We eat 12,000,000 sheep per annum in this county. Turkey is the only state in Europe that is not Christian. Freight trains in England run at twenty-five miles an hour. More scholars than school houses is the cry all over the Union. Prof. Huxley says that he admires John Calvin above all other theologians who have lived. The humane Mr. Bergh has commenced a crusade against putting red hot shoes on horses feet. There has been very little wife-beating in Maryland since the whipping-post law went into effect. The first Michigan sawmill was built fifty years ago, and the cut since then has averaged 2,300,000,000 feet a year. Sarah Bernhardt weighs more when living in England than when in France, and likes to play in London on that account. There is a law on the statute books of Pennsylvania which requires house keepers to scrub their pavements every Friday. It was passed in 1767. In Bellefonte, they scrub them on a cold freezing morning. In Cannon Ball Creek, D. T., are millions of curious stones rounded by the wear of the water so that they look like bombs. Some of these cannon shot from natures foundry would weigh a ton. The artic plants which a Greeley survivor brought home with him are from six inches to two feet in height, and under a magnifying glass present a very beautiful appearance. All but two bear flowers. In a pack of cards with which two Chinamen had been playing poker at Stockton, recently, were found five aces, eight kings, six sixes, and so on, showing that the Mongolians understand the intricacies of the game. Lieut. Derby, who was the active man at the Hell Gate explosion, is a son of John Phoenix. Like his father, he graduated first in his class at West Point. His sister married a Lieut. Black, who also graduated first in his class. Just 100 years ago the famous General Oglethorpe, founder of Georgia, died at his English home in Essex. He once said to John Wesley, equally celebrated as the founder of Methodism: "I never forgive." "Then I hope you never sin," replied Wesley. Alfred Cubb, seventy-seven years old of East Deerfield, Mass. has requested that when he dies his body be taken to his tobacco barn and there kept for three days, when it be taken to a hill near his house, saturated with kerosene and burned. He is of sound mind, and is a strong advocate of cremation. Cycling is giving to the present generation of England a remarkable knowledge of their own country, which railroads were causing them to lose, and has infused fresh life into many once famous inns on the old post roads. The most popular cycling ground is the great Bath road, and men frequently go 150 miles and back. A correspondent asks: "If a man gets 1 cent the first day of a month, and he is to get it doubled every day for thirty-one days, how much will he have coming to him for the thirty-first day?" The amount to be paid for the thirty-first day's wages would be over \$10,000,000. The total amount to be paid for the entire thirty-one days would be over \$20,000,000. In the Philadelphia Medical and Surgical Journal a sensible doctor suggests that night carriage lamps, instead of being put at the sides of wagons, where they can serve only to illuminate the horses' tails and cast black shadows in the roadway, be made to project from the horse's collar or the ends of the shafts, where they would be of real service. Cannon Farrar says that his profits from all the books that he has written have not exceeded \$10,000. This too he went on to say, was in the face of the fact that his works have sold very largely. He ascribes the smallness of the earnings to the fact that he always considered his literary labor as one of love, and never cared to trouble himself to make such business arrangements as would insure him the largest financial returns.

Facts and Fancies.

