

MORMON INFAMY.

At Salt Lake the trial of B. Y. Hampton, charged with conspiracy, was commenced before Judge Zane Tuesday. Hampton, is charged with entering into a conspiracy with disreputable women for the purpose of entrapping federal officers and gentles. The only witness examined was one of these women. She testified that she entered into a contract with Hampton; that he furnished a house for "spotters;" that Hampton had "paid her \$100 altogether; that he took her past Governor Murray's residence in a buggy, pointed out the house, and told her to call on the governor and try to get him to call on her; that Hampton had promised her \$300 if she entrapped the governor; that Hampton and his associates had told her that they wanted to compromise the governor in order to get the ploygamists out of the penitentiary. From her testimony it appeared that the police took a very very active part in the conspiracy. The trial is exciting great interests, and will probably last several days. Tuesday's session was attended by the governor, the mayor of the city, and other officials. Judge Zane impaneled the grand jury Tuesday and gave them pointed instructions to investigate cases of ploygamy. He referred to the rumors that the jurors would be made to suffer if they made a through investigation, and he said he would excuse any one who was afraid to serve. He told them they must defend themselves, even by shooting their assailants, if necessary.

ON FIRE AT SEA.

HALIFAX, N. S., December 30.—The Steamer Linn o' Dee, Captain Miller, arrived here yesterday afternoon from Boston, after a passage of two and a half days. She sailed from Boston at 7 o'clock Sunday morning and on the evening of the same day met a furious gale in the Bay of Fundy. The wind attained a terrific velocity and the sea swept continually over the ship during nearly the whole of the night, at times the bulwarks, with the boats lashed in their davits at the side, being partially under water. Ice formed to the thickness of several inches on the rigging, decks and everything exposed. About midnight the cry of "fire!" was raised, and those of the crew who were in their berths leaped out to find all the compartment in the vicinity of the coal bunks filled with smoke. The cause was found to be an outbreak of fire in the coal. Axes were procured and through the ice covered deck the crew chopped holes two feet square, through which water was poured on the flames. After an hour's labor the fire was subdued, but not before it had worked its way through two compartments into that containing stores which were almost entirely destroyed. At 8 o'clock in the morning the fire again broke out, but was extinguished in half an hour without causing any further material damage. Daylight disclosed the steamer covered with ice from the top of her masts to the water's edge. With every lurch of the ship in the heavy sea great masses of ice would fall from overhead to the deck, threatening to prostrate at any moment those moving about. When the storm subsided it was found that the ship had not suffered seriously, the only damage being here and there about the deck and to the boats. The water had worked through the hatchways and damaged somewhat a portion of the cargo, which consists principally of flour, but to what extent is not yet known. The steamer will be detained here a couple of days to receive repairs before being able to return to Boston.

TERRIBLY BITTEN BY A DOG.

A few nights ago a dog fight took place in a sporting house in the vicinity of Elizabeth, N. J. The dogs were bull terriers, and had been fighting for an hour and thirty-two minutes, when one, while being "scratched," jumped up and caught the handler of the other dog by the back of the neck. The man yelled and tried to shake the dog off, but the brute hung on like grim death. Heswung from his hold and sunk his teeth in the man's neck on both sides of his spinal column. Then two men in the crowd

held the dog up while a poker was being heated, and it was not long until the red hot iron was applied to the dog's lips that he relinquished his terrible grip. The man almost fainted from loss of blood, but was somewhat better yesterday. He takes the matter very calmly, and says he is not afraid of hydrophobia half as much as he is afraid that the public and police will get wind of the affair.

PAINFUL DEATH OF AN ELMIRA CHILD.

Mr. and Mrs. Lester B. Morris, of 373 West Water street; Elmira mourns the death of their little son, Robert B., aged two years and five months, who died in a most painful manner Sunday evening about 8 o'clock. The little one was playing with a small porcelain knob in which was a brass screw about an inch long. It was supposed that the screw was fast in the knob, and the parents little suspected that any possible harm could result from the child having it. The screw became loose, however, and the child swallowed it, the rough piece of metal lodging in its throat. A physician was sent for immediately and the child suffered intense pain, choking continually. Other means failing, an incision from the outside was made in the throat, but death resulted before the screw was taken out.

Neuralgia of the Face.

Capt. John Orr, Pearlton, Miss., has been a most intense sufferer from facial neuralgia for over twenty years. He has had seventeen operations performed on the nerves—that is, had them divided, cut off close to the bone from which they emerge. But this never did him any good; the most excruciating pain continued without the least interruption. He often wished for death to relieve him of the intolerable pain. The best physicians failed to relieve him. They finally advised him to consult Drs. Hartman & Miller, at the St. Charles Hotel, New Orleans, which he did. They prescribed PERUNA, and in less than a month was entirely relieved of the pain. Before consulting these doctors the least touch to any part of his face or nose would cause the most fearful pain, while now he can blow his nose and wipe his face without the least fear of pain. The captain is grateful beyond measure for this unexpected and unhopd for result.

Mrs. Elizabeth Kenner, 33 Laurel street, New Orleans, has been one of the greatest sufferers from Neuralgia of the face during the past year that we have ever heard of. From morning to night, and from night to morning, there was one constant, racking, tearing, burning pain, extending clear around her head and deep down through every muscle, tooth and bone in her face. No rest and no sleep. All physicians failed to relieve her, as well as all remedies. She was constantly in the most agonizing despair. She called on Dr. Hartman, who said the cause was chronic catarrh. He prescribed PERUNA for her and now every pain has left her. She feels like another person and can eat heartily and sleep soundly.

Mrs. C. J. Miles, Gallipolis, O., writes: "Dr. S. B. HARTMAN & Co., Columbus, O. My affliction has been rheumatism, located in the right arm and shoulder, of more than two years' standing, and after trying a great many remedies without any relief, I commenced the use of PERUNA, which, after using three bottles, found a decided change for the better. I continued to use it and now feel entirely well."

Huldah Ward, Wellston, O., writes: "I have been afflicted for years with that dreaded disease, catarrh. I tried a great many different kinds of medicine, but to no effect. I commenced taking your PERUNA about nine months ago; have taken about ten bottles. It is doing me much good. By its continued use I hope to be entirely cured."

Dr. A. B. Lovejoy, Dadeville, Ala., writes: "I have a fine run on your PERUNA and MANALIN. Please send me a lot of books, 'The Ills of Life.'"

PERUNA is sold by all druggists. Price \$1.00 per bottle, six bottles \$5.00. If you cannot get it from your druggists, we will send it on receipt of regular price. We prefer you buy it from your druggist, but if he hasn't it do not be persuaded to try something else, but order from us at once as directed. S. B. HARTMAN & Co., Columbus, Ohio.
