CANCER CURED.

No diseases have so thoroughly baffled the skill of the medical profession as cancerous affections and as they have always been considered incurable, it has been thought reputable to adopt their treatment as a specialty; and hence physicians have neglected their proper study.

But of late years new and important discoveries have brought forth a course that now proves successful in any of its forms, with certainty, without the use of the knife or caustic plasters. We have a treatment that is comparatively mild. It is not poisonous, does not interfere with the healthy flesh, can be applied to any part of the body, even the tongue. We take nothing for our services until the cancer is cured. Address: D. J. HULBERT, Eagleville, Centre Co., Pa.

A GUNNER'S GUIDE.—Appropos of the approach of the gunning season is the "Paradise for Gunners and Anglers," a neat little pamphlet issued by the Passenger Department of the Philadelphia Company, descriptive of the gunning and fishing resources of the Delaware and Maryland peninsulas. The book treats of the game and fish of the locality, their haunts and habits, the localities they frequent, and gives extracts from the game laws of the region, and in fact all the information a sportsman could desire. It is embellished with water-courses, roads, and railways of the section. It is a complete manual for the gunner or angler, who would find his sport in one of the best game-stocked portions of the Atlantic States.
