

—Lewis' grocery is the centre of attraction for the curious. In the window may be seen a miniature landscape, of Bellefonte and vicinity, with a train of cars in complete running order. To the right as you look in the window is the Phoenix Flouring Mills with an overshot waterwheel on the outside constantly running, and so natural does it look, that one can almost imagine he hears the whirr and jar of the burrs inside the building. The train of cars which to the average boy would be the acme of delightful possession runs on a circular railroad, starting from an old tumble down tobacco shed denominated the "Bellefonte Depot" the train circles around with astonishing rapidity. On the right is a tunnel through which the "Snow Shoe" express thunders, and emerges from darkness a short distance from the depot. On the hill above the tunnel is a woods in which are various wild animals such as deer, foxes, etc., a hunter stands down in the circle with a "bead" drawn on a handsome buck on the hill above. Within the circle is a beautiful lake on which may be seen beautiful ducks and geese, swimming, a notice is posted up on the margin of the lake saying, that "these are wooden ducks." This is to keep Judge Furst from destroying the beautiful water fowl. In the background may be seen Col. Wilkinson in hunters costume, with an immense gun and ferocious dog, hunting english sparrows, on the left of the picture is a deer park. There are a great many attractions in the picture, and Mr. Griest is constantly adding to the number. It is decidedly the best arranged window we have seen in Bellefonte.

A LOCK HAVEN GIRL ENTICED AWAY.
—In the early part of this week a young Miss of 15 years, whose name is not given out of respect for her friends, was missing from her home in this city and it was thought that she had been enticed away by a woman of bad repute and taken to Altoona. A warrant was issued by Alderman Winters for the arrest of the woman, and an accomplice, and placed in the hands of Constable Ellis Myers. Last night the officer arrived on the train from Altoona with the two women and the girl in custody. They were given a hearing and the women released, as no case could be made out against them, and the girl taken home by her friends, upon her promising to remain there. That the girl was enticed away from her home there is no doubt and from the facts brought out at the hearing there seems to be a man concerned in the case, though to the honor of Lock Haven it can be said, he was not a resident of this city. The act passed at the last session of the Legislature imposes a severe penalty upon any person who may entice into wrong-doing any young girl under 16 years of age.—*Express.*

SAD AND FATAL ACCIDENT.—On Tuesday afternoon Leslie, youngest son of William Miller, met with an accident that resulted in his death on Wednesday night. His mother had left the house and gone to her husband's tailoring shop in the adjoining building, with the intention of returning in a few minutes. She had scarcely reached the shop until an older child came in exclaiming: "Leslie is burning up." Hastening back she found the little fellow wrapped in flames. She at once commenced tearing off the burning apparel in order to extinguish the fire, and in the attempt was herself bodily injured about the hands and arms. The child was frightfully burned, and notwithstanding everything was done for his relief, he suffered the most intense agony until death came to his relief. The distressed parents have the sympathies of the entire community in their sad bereavement.

The funeral will take place from residence to-morrow (Friday) afternoon at two o'clock.—*Phillipsburg Journal.*

SHARON, December 12.—The family of John Heinz, consisting of five members and residing in this city, are lying at the point of death, having been poisoned yesterday by eating bread made from flour in which some dangerous substance got mixed. The attendant physician experimented on a kitten by giving it some of the bread in coffee and death resulted in a few hours. Mr. and Mrs. Heinz may possibly survive, but the recovery of the children is extremely doubtful.

—I desire to acquaint the public with facts that will prove beneficial to all who note them. A WORD OF WARNING.—A word of caution may serve to protect the unsuspecting from the deception of unprincipled adventurers in our trade. These persons believing that there are enormous profits in our goods, seek to put on the market, similar articles at much lower price, they know little or nothing of the manufacturing processes necessary to perfect workmanship, and they palm off on the consumer inferior goods. We have a party in this place dealing in machine and hand made harness which don't belong to their line of business, and to say the least, is very unsafe. This harness ranges in price from \$6.50 to \$7.50 machine. Hand made from \$1.00 to \$2.00 extra. Any party wanting this line of goods I will order them at 10 per cent. to pay express charges. We are now manufacturing hand made at \$10.00 and A No. 1 set nickel harness at \$15.00, this harness we have sold at \$20.00. Hard rubber at \$16.00 well worth \$22.00. We have over \$3000.00 in stock and must be reduced regardless of cost. We have a large stock of blankets and robes that must also be sold to make room for other goods. We have horse brushes from 25 cents up, curry combs at 15 cents, halters, riding saddies and bridles, and tug harness at reduced prices. Get my prices before buying elsewhere, as these goods all must be closed out.

A Valuable Medical Treatise

The edition for 1886 of the sterling Medical Annual, known as Hostetter's Almanac, is now ready, and may be obtained free of cost, of druggists and general country dealers in all parts of United States, Mexico, and indeed in every civilized portion of the Western Hemisphere. This Almanac has been issued regularly at the commencement of every year for over one-fifth of a century. It combines, with the soundest practical advice for the preservation and restoration of health, a large amount of interesting and amusing light reading, and the calendar, astronomical calculations, chronological items &c., are prepared with great care, and will be found entirely accurate. The issue of Hostetter's Almanac for 1886 will probably be the largest edition of a medical work ever published in any country. The proprietors, Messrs. Hostetter & Co., Pittsburg Pa., on receipt of a two cent stamp, will forward a copy by mail to any person who cannot procure one in his neighborhood.