A young New York swell has attained a dazzling height in society by going about the streets at night accompanied by a pet black bear, weighing 400 pounds, which he treats religiously at each saloon he enters, the animal's educated palate rejecting beer and insisting upon hard liquor. Pennsylvania's grand army of common school teachers now numbers 22,864. Well-executed counterfeit \$5 gold pieces are circulating. Last summer Harry L. Johnson, of Huntingdon county, saved from death by drowning two children of a Maryland gentleman for whom he was working, and the grateful father, who lately died, bequeathed the young man \$500. Pension Agent Errett at Pittsburg, recently issued to Alexander Gilchrist of Indiana, Pa., the largest pension ever paid to a private soldier. His back pay aggregated \$12,151, and the money came to him a blind, decrepit old man, who has been an inmate of the poor house for twelve years. "Good wine," the venerable Rev. John Hall says, "is an excellent thing to drink in moderation." And Dr. Hall is undoubtedly correct, but unfortunately too many who drink it are not satisfied with its use in moderation. A census of Charleston, South Carolina, has just been completed which showed a population of 60,145, against 49,934 in 1880, an increase of over 20 per cent. The colored population is 32,540. An extraordinary attempt is now in progress to make an artificial cross between wheat and rye. The attempt is to make a new and standard cereal for bread stuffs. A man appeared on the streets of Denver recently driving a team of fully developed elks, worth \$15,000, and capable of traveling 100 miles a day. Cheshire (Mass.) farmers are disposing of their surplus apples at \$10 a ton, to be used in a mince meat factory in Mexico. A Gloucester fisherman who had been cruelly disabled in an open boat on the Banks was given \$500 two years ago by his fellow citizens. He opened a shop with this money, and prospered so well that on Christmas he returned the \$500 to the city, for the poor. A colored man, of Savannah, Ga., succeeded the other day in drinking a quart of whiskey and thereby won a wager, but lost his life. Daniel G. Sperry, the well-to-do South Windsor, Conn. farmer who prophesied many months ago that he would be dead before this time, still lives and is in good health. Fraudulent misrepresentations of Florida land agents selling swamp lands and haunts of malaria to credulous Northern people of small means seeking salubrious homes, are exposed in a letter from Jacksonville to the New York Herald.

MARRIED HER HUSBANDS FORMER SLAVE. At Galesburg, Ill. Eliza Bowen, a white woman, who died on the 12th, inst., was the wife of a negro. They lived in a rude small shanty, unplastered and uncomfortable. This she had built with money she had begged. Lately she complained of ill treatment at the hands of her black husband. This woman was before the rebellion the wife of Col. Hanks, at one time an officer in the British army and afterward a resident of Kentucky. There he became possessed of a large plantation and many slaves, the man Bowen among them. During the war he died, and his estate passed into the hands of his creditor. His wife he put in charge of Bowen, whom he instructed to care for her. The marriage occurred several years afterward. She has been frequently heard to contrast the luxuries she formerly enjoyed with her miserable surroundings here. —Bring in your music and all other books that need binding, and we will guarantee to please you both in price and workmanship. Only Temperance Bitters Known.

No other medicine known so effectively purges the blood as these Bitters. Millions bear testimony to its wonderful curative effects. It is a purely Vegetable Preparation, made from the native herb roots of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. It removes the cause of disease, and the patient recovers his health. It is the great Blood Purifier and Tonic; a perfect Renovator and Invigorator of the system. Never before in the history of the world has medicine been compounded possessing the power of VINEGAR BITTERS in healing the sick of every disease man is heir to.

The Allegative, Spontaneous, Diaphoretic, Carminative, Nutritious, Laxative, Sudorific, Counter-Irritant, Sudorific, Anti-Bilious, Solvent, Diuretic and Tonic properties of VINEGAR BITTERS exceed those of any other medicine in the world, and generally restoring the healthy functions of the digestive organs.

Corrify the body against disease by purifying the blood. VINEGAR BITTERS. No epidemic can take hold of a system thus fortified. It invigorates the stomach and stimulates the Liver and Gallbladder, purifying the blood of all impurities, imparting life and vigor to the frame, and carrying off without the least inconvenience, all poisonous matter from the system. It is easy of administration, prompt in action, and certain in its results.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Pleurisy, Asthma, Bad Taste in the Mouth, Bilious Attacks, Rheumatism of the Heart, and a hundred other painful symptoms, are at once relieved by VINEGAR BITTERS.

There is no cathartic for the purpose equal to Dr. J. Walker's VINEGAR BITTERS, as it will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Mechanical Diseases.—Persons engaged in Painting and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they breathe in the dusts of their trades, are liable to the bowels. To guard against this, take occasional doses of VINEGAR BITTERS.

Pin, Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like VINEGAR BITTERS.

