now about clearing up all accounts and summarizing each item of expense, in order to, within this week, be enabled to forward to the appropriate parties or authorities for settlement, the bills or statements for the entire cost of furnishing, conducting and fully carrying out the arrangements of the burial of the hero of Appomattox. There has been put in circulation by a sensational morning paper and some reckless out-of-town correspondents, stories to the effect that when the cost of the ex-President's burial would be made known to the people of the whole country would be shocked at the exorbitant rates charged. In order to ascertain the truth of these rumors, Mr. William Merritt, the son of the head of the establishment, who is in charge of the accounts and correspondence, was seen, and on being interviewed he said, substantially: "The statements published that we intended to charge exorbitantly for General Grant's funeral are erroneous. That the bill will be for an unusual amount in comparison with an ordinary burial, of course any one with an ounce of common sense can understand. But so far as it's coming up to \$20,000, because I may have to be paid by the government, is concerned—that is nothing but a stretch of imagination for sensational purposes. When our bill is put in there will not be one item that cannot stand full investigation or comparison. We have not yet completed the whole making out of the bill, and as to whether the expense will all be borne by the government, even that I cannot now state as a certainty."

## Chinese Emigration.

NEW YORK, August 27.—John Russell Young ex-minister to China, in an interview yesterday, said: "The emigration question is not understood in America. Immigration from China comes from one point alone—Canton. It is a city of a million people, the centre of a vast province, the most southern part in China. Within seven hours of Canton, by river, is Hong Kong. Hong Kong is a British settlement, as much under the British flag as is Cork or Liverpool. All the traffic in the way of emigration to America comes from Hong Kong, mainly through English houses. There is no stipulation or treaty, and there can be none to justify us in asking the Chinese to prevent Chinamen from going from Canton to Hong Kong. Once there they are free from Chinese influence.  
If the American government wishes to reach the emigration question, it will have to go to Lord Salisbury and ask him to instruct his government in Hong Kong, so that there may be no emigration. The British governor general at Hong Kong, whom I know very well, and whose guest I have been, said that he was perfectly willing if the American government wished it, to stop the emigration, but I had no instructions. There is nothing in the record to show that China has ever endeavored to evade the treaty. On the contrary, she has forced it even more stringently than any request of ours calls for. The Chinese do not care for immigration. They would like to stop the whole thing to-morrow. They do not, of course, like the idea of other nationalities being accepted in America and they being excluded; but that is a question of pride on their part."

## Death of Hon. Edgar A. Cowan.

PITTSBURGH, Pa., August 29.—Ex-United States Senator Edgar A. Cowan died at his home in Greensburg at 11:30 o'clock this morning after a lingering illness. Mr. Cowan was born in Westmoreland county, Pa., on September 19, 1815. Thrown upon his own resources at an early age he obtained a good education, graduated at Franklin college, in Ohio, in 1839; was by turn a rafterman, boatbuilder, schoolmaster, and student of medicine, finally devoting himself to the law obtaining admission to the bar and beginning practice at Greensburg. He was a presidential elector in 1860 on the Lincoln and Hamlin ticket; was elected a United States senator from Pennsylvania as a republican, serving from July 4, 1861, to March 3, 1867; was a delegate to the national union convention in Philadelphia in 1866. Senator Cowan was appointed by President Johnson in January, 1867, minister to Austria, but the senate did not confirm the nomination. The immediate cause of his death was cancer.

## Judge Hall Makes a Suggestion.

BEDFORD, Pa., Aug. 23.—With respect to the proposed deal between Vanderbilt and the Pennsylvania Railroad ex-Judge William McClay Hall says: "The executive power of the State is bound by express constitutional provision to take care that the laws shall be faithfully executed. The Constitution is the highest and most sacred law. While it is the duty of the Governor and Attorney General of the State to take the necessary steps in the name of the State to prevent the contemplated wrong—a wrong not only against the whole community in southern Pennsylvania, but upon the State itself and upon its fundamental law—yet our people are not without a private remedy. What is to hinder the landowners from applying by bill in equity to our local courts for an injunction to restrain the transfer of stock and bonds of the South Pennsylvania Railroad by the syndicate owners to the Pennsylvania Railroad Company or its secret agents? And why, in such a proceeding, cannot a full disclosure be compelled of the nature of the proposed bargain and sale by which great public interests as well as the private rights of individuals, are to be ruthlessly sacrificed by railroad monopolists? Conceal the right of the South Pennsylvania Company to abandon its half-completed enterprise for some honest reason, have they the right to abandon it on the basis of a quasi conspiracy, a bargain and sale with the Pennsylvania Railroad Company to prevent wholesome railroad competition to which the public are entitled? And in any event can they have the right to abandon to the detriment of the landowners whose property they have entered upon and injured? And may not a court of equity inquire into this matter and restrain a dishonest transfer or abandonment, or decree a sale of the franchises and property of the road to pry these damages?"

