C. U.

& CO. Allegher 1 st., Bellefonte, Po.

-We desire to call particular attention to the Boot & Shoe business conducted by A. C. Mingle. He is deter mined to enter the fall trade at the head of the 1st. During the summer he reduced his stock, so as to enable him to start with a good fresh stock for fall and winter, and how well he succeeded, we will let the public judge. Mr. Mingle has had a long experience in the business, and is intimately acquainted with many of the best manufacturers in the country thereby giving him an advantage in selecting the styles at manufacturers prices, which en ables him to sell goods as low as small dealers (who are seldom in the market,) must pay jobbers or middle men for older and interior goods. Goods are cheaper this fall than they were ever Arrive at Tyrone 7 05 7 00 known to be in the history of the trade. While other merchants cry hard times, Mr. M's sales are continu! ally on the increase. What he promises and intends to carry out is this: he will give you just as good shoes at as low prices, as can possibly be had at any store in America and better and cheaper than you will find in most of them. His manufacturing department deserves mention. It is managed by Milesburg..... 9 05 9 Mr. H. Rotb, a work man of large exper-iance, with the best workmen under Howard...... 9 26 10 09 him. The work turned out from this Engleville...... 9 36 10 19 shop, is second to none in the State. Persons desiring hand made goods, will do well by trying Mr. Robb at Mingle's His work can be seen at the store which will tell better than we can write it.

CANCER CURED No diseases have so thoroughly baffled

he skill of the medical profession as cancerous affections and as they have always been considered incurable, it has been thought disreputable to adopt their treatment as a specialty; and hence physi-cians have neglected their proper study. But of late years new and important dis-coveries have brought forth a course that now proves successful in any of its forms, with certainty, without the use of the knife or caustic plasters. We have a treatment that is comparatively mild. It is not poisonous, does not interfere with the healthy flesh, can be applied to any part of the body, even the tongue. We take nothing for our services until the cancer is cured. Address