Measles, Scarlet Fever, Mumps, Whooping Cough, and all children's diseases may be made as severe by keeping the bowels open with mild doses of the Bitters.

For Female Complaints, in young or old, arising from the obstruction of the blood, or the turn of life, this Bitters has no equal. Cleanse the Vitiated Blood when its impurities burst through the skin in Eruptions or blotches, or when obstructed and stagnate in the system, causing Pains in the Head, Rheumatism, and other ailments, and the health of the system will follow.

It is a caution to give the Bitters a trial. It will speak for itself. One bottle is better guarantee of its merits than a lengthy advertisement.

Around each bottle are full directions printed in different languages. R. H. McDonald Drug Co., Proprietors, San Francisco, Cal., and 507 1/2 St. Washington St., New York City, N. Y.

DR. RYMAN'S INDIAN VEGETABLE BALSAM. FOR THE LUNGS AND THROAT.

The greatest known remedy for Colds, Consumption, Coughs, Spasms, Asthma, Sore Throat, Croup, Hoarseness, Aching, and all Diseases arising from an irritated Throat and Inflamed Lungs. This Balsamic Compound has been used in private practice over twenty years, gaining a high reputation for curing all Lung and Throat affections with those who have used it. It is a sad reality, yet true, that two-thirds of the deaths within our midst are caused from bad colds becoming deeply seated in the vital portions of the lung tissue through neglect and improper care or treatment. When health is destroyed all enjoyment of life is lost. Then, because of these treacherous colds, which suck the life-blood by degrees, and leave the poor emaciated sufferer with no chance for relief, the reliable way is to thoroughly eradicate the destroyer from the system By Using Ryman's Pure Vegetable Remedy.

You will find it imparts health and vigor to the whole system, acting on the Mucous membrane of the Throat and Bronchial Tubes, greatly facilitates expectoration, breaking up a troublesome cough in a few days, and in a few weeks, at the same time increasing the appetite, causing an enjoyment of food, enables the stomach to properly digest it, purifies the blood and imparts a healthy complexion.

Ryman's Carminative, For Dysentery, Diarrhoea and Cholera Morbus. This Carminative, founded on just medical principles, is the most positive remedy offered to the public; hundreds have been cured by it when other remedies have failed. A fair trial will prove its efficacy. FOR CHILDREN TEETHING, it is the most pleasant, reliable and safe remedy for children in cases of Griping, Pains, Colic, Cholera Morbus, Diarrhoea, &c., now before the public. A trial will prove the truth of this assertion. No mother should be without it. FOR DYSENTERY. The most violent cases of Dysentery have speedily yielded to the magic power of carminative. If taken according to directions success is certain.

DR. RYMAN'S CELEBRATED CARMINATIVE for children teething greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is sure to regulate the Bowels. Depend upon it, Mothers! it will give rest to your-selves and RELIEF and HEALTH to your INFANTS. We have prepared and sold this valuable Medicine for many years, and can say in confidence and truth THAT IT HAS NEVER FAILED IN A SINGLE INSTANCE TO EFFECT A CURE when timely used. We have never known of dissatisfaction by any one who used it, on the contrary all are delighted with its operations, and speak in terms of highest commendation of its magical effects and Medical virtue in almost every instance when the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the CARMINATIVE is given. This valuable Medicine has been used by MOST EXPERIENCED and SKILFUL NURSES with never-failing success. It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS and COLIC and overcome convulsions, which, if not speedily remedied, end in death. We believe it is the BEST and SUREST REMEDY IN THE WORLD in all cases of Dysentery and Diarrhoea whether it arises from teething or from any other cause, and say to every mother who has a child suffering from any of the fore-going complaints, do not let your prejudice, nor the prejudices of others, stand between your suffering child and relief, that will surely follow the use of RYMAN'S CARMINATIVE. Full directions for using will accompany each bottle.

Price 25 cents per Bottle. Sold by Druggists and Country Merchants generally. H. A. Moore & Co., prop'rs. HOWARD, PA.