## Slain by His Son.

ROCKWAY, N. J., August 25.—At White Meadows, a little hamlet about two miles from here, Thomas Smith, a farmer, was killed last night by his son, Lodi Smith. His wife and little daughter and the son were playing dominoes when some dispute arose concerning the game, and the father, and husband, being a man of irascible temper, assaulted the family, first knocking the daughter down, then striking Lodi in the face and finally seizing a club and threatening the life of all. The son meanwhile slipped into an adjoining bedroom, procured a pistol, and as the father advanced upon him with uplifted club, shot him three times in rapid succession, causing instant death. Lodi then walked to Rockaway, found Marshal Morgan at midnight and gave himself up. The son is about 17 years old, has always borne an excellent reputation, while the father has been noted for his quick temper and abusive language. Smith has several times assaulted his family and threatened their lives. Public sympathy is with the boy.

## Only Temperance Bitters Known.

No other medicine known so effectively purges the blood of deep-seated diseases.  
Billions bear testimony to its wonderful curative effects.  
It is a purely Vegetable Preparation, made from native herbs and roots of California, the medicinal properties of which are extracted therefrom without the use of Alcohol.  
It removes the cause of disease, and the patient recovers his health.  
It is the great Blood Purifier and Lymphatic Principle; a Gentle Purgative and Tonic; a perfect Renovator and Restorer of the system. Never before in the history of the world has a medicine been compounded possessing the power of VINEGAR BITTERS in healing the sick of every disease man is heir to.  
The Alternative, Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Sedative, Counter-Irritant, Sudorific, Anti-Bilious, Solvent, Diuretic and Tonic properties of VINEGAR BITTERS exceed those of any other medicine in the world.  
No person can take the BITTERS according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other accumulations, and the vital organs wasted beyond the point of repair.  
Bilious, Remittent, Intermittent and Malarial Fevers are prevalent throughout the United States, particularly in the valleys of our great rivers and their vast tributaries during the Summer and Autumn, especially during seasons of unusual heat and drouth.  
These Fevers are invariably accompanied by extensive derangements of the stomach, liver and bowels. In their treatment, a purgative, exerting a powerful influence upon these organs, is absolutely necessary.  
There is no cathartic for the purpose equal to VINEGAR BITTERS. It is a gentle and it will speedily remove the dark-colored matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.  
Fortify the body against disease by purifying the blood. VINEGAR BITTERS is the only medicine that can take hold of a system thus diseased, and it invigorates the stomach and stimulates the torpid liver and bowels, cleansing the blood of all impurities, imparting life and vigor to the frame, and carrying off without the aid of Calomel, or other mineral, all poisonous matter from the system. It is easy of administration, prompt in action, and certain in its results.  
Dyspepsia or Indigestion, Headache, Pain in the Stomach, Tightness in the Chest, Pneumonia, Diarrhoea, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, and a hundred other painful symptoms, are at once relieved by VINEGAR BITTERS.  
For Inflammatory and Chronic Rheumatism, Gout, Neuralgia, Diseases of the Blood, Liver, Kidneys and Bladder, the BITTERS have no equal. In these, as in all constitutional diseases, WALKER'S VINEGAR BITTERS has shown its great curative powers in the most obstinate and intractable cases.  
Mechanical Diseases.—Persons engaged in Painting and Minerals, such as Plumbers, Type-setters, God-benders, and Miners, as they advance in life, are subject to Paralysis of the Bowels. To guard against this, take occasional doses of VINEGAR BITTERS.  
Skin Diseases, Scrofula, Salt Rheum, Ulcers, Swellings, Pimples, Pastules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations, Humors and diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of the BITTERS.  
Pin, Tape and other Worms, lurking in the system of so many thousands, are effectively destroyed and removed. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like VINEGAR BITTERS.  
Measles, Scarlet Fever, Mumps, Whooping Cough, and all children's diseases may be made harmless by keeping the bowels open with mild doses of the BITTERS.  
For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, the BITTERS has no equal.  
Cleanse the Vitiated Blood when its impurities burst through in Eruptions or Sores; cleanse it when obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when, and the health of the system will follow.  
In conclusion: Give the Bitters a trial. It will speak for itself. One bottle is a better guarantee of its merits than a lengthy advertisement.  
Around each bottle are full directions printed in different languages.
